

CAMPUS

Cont. Ed from 1

According to Ehrhart, one advantage of the consolidation is that C.E. will be making sure there are more Hershey Medical undergraduates making a successful transition to a PSH degree.

In the summer PSH and University Park students can choose from a vast selection of bachelors degree requirements offered at Hershey Medical Center.

The primary target of C.E., which has 26 offices around the state, is the nontraditional student who is described as somebody who took a break prior to attending college, is over 24, and anyone who is a veteran.

"C.E. is dedicated to serving the PSH community, and the student is the most important part of the community," said Ehrhart. "Students will walk out of many C.E. courses with skills and knowledge that will serve them for the rest of their lives."

The interesting and highly successful Saturday one credit 400 level courses cover the gamut from Porn Lit and

Stress and Burnout to Suicide Prevention. There is only one prerequisite; you must be a senior to enroll.

These classes were originally designed for the Health Education Masters Program with the classroom teacher in mind. Undergraduates were not the target audience but these courses have been recently inundated by undergrads.

"The undergraduate enrollment has skyrocketed since last fall," said Karen Karnes, C.E. Area Representative and program coordinator. "I'd eventually like to form separate sections dividing undergrad and grad students, although this is still up for discussion."

The C.E. Department works exclusively with PSH faculty and/or University Park to establish programs that meet the needs of the local area. PSH offers programs in economic development, solid waste recycling management, professional development for nursing and teaching community as well as many others.

Continuing Education Staff

Noncredit courses (i.e. Microcomputer Applications Certificate,

Desktop Publishing, and Word Processing) for faculty, staff, and students were first implemented in the fall. The same 24 hour instruction per course is also offered to the general public for \$325; PSH enrollees pay only \$150.

"These skills keep people on the cutting edge of their profession by upgrading their technical and human resource skills," said Ronda Graby, Area Representative and Non-Credit program coordinator.

"Continuing Education is the part of the university designed to quickly respond to the needs of the student," said Ehrhart. "The only way we can respond is if you tell us what you want."

Well let's see if C.E. lives up to their word! You're invited to express your needs at the C.E. Open House on Monday April 23 at noon in the Gallery Lounge.

WPSH 630 AM Program Schedule

Monday	Tuesday	Wednesday	Thursday	Friday
8	Jim Gill	Mark Tuttle	Jim Gill	8
Jim Gill "Mary Turner" Off the Record	"Rock-n-Roll" Never Forgets"	Jim Gill "Rock"	"Rock"	John Berger 60's,70's80's Rock

CAPITAL TIMES STAFF POSITIONS AVAILABLE

This semester is quickly coming to a close and the *Capital Times* would like to extend an invitation to all juniors to join our staff during the fall 1990 semester.

There are many ways you can get involved in your campus newspaper and all positions are available for next semester.

Every Tuesday at 12:15 p.m. in room W-315 there is a staff meeting and everyone is welcome to attend. For more information on how you can be a part of the *Capital Times* Staff, stop by room W-341 or phone (717) 944-4970.

Working for the school paper is a great way to get your writing or pictures published, or to use your business sense and graphics experience.

Anyone who wants to submit their resume for a position on the editorial staff please contact John Garvey in the *Capital Times*' office.

*Hey Dude, like the
Capital Times
is awesome!*
