

# the inane... By Barb Roy

## Here's your 16-step path to recovery.

**9** Walk straight across the concourse to the Finance Building. Look up at the pillars above these doors.

1) What symbol is above the fourth pillar from the left? 2) There are three sets of doors. Go in the middle one; stop before you enter. Look at the five images to your right — what does the caption say to the third one?

**10** Enter the lobby just inside the revolving doors and stop, look straight ahead, then look up at the ceiling. What are there three of in the right hand corner?

**11** Leave the Finance Building and go right to the back of the State Capitol where the fountains are. Go into the Capitol and keep walking straight through the building until you come to the rotunda. Look up — cool or what? Keep going up the stairs to the right until the 4th floor, looking into the rotunda. Look at the words written on the wall of the rotunda, look for the caption of "science" and then look at the word "make" under the picture to the right of the science caption. What is the specific thing in the

**12** Leave the rotunda and go outside the Capitol. Walk left and go down to Third Street.

Cross Third to State Street. Walk down State to Front Street. Cross over Front to the guy sitting on the bench reading the paper. What time is on his watch?

**13** Walk back up State to Third Street again and turn right. Go down Third until

you come to Locust Street on your right. Walk down Locust until you come to Scott's Bar and Grill. Enter the building where Scott's Bar and Grill is (NOTE: not the restaurant, but the office building it's linked to). Take the glass elevator to the top floor — quickly look at the roof to your right — what animal do you see there?

**14** Go back down to the lobby, look at the white marble fountain in the lobby on the wall to your left when you get off the elevator — what is the animal on there?

**15** Have a drink at Scott's, and while you catch your breath, look at the businesses across the street. What is the one whose name is a fruit?

**16** Leave Scott's, cross Locust and walk through the Phillip's Office Products parking lot to Walnut Street. Turn left at the corner by the Bloom Chinese Restaurant. There is a store called Alden Bootmakers there. Look in their storefront in the right hand display — what three similar things do you find there?

## FINISH HERE:

Now type all the answers into an e-mail and send it to: [captimes@psu.edu](mailto:captimes@psu.edu). Winners will be notified through a return e-mail. Enjoy!

NOTE: CapTimes staff is not eligible for prizes.

## Got the time?
