For The Capital Times

SGA Elections were held from Tuesday April 2nd to Thursday April 4th. All of the candidates for this election ran unopposed, which made for unsurprising results. The elections were a little different this year because the candidates' platform speeches were available in the lobby for the student body to read before they voted. After the voting week, on Tuesday, April 9 immediately following the SGA meeting at 12:30 the following new members were sworn in by Justice Mark Messner:
