ADVANCE IN PRICES.

Below is the announcement of an advance of prices of 50 cents or from 20 to 25 per cent on the present subscription price of our paper. We are compelled to say frankly to our subscribers that this advance is too small at present prices of material and labor. We must either add another fifty cents or reduce the size of the paper. Which shall we do?]

Our readers will not be surprised to learn that we are compelled to follow the universal upward movement of prices and to ask an advance upon our present terms. We cannot tell them how often, since the opening of the year, we have been compelled to submit to this process ourselves, in every department of our work. We must now ask our subscribers to aid in bearing these accumulated burdens. We shall add but a small percentage to our former charges, believing that the increase of circulation will be sufficient, with this charge, to meet the additional expense to which we are subject. We therefore call their attention to the following announcement:

INCREASE OF PRICE, From and after September First: To Mail Subscribers per annum - - \$3 00 If paid within three months - - - 2 50 To CITY SUBSCRIBERS per annum - 3 50 If paid within three months - -Clubs of ten or more by mail to one address, always strictly in advance and in one remittance, each - - -By carrier, each - - - 2 50 Ministers and ministers's widows, sup-

DEATHS OF MINISTERS.—Rev. Joseph A. Collier, pastor of the 2d Reformed Dutch Church in Kingston, N. Y., departed this life on the 6th instant. He was the author of "The Way of Peace,," a premium essay designed to be a Christian and Biblical argument against war; "Little Crowns and How to Wear Them," a Sabbath School book, and 'The Young Men of the Bible," pub lished by the Tract Society. The Christran Intelligencer says of him: "He had a gentle, guileless, diffident, but right manly spirit. He walked habitually with God, delighted in his service, and was truly without exaggeration in all respects 'a good minister of the Lord Jesus Christ.' His removal from the sphere of his labors in the very prime of his life is a public calamity, but to him an unspeakable gain." Rev. Dr. E. E. Seelye, of Schenectady, also Reformed Dutch, died at Sandy Hill, N. Y. on the 10th inst. We also learn that Rev. Isaac Van Doren, the oldest mem ber of the Presbytery of New Bruns wick, died at Perth Amboy, on Friday next oldest member of the same Pres bytery, died a few days before.

REV. JONAS KING, D. D., of Athens, Greece, arrived at New York on the 9th inst., accompained by Mrs. King, after an absence of thirty-six years. COLORED CHURCHES IN NEW JERSEY. -We have noticed an item taking the rounds of the religious papers, stating with him. The Rev. MEETING IN BEHALF OF THE CHRIS rian Commission.—We take pleasur in calling attention to an important meeting in behalf of the Christian Com mission, to be held in the Presbyterian Church at Atlantic City, on the 30th inst., at 4 o'clock in the afternoon. POOR RICHARD'S REASONS FOR BUY ING UNITED STATES SECURITES. The other day we heard a rich neigh-

oor say he had rather have railroad

stocks than the U.S. stocks, for they paid higher interest. Just then Poor Richard came up, and said that he just bought some of Uncle Sam's three years notes, paying seven and three-tenth per cent. interest. My rich friend exclaimed, "You! I thought you had no money to buy with." "Yes," said Richard, 'I had a little laid up, for you know it is well to have something laid up against a wet day, and I have kept a little of my earnings by me." Now Poor Richard is known to all the country round to be a very prudent and industrious, and withal, wise man; for Richard never learned anything he did not know how to make use of, and his wisdom and prudence had become a proverb. So when he took out his savings and bought the notes, more than one was surprised. and it was no wonder rich Mr. Smith asked why. So Poor Richard in a very quiet humble way-for he never assumed anything-replied, "I suppose, Mr. Smith, you know a great deal better than I do what to do with money, and how to invest; for I never had much, upon my neighbors, and seen what they did with their money and I will tell you some things I saw and what I thought of it. One very rich man was cents on a dollar of his money. I know another old gentleman, who had some bank stock and he went to the bank and got ten per cent dividend. The President and everybody said it was the best stock in the country—paid ten per cent. But what did the old man do but sell his stock the next day! Why? why? said everybody. Because, it pays too much dividend. And in six months the bank went to smash. Now, that I know to be a fact. Well, Mr. Smith, you say railroad stocks are best because they pay high dividends? Can you tell how long they will pay them? I like railroads. I helped to build one, and I go in for useful things. But I tell you what I know about them. One-third of the railroads don't pay any dividend, and two-thirds (and some of them cracked up, too,) do not pay as much as Government stocks. Now that brings me to the Government securities, and I will tell you why I prefer them. I take it you will admit, Mr. Smith, that in the long run the investment wich is best should have these qualities: First, it should be perfectly secure; secondly, that the income should be uniform and permanent-not up one year and down the next; and thirdly, that it should be marketable, so when your wet day comes, and you want your money, you can get it back. And I think these notes or bonds have got these qualities more than any other kind of personal property you can name. Try it. "First, then, I have been looking into

that great book you call the Census Statistics. I used to think it wasn't worth much; but since I began to study it, I tell you, I found out a good many things very useful for me to know. found out by looking at the crops, and the factories and shipping, &c., that we (I don't mean the Rebel States) are making a thousand millions of dollars a year more than we spend. So you see that (since the increase of debt isn't half that) we are growing rich instead of poorer, as John Bull and the croakers would have us think. Then the deb will be paid, anyhow, no matter how long the war is. Besides, did you ever hear of a government that broke before the people did? Look into your big histories, Mr. Smith, and you will find the people break before the Governments. Well, tuen, I call that stock perfectly secure.

"Secondly, you want the income uni form and permanent. Well, I want you to take up a list of banks, railroads, mines, insurance companies—anything you choose—and tell me (honor bright, now!) how many have paid a uniform income for ten or twenty years. Not

one in a hundred, Mr. Smith, and you know it.

"Now here is the Government will pay you without varying a tittle. Now I like something that gives me my in-

come every year. "Thirdly, you want something which is marketable any day in the year. Now, if you will ask any bank President, he will tell you that Government stocks are the only kind of property that is always saleable, because they will sell anywhere in the world.

"Now, Mr. Smith, this is why I put my little savings in Government stocks. I confess, too, that I wanted to help that dear old country, which is my home and my country." "I confess," said Mr. Smith, "I hadn't thought of all this. There is a good deal of sense in what you say, and I will go so far as to put wo or three thousand dollars in United States stocks. It can do no harm."

We left Mr. Smlth going towards the bank, and Poor Richard returning home, with that calm and pleasant air which indicated the serenity of his disposition and the consciousness of doing right towards his country and his fellow man.

Gentlemen:—Having had frequent occasion to use PERRY DAVIS' PAIN KILLER

POR COLIC IN HOSS 8, and seeing it used by others, I can say that I regard it as the best preparation extant, when tried in time, or in the first stages of that very prevalent complaint. For the human family, both as an internal and exteraal remedy, the Pain Killer is so favorably known that

it is almost useless to call attention to it. Very truly yours, S. STEWART, Druggist,
