

The Capital Times, being an inactive organization, has none of the privileges of an active organization. This includes the right to office space. To avoid the expenses of changing locks, the membership that formerly comprised the Capital Times hereby agrees to vacate the office formerly designated to that organization at 3:25pm on October 30, 2008. No person of the membership that formerly comprised the Capital Times will enter the office until a new Capital Times constitution is recognized by the Student Court. The former editor and assistant editor of the Capital Times will be held responsible for enforcing this agreement.
