"He remembered the Forgotien" was beautifully said of Howard the philanthropist. It also applies to every man who brings the ameliorations, comforts, and enjoyments of life within the reach of persons and classes who are otherwise deprived of their advantages. Especially may it be said of him who laboriously seeks and finds new means of preserving health.—"the poor man's capital and the rich man's power." We think this sulogium properly applied to J. C. Ayer, of Lowell, the renowned chemist of New England who, spurning the trodden paths to fame, devotes his entire abilities and acquirements to the discovery of Nature's most effectual remedies for disease. When the hidden blessing has been revealed, he proceeds to supply all mankind alike, through our druggists, at such low prices that poor and rich nay alike enjoy its benefits.—[Journal and Enquirer, Portland, Me.]

From Rev. Joseph H. Kennard, Pastor of the Tenth Baptis DR. JACKSON.—Dear Sir:—I have been frequently re-DR. JACKSON.—Dear Sir.—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the use of Dr. Hoofnand's German Bitters, I dopart for once from my neual course, to express my full conviction that, for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD, Eighth below Coates St., Phila.

From Rev. Warren Randolph, Pastor of Baptist Church, Germantown:

DR. C. M. JACKSON.—Dear Sir:—Personal experience enables me to say that I regard the German Bitters prepared by you as a most excellent medicine. In cases of severo cold and general debility I liave been greatly benefitted by the use of the Bitters, and doubt not they will produce similar effects on others.

Yours truly,

Germantown, Pa., May 31, 1800.

Philadelphia, April 20, 1859.

Dr. Jackson.—Dear Sir.—Having used your German
Bitters in my family frequently, I am prepared to say that
it has been of great service. I believe that in most cases of
general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Yours respectfutly, J. H. TURNER, 728 N. 19th St.

From the Rev. Thomas Winter, Pastor of Roxborough Baptist Church:

Dr. Jackbon.—Dear Sir:—I feel it due to your excellent preparation—Hoofland's German Bitters—to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and experienced great and unexpected relief. My health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, T. WINTER.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge:
Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not tostify to the benefits he belieives hamself to have regelved from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do, this more readily in regard to Hoofiand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Eaq., for the removal of this prejudice by proper tests, and for encougement to try, them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by ovident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whitskey or common rum, costing from 20 to 40 cents per gallom, the taste disquised by Anise or Coriander Seed.

This class of Bitters has caused and will continue to cause, as long ds they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

"Lesus lovery JULDIERS!" AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bittors were freely used among our soldfers, hundreds of lives might be saved that otherwise will be lost.

The Secretary of the Treasury

has not yet given notice of any intention to withdraw this popular Loan from Sale at Par, and, until ten days' notice is given, the undersigned, as

"General Subscription Agent,"

will continue to supply the public. The whole amount of the Loan authorized is

Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed and paid

into the Treasury, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the county, will, in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well-known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenue, and in the issue of the Interest-bearing Treasury Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or perma-

Payable in Gold.

Prudence and self-interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

It is a Six per Cent. Loan, the Interest and Principal payable in Coin, thus yielding over Nine per Cent per annum at the present rate of premium on coin.

The Government requires all duties on im ports to be paid in Coin. These duties have, for a long time past, amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent loans. So it is hoped that the Surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that, whilst the Bonds may run for 20 years, yet the Government has a right to pay them off in Gold, at par, at any time after 5 years. The Interest is paid half-yearly.

viz: on the first days of November and May. Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500, and \$1000; or Registered Bonds of same denominations, and in addition, \$5,000 and \$10,000. For Banking purposes and for investment of Trust-monies the Registered Bonds

are preferable. These 5-20's cannot be taxed by States, cities, towns, or counties, and the Government tax on them is only one and a half per cent. on the amount of income, when the income of holder exceeds Six Hundred Dollars per annum. All other investmenss, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. tax

on she income. Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise, will be promptly

attended to. The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every efforts is being made to di-

minish the delay. JAY COOKE, SUBSCRIPTION AGENT, 114 South THIRD Street, Philadelphia. Philadelphia, November 25th, 1863. Qc. 16—2m.
