### THE GREAT SANITARY FAIR.

Preparations are going forward vigorously for the great Sanitary Fair, to be held in this city, in a few weeks. The temporary buildings are rapidly going up on Logan Square, the broad and extensive avenues of which will all be occupied for this purpose. We notice one of the principal bridge-builders in the country on the ground, showing that every effort is to be made to provide safe, substantial and commodious accommodations.

In order to give some idea of the extent of the undertaking, we would say that this great Fair embraces eighty-one committees, each of which appoints sub-committees to more fully carry out the duties respectively assigned to them. One of the largest of these committees is the one on labor, income and revenues. The duties of this committee, in a word, are to secure one day's "labor" (or salary), one day's "income," or one day's "revenue" from each person, not only in this State, but also in the States of New Jersey and Delaware. The names of some of the most prominent men in this and the adjoining States are on the Committee, and every interest is represented -commercial and manufacturing, as well as agricultural. All who wish to facilitate the work of this committee, and help to make this Fair a grand success, are refered to the advertisement.

FRAGRANT SOZODONT. Only True Dentrifice Known.

The public have long been in want of some convenient, safe and beneficial Dentrifice, which could be relied on as having a healthy and preserving effect on the teeth and gums. Hundreds of worthless preparations have already been offered as such, in the form of powders, pastes and liquids, when a trial has only proved them injurious to the enamel of the teeth, or else too inconvenient and unpleasant for daily use, so indispensable to the preservation of the teeth. The Sozodont is offered with all confidence as a Beautifier and Preserver of the Teeth, a scientific combination, every ingredient of which is known to have a beneficial influence on the teeth and gums, imparting a delightful and refreshing taste and feeling to the mouth, correcting all disagreeable odors arising from decayed teeth, use of tobacco, &c. Its fragrance and convenience make it a pleasure to use it; it is perfectly free from all acids or other ingredients having the least tendency to injure the enamel.

This popular Dentrifice is now used and recommended by many of the first Dentists in the country, as well as by many of the most eminent Divines, Physicians, Chemists and Scientific Gentlemen of the day.

The following eminent clergymen and their families, of New York city, together with hundreds of others, having used the SOZODONT, are convinced of its excellent and invaluable qualities, and give it their most cordial compendation.

THE GREAT CENTRAL FAIR A BOOK FOR THE TIMES.

U. S. SANITARY COMMISSION.

Office of the Committee on Labor, Incomes and Revenues, No. 118 South Seventh street, Philadelphia, April 15, 1864. The Committee on "Labor, Incomes and Revenue nvite co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the workingmen and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equable plan for accomplishing this, and at the same time the easies one, is to ask for the contribution of a single day's labor from all classes in the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every depart ment of industry and art will be a work of great labor but if attained, will be productive of immense results. The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we invite all the guardians of the industria

nterests, and all others, to take hold with us in fur

thering this great work of patriotism and humanity.

The Committee is charged with the following duty First. To obtain the contribution of "one day's labor" or earnings from every artisan and laborer foreman, operative and employee; president, cashier teller and clerk of every incorporated and unincorpo rated company, railroad and express company, em ploying firm, bank, manufactory, iron works, oil works, mill, mine and public office; from every private banker and broker, importer, auctioneer and merchant; clerk agent and salesman; designer, finisher and artist; pubisher, printer and mechanic; from every Government officer, contractor and employee; grocer, butcher, baker and dealer; farmer, horticulturist and producer; from every mantua-maker, milliner and female operative; every individual engaged in turning the soil, tending the loom, or in any way earning a livelihood or building a fortune within the States of Pennsylvania, New lersey and Delaware.

Second. To obtain the contribution of one day's revenue" from all the great employing establish ments, firms, corporations, companies, railroads and

Third. To obtain the contribution of one day's income from every retired person and persons of fortune -male and female-living upon their means, and from all clergymen, lawyers, physicians, dentists, editors, authors and professors, and all other persons engaged in the learned or other professions.

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated or to be associated with the Committee in arrying out the plan.

