

STUDENT SPEAKOUT

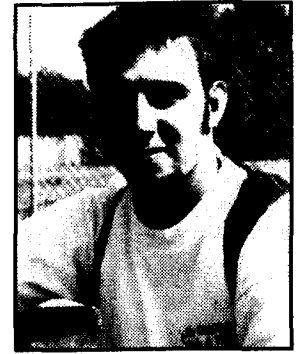

Interviews by Kristy Pipher; Photos by Kim Glass

Over the summer, there were riots at University Park. If riots were to occur on this campus, what would they be about?

Tracy Ludwig

"I would be worried about the break-ins. Also with winter coming, smoking is a big issue. . . it would have to be about smoking."

Andy Jakubowitch

"There should be no concern about riots going on here. There is no reason to riot."

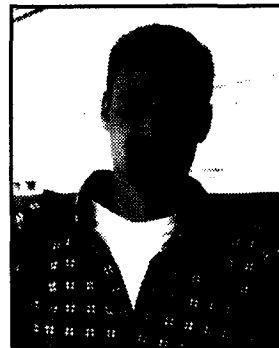

William Krall

"Smoking...nowhere to eat...charging on the MAC card. There is nowhere to hang out."

Jana Hitchcock

"I don't know that there all that much to riot about here. I don't see that as a big issue. I think it was a once-and-done thing that just happened."

Paul Fraver

"The no smoking area... All of the cars getting broken into. We are paying \$40 for parking and there is no security. If we all threw in \$40 apiece and hired our own security, we could get a much better job done."

Stacie Stoudt

"The parking is overpriced. . . There is not a parking shortage here so I really don't understand the overpriced parking."
