If he named a Catholic vil-lage she let him pass on, if a Protestant she approached and enquired of him. Sometimes she would get Protestant children who were watching their flock, to bring their New Testaments and read to her. Roman Catholics watched her, which required her to be more cautious. In Spring she refused to go to mass. Her father was appealed to, and threats were made if she did not tell where she got "those new ideas." With great meekness she said to her father that God had put them in her heart. After conversing with her he said: "Who am I to oppose myself to God.". speaks of "Hating even the garments spotted by the flesh," and our old writers and fathers felt that the use of the symbol of Rome, was rendering to Rome a reverence which no true Protestant Christian can do. So of the mass, what harm is in it? We know it is all a fallacy -that the Priest cannot make the true body and soul and blood of Jesus out of any wafer, that it is as grand a lie as ever came from Satan, and because it is a lie, shall we encourage, countenance, pay respect and reverence to it?

We admire the simplicity and fidelity of this little shepherdess—and hope that more of her spirit may possess the minds of so many in our day who are willing to wear the spot of Rome's filthy garments. Are we to understand when we meet a man or woman wearing these marks. that they are Papists? Or are we to hold that they do it to show their contempt for Popery? It is a vile attempt which Rome makes to get every weak-minded or thoughtless Protestant to wear it. What an argument it would have been against Mariette, if, when she went into the Sabbath-School or congregation of Neff, she had found a cross on the pulpit—crosses hung to the necks of the Sabbath School children—breastpins upon the men and women? Certainly if it is no harm to have them round necks, paint them on the pulpit, stamp them on the Bible-there could be no harm in Mariette making the sign of the cross. We know that Theologians have been wont to put it down among "superstitious devices." See Larger Catechism, 2nd commandment. It seems scarcely worth the time to trouble the church about this superstition—but I can imagine angels bending from their I have been enquired of time and again what objection can be made to its use in our churches.

Dr. Jackson.—Dear Sir: I have been frequently requested to connect my name with commendations of different kinds of medicines, by regarding the practice as out of my appropriate sphere, I have in ay cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's Germithelite in the convention of the convent Yours, very respectfully, J. H. KENNARD, Eighth below Coates St., Philada. From Rev. Warren Randolph, Pastor of Baptist Church, Germantown, Pa.

Prom. Rev. Warren Kandopn, rusin by Dapasa University Germandown, 2 to Dr. C. M. Jackson—Dear Sir: Personal experience enables me to say that I regard the German Bitters prepared by you as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefited by the use of the Bitters, and doubt not they will produce similar effects on others.

Germandown, Pu., May 31, 1860.

WARREN RANDOLPH. From the Rev. J. H. Turner, Pastor of Hedding M. E. Church.

Philadelphia, April 20, 1859.

Dr. Jackson—Dear Sir: Having used your German Bitters in my family frequently, I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge. Yours, respectfully, J. H. TURNER, 726 N. Nineteenth St. From the Rev. Thomas Winter, Pastor of Rozborough Baptist Church.

Dr. JAMEON — Dear Sir. I feel it due to your excellent preparation—
Hoofland's German Bitters—to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief. My health has been very materially benefited. I confidently recommmend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully vours. of their good effects.

Roxborough, Pa., Dec. 1858.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge. Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know general, through distruct of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hops that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long-continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank 60d and my friend for directing me to the use of them.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, coating from 20 to 40 cents per gallon, the taste disguised by Anise or Obriander Seed. This class of Bitters has caused and will continue to cause, as long as

will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Billers in the market, and will cost much less. You will have all the virtues of Hoosland's Bitters in connection with a good article of Liquer, at a much less price than these inferior preparations will cost you.

ATTENTION, SOLDIERSI AND THE FRIENDS OF SOLDIERS. We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp iffe. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no besitation in stating that, if these Bitters were freely used among our soldiers, undreds of lives might be saved that otherwise will be los