The Committee feel the responsibility of the work they hove undertaken, which, to be successful, will require a very perfect ramification of their plan, and they therefore call upon all earnest people to assemble themselves together in every town, township and county, and form organizations of ladies and gentle men to co operate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in the agricultural districts— especially let there be organizations in the larger owns, so that the young people may have an opportu nity thus to render assistance to their relatives and friends fighting the battles of their country in the

The work of this Committee may be prosecuted where no other effort can be made for the Fair, as in the mines of the coal regions. A day's earnings of the miners and a day's product of the mines can be ob-tained, where no portable article could be procured for transportation. Indeed, there is no part or section of these States where the day's labor may not be obtained, if organization s can be formed to reach them. The Committee cannot close without urging upon al roprietors of establishments the duty of taking prompt and energetic action to secure the benefit of the day of

abor from all within their control. The Committee deem it unnecessary to do more than thus to present the subject to the people of the three States named. In the coming campaigns of our armies the labors of the "Sanitary Commission" will be greatly augmented. By the first of June 700,000 men—one of the largest armies of modern times-will be operating in the field. So large a force, scattered over regions to which the men are unacclimated, must necessarily carry along with it a large amount of sickness, suffering and death, to say nothing of the gathered horrors of the

These sufferings it is our bounden duty, as men and Christians, to relieve. A great and enlightened people, enjoying the blessings of a Government of their own making, cannot refuse assistance to men suffering to maintain its authority, and we will not believe that the

GREAT CENTRAL FAIR,

drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so affluent in all mineral, agricultural and industrial wealth, shall fall sehind any similar effort which has yet been made for the relief of the Nation's children.

As it is desirable not to muliiply circulars, no further uthority than this circular will be necessary for any mploying firm or company, or any respectable Committee of Lalies and Gentlemen, to proceed at once in the work of his committes. Subscriptions will be immediately acknowledged in

the newspapers of Philadelphia; and it is very desirable that they commence at once, as each fresh acknowedgement will stimulate further effort. All subscriptions should be addressed to John W CLAGRORN, Treasurer, Office of the Committee, No. 118

BELIEVER'S VICTORY,

REV. WILLIAM PARSONS, A. M.,

Pastor of the Congregational Church, Mattapoisett

Mass. 12mo. Price \$1 25.

This is an original book. It is not the compilation of other men's thoughts, but the discussion of a large and important subject of the Scriptures in many of its parts, by a mind that has ranged through the whole field, and has penetrated beyond facts to principles, and philosophically elucidated principles to the ommon apprehensions of men and confirmed them

by the facts of Christian experience.

Notices of the Work.

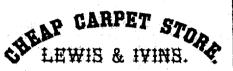

[From Prof. W. S. Tyler, Amherst College, Mass.] "I have read the book with great interest, and what s better, with real profit. I hardly know which I admire most, the logical clearness and discrimination the definiteness and vividness of the thought, the con iseness and perspicuity of the language, the familiar knowledge and happy application of the Scriptures, the practical wisdom and good sense, or the wide and deep pastoral and Christian experience by which it is distin guished. It was manifestly written, not out of the eason and the imagination, merely, but out of the heart and the life-not merely to make a book, but to meet a felt want and accomplish an important object. And in the skill with which it meets the wants of the church and the necessities of men's souls in these times, lies its wisdom and its power. May the Head of the Church and the Saviour of men use it, as I doubt not he will, to accomplish a great and good work in the sanctification and salvation of multitudes."

[From Rev. Dr. Pond, Theological Seminary, Bangor Me.] "I have read the volume with an almost unmingled satisfaction. It is obviously the result, not only of nuch Biblical study, but of high spiritual instruction and of a deep and thorough Christian experience. The author assumes, of course, the existence and personal influence of such a being as Satan, and attributes mucl of the evil which prevails in the Church and the world to his wiles. The work abounds with Scripture cita-tions, some of which will be new and striking to intelli gent readers. It also contains many instructive " pastor's sketches," by which its leading principles are illustrated and impressed. It is written in a pure vigorous and classical style, which renders it the more attractive to readers of taste. I have no hesitation in commending the book to the careful consideration o ministers, of theological students, and of intelligent Christians generally."
