

## The Student Government Association Would Like to Present the Officers for 1987-88.

### From the President

The student government association is heading into an eventful year. That is the hope of SGA members. But, to accomplish this, SGA needs help. We need interested students to fill positions; junior senators and the now vacant office of SGA secretary. We are also looking for students to serve on various committees. These committee positions are not reserved for SGA members but are open to any student. SGA also needs information from students. Talk to your senator or any SGA officer. Keep SGA informed or participate and help make 1987-88 an exciting year.

The student government meets weekly during the semester, with the first meeting of the fall scheduled for Tues., September 1. The sessions are open and anyone wishing to speak on any subject must be placed on the agenda at least two days in advance of the meeting. More information on the SGA is available in their office in Room 216.

President Todd Hammaker

V. President Kay Trebatoski

Treasurer Ronda Graby
