REV. H. J. VAN DYKE REDIVIVUS.

This gentleman, who has been lost to public view since he was last seen hobnobbing with the brethren in Charleston, just previous to the out-break, has stepped out once more into a little noteriety, by offering a series of resolutions being assisted during the progres of the in the Synod of New York, (O. S.) con-work, by Rev. O. Parker, of Clinton, N. demning the General Assembly for endorsing the emancipation proclamation, and defending the resolutions in an earnest speech, well calculated to give tained in the meetings for social prayer. comfort to the peace party in the pending election. The subject was subsequently referred to a committee, of whom the venerable Dr. Krebs was chairman, and by an overwhelming vote of 84 to 16, a minute was adopted, severely censuring Mr. Van Dyke and supporting the Assembly. It must, however, be said that the paper adopted by the Synod was more in point for the castigation of Mr. V. D., than for any expression of support for either the Assembly or the country, corresponding to the demands of the times. The following resolution, which closes the report of the committe, is, to to say the least, the most indifferent of the season :-

That while we steadfastly maintain the acknowledged principles. of our standards referred to in the resolutions of the paper, we see no necessity the sentiments expressed in the action reaffirming the same. and that the further consideration of the recognize the admirable spirit of broth great cause of missions will long have a whole subject be and is hereby indenitely postponed.

MALIGNITY OF INFIDELS.

Rev. Morgan Dix, of Trinity Church, New York, has recently published a course of lectures delivered by hims in 1863, against Pantheism. The N. Y. Observer, in an editorial notice of the make for peace, and which tend to corvolume, quotes the following remarkable | dial and true union. note from the appendix:

"During the season of Lent, in 1863." when I was delivering these lectures, I received from time to time, through the mail, communications evidently written in great bitterness of spirit, denouncing my work in unmeasured terms, and especially reviling the dogma of the Holy Trinity. When the lectures were announced for repetition last winter, the attacks to which I have referred were renewed; and in divers communications, for the most part anonymous or bearing false signatures, I was assailed as an enemy of the truth; and the doctrine of the Blessed Trinity was aspersed with a malignity which hardly could have been To the Ministers, Elders and Communisurpassed, while spiritual powers were eppealed to and invoked as at hand to silence my utterances. I record these facts to show to what extent the simple enunciation of the truth may arouse the fury of the enemy."

REBEL BARBARITIES.

The last number of Littell's Living Age contains a document which will doubtless be widely circulated through the North, and which deserves to be especially pondered by every one who has a lingering disposition to palliate the conduct of the rebels or who indulge in any shape or form the idea that they may or can be conciliated. As a wrathful and a just God swept away Sodom and Gomorrah in his indignation at their crimes, so may we much rather expect an awful judgment to come upon the authors and the instruments of the barbarities detailed in this document. We refer to the "Narrative of Privations and Sufferings of United States Officers and Soldiers, while Prisoners of War in the hands of Rebel Authorities. Being the Report of a Commission of Inquiry appointed by the U.S. Sanitary Commission." The members of this Commission of Inquiry were Valentine Mott, M. D., New York; Edward Delafield, M. D., Gouveneur Morris Wilkins, Esq. : Prof. Ellerslie Wallace of Jefferson Medical College; Hon. J. I. Clark Hare; Rev. Treadwell Walden. The Narrative may be relied. upon therefore as of the highest authority. We trust it will be widely circulated.

The Presbytery of St. Louis having considered the published action of a convention of ministers and ruling elders belonging to the General Assembly, which met at Newark, New Jersey, in May last, in favor of union between that body of Presbyterians and our own; the action of the two General Assemblies in each of the last two years, in fraternal correspondence with each other; al the harmonious action of both Assemblies with reference to the afflictions of our country, and the principal cause of mission of that church in Latakia, Syria, them, the institution of slavery; also, the recent published action of the Second Presbyterian Congregation of St. Louis on the latter subjects

Resolved, That while we patiently await the action of the General Assemblies, representing respectively the entire churches, for devising proper mea-sures for their final union, we are heartily in favor of fraternal intercourse between the members and ministers of the two bodies, in the methods indicated by the brethren at Newark; and, on our part, we are ready for such frater-nal intercourse with all who are in harmony win the two General Assemblies, now so happily in harmony with each other.

