

## XGIs to Sponsor Blood Drive

By Michelle Sutton

What good is a blood donor? Chi Gamma Iota (XGI) believes blood donors are invaluable. They are holding a blood drive Wednesday, March 16, from 10am to 6pm in the Gallery Lounge.

Mark Baroni and the XGI's are

working with the Central Pennsylvania Blood Bank to beat last semester's 142 pints of blood.

Against the club is planning to sell T-shirts promoting the drive, and give out MacDonald's certificates. "Capitalville Horror" will serve as their slogan.

## Basketball Season Ends With a Loss

By Bernie Mixon

The Lion's in their last home game of the season played a good game against Misericordia. In the early minutes of the game, the Lions were leading their opponents by a margin of eight points. Even with the early conquest, the Lions were not able to hold on and take the win.

The first half was characteristic of good crisp passing and adequate defense. The one major defect in their

game was the absence of rebounding and the inability of the men to secure and sustain a lead when the opportunity presents itself. This presented the Lions with a 65-61 deficit with Misericordia leading at the half.

During the second half the coach encouraged the Lions by telling them to work the ball. In the end, the Lions came close but "no cigar" by losing in the end by a score of 115-98.

## DTK Memberships Available

Did you know that because of your excellent academic achievement you may be eligible to join Delta Tau Kappa, a social science honor society? You are eligible if you meet the following requirements:

Lt. Governor Mark Singel, March 28, 12:00 noon, Gallery Lounge.

## One of College's Original Employees to Retire

By Michele Hart

One of the university's original employees is retiring this month after 21 years of service to the staff and students of Penn State Harrisburg.

Sara Hipple, a secretary in the Registrar's office, has been at Capital College since Feb. 20, 1967. The

school opened in Oct., 1966.

Hipple said there were 17 students enrolled here when she started. "You knew everybody then," she said.

Hipple started her tenure here as a switchboard operator in the now defunct Academic Services office. But, even before she was employed here, Hipple lived on the grounds of the college in 1949 and 1950 when her husband was a civilian employee of Olmsted Air Force Base.

While here, Hipple has seen many changes come to the campus. "When I started here the only two buildings were Olmsted and CRAGS," she said.

She has also seen the registration process go from being completed by hand, to being completely computerized. "We were scared to death that we were going to wipe out everybody when we got the things [computers]," she said.

When asked if she enjoyed working here, Hipple said she wouldn't have been here for 21 years if she had not liked her job and the students and staff.

She said that she didn't want to comment on whether she would miss her job and her friends when she retired because, "the tears would start to flow."

Sara Hipple who has been here for 21 years is retiring.

*Sara: Thank you for enriching my life and enhancing my tenure here at Penn State Harrisburg.*

*I'll miss you, but I wish you and Mr. Hipple continued health and much happiness in the many years to come.*
