

STUDENT SPEAKOUT

"Why did you choose Penn State Harrisburg as part of your college experience?"

Ann-Marie Newman

"I wanted to go to a school close to home...Main Campus is too large...I like having a one-on-one ratio with the professor and student."

Haojiang Zhou

"The strong program in Environmental Pollution Control. I also got an assistantship so I can work and study together."

Deepak Asnani

"They were offering the Electrical Engineering program, and also because it is not a big campus."

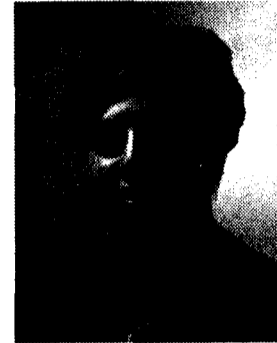

Brett Vance

"I found out that Dickinson Law School is affiliated with the PSH campus. My main goal is to go to law school."

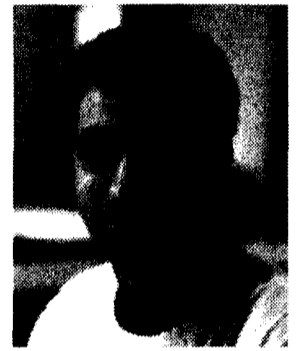

Samantha Crane

"I did my undergraduate work here...it is more of a home type campus...There is a writing lab, and other facilities we have available to us a lot of big universities don't have...it is a good, highly accredited university."

Nansi Baaklini

"I originally went to York, and I transferred because it was closer to my house. Also because it is not a big campus."

Chris Mehrtash

"It was the closest one to where I live...it had my major and it's a very good school."
