PRACTICE DRILLS OCTOBER 16 AND 17

Penn State Harrisburg is partnering with Homeland Security and the South Central Pennsylvania Task Force in an emergency preparedness exercise Thursday, Oct. 16 and Friday, Oct. 17, which may involve local facilities and the college campus.

The exercise will provide an opportunity for Penn State Harrisburg to test its emergency response and crisis communications plans to enhance the health and safety of the campus community in the event of an actual emergency.

As part of the exercise, there may be activity in the area, including on campus, and the college will activate its emergency communications plan as a test of its preparedness. All communications to you regarding the exercise will be titled PRACTICE DRILL. Please understand the messages are a part of the drill and at this time we do not anticipate any action on your part. The goal is to not disrupt the college routine, but to fine-tune our capabilities.

Prior to Oct. 16 and 17, you are encouraged to:

- 1) Familiarize yourself with the emergency procedures posted in each classroom and office
- 2) Review the college Emergency Response Plan on the Web at <http://php.scripts.psu.edu/dept/iit/hbg/police/erp.php> and determine what your role may be in case of an actual event
- 3) If you have not registered for Penn State Harrisburg emergency text messaging, do so by visiting the Web at <http://newswires.psu.edu/>
- 4) E-mail safetyhealth@psu.edu if you have any questions.

Additional information regarding the preparedness drills will be communicated and posted on the college Web site as it becomes available.
