Who needs a bus? A total of 19 students were able to fit in this car for the car stuff during the Friday Kickoff festival in People's Park on September 9.

Clubs "kick off" Fall semester

People filled People's Park in Meade Heights September 9 during the first annual "Friday Kickoff," named after and held in conjunction with Penn State's home opening football game with Cincinnati.

Over a dozen campus organizations set up events and stands ranging from volleyball tournaments to a dunking booth.

"It's something that cost virtually nothing to put on," said Kip Gaynor, "We just wanted to keep students on campus early in the semester to show them there are things happening on weekends, and that a comradery can develop between the students here."

Gaynor and SGA Vice-President, Chris Barrett, were coordinators of the event, sponsored through Presidents' Council.

"I believe we as student leaders have an obligation to promote activities in the best interests of all clubs and organizations on campus," Barrett said.

Presidents' Council is comprised of club presidents or representatives from SGA-funded organizations on campus. The group organized and sponsored the Organizational Fair in addition to Friday Kickoff.