The Presbytery also directed the stated clerk to send the following letter: cants of the Union Presbytery, E. Ten-

More Synodical Courtesies.—The Synod of Cincinnati (O. S.) at its recent meeting. appointed the next annual meeting to be held in the Seventh Presbyterian church, Cincinnati, on the third Thursday of October, 1865, and it was resolved, that Rev. Messrs. J. G. Monfort and H. A. Tracy be a committee to inform the Synod of Cin cinnati, (N. S.) which meets next week in Ripley, of the time and place of our next meeting; and to express the pleasure it would afford this body, if that Synod shall appoint its next meeting to be held at the same time, and in the same city. It was also resolved, that this Synod proposes to said Synod an exchange of corresponding delegates, consisting of one miniater and one ruling elder; and that Rev. J. G. Monfort

to attend the approaching meeting at Ripley.

From the Cincinnati Presbytery's report
of the proceedings of the Synod of Ohio, also O. S., we take the following: An important step taken by the Synod was the appointment of delegates, of whom Ruling Elder William Blynn, of Columbus is one, to meet the Synod of the Presbyterian Church, New School, and confer with reference to the speedy reunion of the two

A New Mode of Effort, and its Results.—At a late meeting of the Hampden Co. (Mass.)
Conference, the committee on Home Evangelization reported that they had employed Rev. W. C. Foster, to labor six months, spending in a parish from one to four or or more weeks, as circumstances should require. He spent the whole six months in eight parishes, visiting from house to house conversing and praying with families, holding meetings, and doing such work as the paster wished. He was particularly directed to explore neglected districts, to encourage Sabbath-schools, and to urge upon the memof the churches the duty of visiting those families who neglect public worship. The result of the effort put forth in this county is, that more than 150 souls have been converted in the eight parishes, divisions have been healed, and a new impulse given to the cause of Christ.

Miscellaneous. Har Bar American Bible Society. A conference of agents of the American Bible Society was recently held at Chicago. It continued four days, and was one of much interest. The Rev. Dr. Taylor, one of the Secretaries of the Society, was present, and was chosen the presiding officer. Twenty agents and assistant agents were in attendance, repre resenting nearly all the Western, Northwestern, and Southwestern States. The Board of Managers have authorized a simi-lar conference of agents in the Eastern part of the field, to be held at an early day, and of which due notice will be given. The agent at California has sent two boxes of Bibles and Testaments to Salt Lake. This was done at the instance of a clergyman who had an interview with Brigham Young, who promised to receive and distribute them to the Mormons. From Mexico interesting intelligence has been received. There is no open opposition to the circulation of the Scriptures. A correspondent writes that within a month he had visited thirty-five villages, tenerally owned by one man, the people for the most part being peons not one in ten of whom could read, yet there was in many a strong desire to read the

From Constantinople we learn that the Ali Pasha has made an apology to Sir Henry Bulwer for closing the Bible depository in that city. The apology is said to be ample, and was accompanied by assurance that it should never occur, again. This apology was made to the British Minister, because the contract for the building was, for the sake of convenience, made out in the name of the British and Foreign Society, though the American Bible Society occupy the same building. It was reported at Constantinople that Ahmet Aga, one of the converts who was imprisoned, was to be sent "far; away." Mr. Brown, the American Charge & Affairs, called on Ali Pasha, and he, promised him that, Ahmet should be released that day. Mr. Brown offered to become security for

For Rheumatism, Coughs, Colds, Burns, Cholera endencies and difficulties, as well as diseases generally that prevail in families, I regard the Pain-Killer as beyond all price, and as efficacious beyond any medi-cine within my knowledge. Many clergymen have spoken of it in the highest terms as a family medicine. Missionaries in repeated histances have said to me, in person and in their letters hat the Pain Killer was by far the best medicine used in heathen lands, and they use it for themselves and families, and administer it to others around them.
