#### LATEST NEWS.

TUESDAY-November 1.

Army of the Potomac advices state that since the reconoissance of Thursday every thing has been quiet except the picket fr-ing, which has been quite lively at night. Our losses in Thursday's fight were about 1600. The prize steamer Hope, captured of Wilmington on the 22d ult., arrived at Bos ton yesterday. In the case of the Vermont raiders, it is stated by a Montreal dispatch hat should the Canadian court decide to give them up? the rebel managers intend appealing to a Judicial Committee of the Privy Council of England. The official re-turns of the soldiers vote received at Harrisburg up to yesterday, foot up 12,656 majority for the Union ticket. It is announced in the rebel papers that arrangements have been made to arm for the spring campaign 300,000 slaves, whose masters are to be com-pensated by the "Confederacy." The slaves so armed are to have their freedom and fifty acres of land. Some of the Marylanders who have been in the rebel service have got tired of fighting for their rights, and return-ed home, but the loyal people show a disposition to have nothing to dowith them, and the Provost Marshals throughout the States are gobbling them up. Jeff. Davis has is-sued a proclamation setting apart Wednes-day, the 10th instant, as a day of thanksgiv-A gentleman from the South, who has arrived at Washington, represents that the conscription, is actively progressing. stantinople of reliable authority, that, after the most careful inquiries into every district of the city, not the least sign of "excitement" or "fermentation" against the proceedings of the missionaries could be discov-

ered among the Mussulman population. This is fully confirmed by an interesting let-ter from the Rev. C. G. Curtis to the Times. The whole evidence of various impartial observers tends to prove that the affair was altogether a Police Plot, and that Sir Henry Bulwer suffered himself, more or less wittingly, to be made the dupe of Oriental arti-

Rebel Prisoners .- Rev. G. R. Bent writes to Zion's Herald from Baltimore, October 11: "God is pouring out his Spirit on the priso-ners at Camp Parole, Md., and scores are being converted." Bro. B. also sends a \$20 greenback for various objects of church benevolence, which has been duly distributed.

The Cincinnati, Presbyter also says that considerable religious interest exists among the prisoners. About twenty-five are inquiring what shall we do to be saved, and there have been some very hopeful conversions. As many as 200 attend the daily prayermeeting. The post chaplain to this military prison, Rev. S. S. Potter, has recently been transferred as post chaplain to hospitals, in New Albany, Ind.

Our Soldiers.—An exchange says.: "From our army good news comes from all direc-tions. One delegate of the Christian Com-mission writes that at least eight out of every ten death-beds to which he has been called, have been radiant with the hope of heaven. This is certainly a much larger roportion than our home records can show. God's ways are not as our ways, and it has seemed for the last year as if this war was a grand revival of religion, so many camps and hospitals have displayed the wonderful workings of God's converting Spirit."

What proof more reliable could be given in favor of my medicine than the following letter received from Rev. W. B. Jacobs: Gente : Aliow me, unsolicited, to send you a word of ommendation for your Pain Killer. 1 have used it in my family these several years, and found it all it claims to be. For Rheumatism, Coughs, Colds, Burns, Cholera tendencies and difficulties, as well as diseases generally that prevail in families, I regard the Pain Killer as beyond all price, and as efficacious beyond any mediine within my knowledge. We keep it as our chief amily medicine, and find its use in ordinary cases worth more than any doctor. The testimony of others among my acquaintance and friends is equally favorable. Many clergymen have spoken of it in the highest terms as a family medicine. Missionaries in repeated, instances have said to me, in person and in their letters that the Pain Killer was by far the best medicine used n heathen lands, and they use it for themselves and amilies, and administer it to others around them. This nuch I am inclined to say, as an act of justice to yourselves, and as a benefit to others. You are at liberty to use this testimonial, if of any service.

#### Election Frauds.

A most astounding attempt has been made by the "friends" of Gov. Seymour, of New York, to defraud the soldiers of that State, out of their votes for President and Vice President. It seems that the State agents of New York, appointed for the purpose of looking after the interests of New. York soldiers, are the chief actors in this infamous work. The plan adopted was the most open and shameless. The boxes containing the votes of the soldiers, after being brought to Washington, were opened, the original ballots for Mr. Lincoln taken out and McClellan ballots put in their places. It was stuffing the ballot-box.on a most extensive scale. In this way the Democrats hoped to carry the State of New York for McClellan. It is gratifying to know that terest. The cause of Education and the perpetrators of the outrage have been arrested, and it is hoped they will meet the punishment which their deeds merit.

#### RELIGIOUS INTELLIGENCE.

The Missionary Crisis in Turkey.-The Lon don Record says: "We hear it reported that Sir Edmund, Hornby, the Supreme Judge of the English Consular Court at Constantinople, has been dismissed from the office he has so long held with the highest credit, on account of the decided opinion he gave of the proceedings of the Ottoman Government against the English and Amerioan missionaries as being a flagrant viola-tion of the established rights of foreign residents: ') Though this report may require confirmation, we shall not be surprised at its truth being realized, considering the determined spirit of hostility to religious liberty exhibited by the Government, the chief instigator of which, we hear, is the Minister of Foreign affairs, Aali Pasha, a very clever man, but a rigid Moslem.
