Did you know that it takes 60,000 bees to produce one pound of honey? Think about that the next time you dip into a jar of honey. Honey is a

natural pre-digested sweetner-- full of potassium.

Lots of what tastes good to you is what you are used to. One way to develop a taste for something new is to try just a nibble or a sip.

Did you know that one cigarette burns up to 25 milligrams of Vitamin C? All smokers need extra citrus fruits, fresh strawberries, cabbage, green peppers, tomatoes and dark green vegetables--even the peeling on your baked potato.

Campaign begins student's career

(continued from pg. 1)

Oddo spent \$800 on his campaign, most of the funds coming from his own pocket. According to Oddo, the Republican State Party offered no monetary help, just a good deal of verbal support. His opponent, however, spent over \$8,000 on his reelection bid, a figure that Oddo says he helped to inflate with his own persistent one to one contacts.

When asked if he has any regrets about running for public

Michael Young, assistant professor of politics and public affairs. According to Young, to complete his requirements, Oddo must submit a paper analyzing his efforts -- his strategy, the actual work that was done, and the results of that planning.

With the hope of continuing his government-related pursuits, Oddo recently moved to the Washington D.C. area, where he plans to work for the local republican party while

"I did a lot better than most people thought I would."

office, Oddo says one reason he did this was to "awaken political awareness, and get young people involved.

"It's our generation that will be running things in a few years -- it's time we began formulating our ideologies and become actively involved."

In the meantime, Oddo still has work to do in order to graduate this December. His bid for public office included a 9-credit independent study with

furthering his education in public administration at one of the many universities in the area.

What does the future hold for the Capitol Campus student politician? "Well, by the time I'm through in Washington D.C.," Oddo says, "the U.S. congressman in my district back home will have been in office 16 years and should be ready to retire -- I'm watching and waiting for that area."
