

News of the Week.

A REBEL PIRATE AT HAVANA. Last week there was a slight thrill of that kind of excitement which belonged to the past months, produced by the intelligence that the rebel rascal Stoneval, last heard from on the Spanish coast, had gone into the harbor of Havana on the 11th inst. She was allowed to land and take in coal. Our Consul at Havana, after being refused permission to send a naval tug boat, despatched the American steamer Columbia, which was in the civil service, to Admiral Stribling at Key West, with notice of the event. The latter immediately despatched the U. S. frigate Powhatan, and the gunboat Arctis to Havana, where they arrived on the 13th. As they were in the waters of a neutral power, and the Captain General of Cuba has not comprehended the expiration of the belligerent existence of the U. S. A. nothing could be done but to work on until the pirate should leave for the high seas. On the 13th the Stoneval was still in port. It is reported that a demand upon the Cuban authorities for the surrender of the Stoneval had been made by the American Consul, but it was refused. Three Union steamers were off the Cuban coast, and it is stated that six monitors were on their way there from Mobile and Key West.

THE TRIAL OF THE CONSPIRATORS. The trial of persons under arraignment before the Military Commission, for participation in the assassination conspiracy, is still going on. It is yet too early to attempt to give a summary of it. It was expected that the examination of witnesses for the prosecution would have been finished yesterday. An argument was expected from Reverdy Johnson in denial of the legality of the trial, and it is said that the number of witnesses to be examined for the defence is immense. There is therefore no prospect of a very speedy close of the trial.

ARRIVAL OF JEFFERSON DAVIS AND PARTY AT FORTRESS MONROE. The Arch Traitor with those captured along with him, has been very quietly slipped across across the country to Hilton Head, and from thence, by the steamer Wm. H. Clyde, under convoy of the U. S. coast cutter Tuscarora, to Fortress Monroe. It is understood in Washington that his trial, with its accessories, will take place within that fortress. The party consists of Davis and his family, Alex. H. Stephens, C. C. Clay, Col. Wm. Reagan, Gen. Wheeler, the rebel raider, and some fifteen other rebel officers.

IMPORTANT ARRESTS.—Gov. Brown, of Georgia, was arrested on the night of the 9th inst., at his mansion in Milledgeville, by Captain Kneeland and Lieutenant Bayard. He arrived at Washington on the 18th in charge of the latter. A short time before his arrest he issued his proclamation assembling the State Legislature with a view to resuming the Federal relations. These traitors talk about this resuming of Federal relations as though all their treason required no expiation, but the simple one of coming back. We judge they come in the way to take in a few weeks under that head. It is said that Gov. Brown will be used as a witness in the Federal trial of Davis.

THE FEDERAL MILITARY WORK.—General Schofield has proclaimed the ex-slaves of North Carolina, though free, to be not expected to be supported in idleness, but to labor for their own maintenance. It is not surprising, considering all the past, that some occasion should exist for making such a proclamation. We also notice a manifesto issued by Gen. Howard, whose appointment as head of the Freedmen's Bureau in Washington is elsewhere mentioned, which contains the following: "While it shall be my object to secure as much uniformity as possible in the matter of employment and instruction of freedmen, I earnestly solicit co-operation from all officers and agents whose position or duty renders it possible for them to aid me. The negro should understand that he is really free, but on no account, if able to work, should he harbor the thought that the Government will support him in idleness."

TESTIMONY OF GENERALS MEADE AND GRANT ON THE CONDUCT OF THE WAR. The Committee on the Conduct of the War has thought fit to publish Generals Meade and Grant's testimony as to the manner Mr. Stanton has supported them in the campaign they were engaged in. General Meade says: "So far as my knowledge extends, and I have had many relations with the War Department, I can say most cheerfully that everything I have required, or that I thought ought to be done has been promptly attended to by Mr. Stanton as the head of the War Department. As to the general management of the War Department, I consider it has been conducted with great ability." Gen. Grant says: "So far as the Secretary and myself are concerned, he has never interfered with my duties, never thrown any obstacle in the way of supplies I have called for. He has never dictated a course of campaign to me, and never inquired what I was going to do. He has always seemed satisfied with what I did, and has heartily co-operated with me."

FIRE IN PHILADELPHIA.—The extensive foundry of Messrs. Merrick and Sons, occupying a considerable portion of the square bounded by Fourth & Fifth streets, and Washington and Federal streets was consumed by fire on the night of the 17th inst. For a time a much more general conflagration seemed to be threatened, but the energy of the Fire Department conquered the peril. A vast amount of machinery, and valuable work in various stages of readiness, were consumed in the buildings of the Messrs. Merrick. The loss is estimated at \$75,000, fortunately pretty well covered by insurance. A few persons were somewhat burned, but no lives were lost. There is no doubt respecting the origin of the fire. The spigot of a cask containing varnish had been carelessly left running, making a puddle of the liquid upon the floor of the paint-shop, which contained an abundance more of inflammable material, and into that puddle a man accidentally dropped a burning lamp.

LATEST TUESDAY. The President has, by proclamation, opened all the Southern ports, but those of Texas, to trade. All pretence of belligerent rights is denied to all who persist in entering the latter ports; and the offenders will be held and dealt with as pirates. Gen. Sheridan is on his way to crush Kirby Smith in Texas. It is rumored that Smith has been murdered in a quarrel over cotton. Twenty negro troops were killed or wounded in suppressing a riot in Memphis, the negroes having planned to avenge themselves for Fort Pillow on returned rebel soldiers. Jeff. Davis has not at last accounts been transferred from the steamer Clyde, off Fortress Monroe. A. H. Stephens, and Postmaster Reagan left; as was supposed, for Fort Delaware. It is believed that Jeff. will be tried for treason. It is reported that the rebel Gov. Harris, of Tennessee, has been captured. It is certain that the State archives, State bonds and \$600,000 in specie, belonging to the State, have been captured.

Important evidence in the assassination trial is being taken in secret. Subscriptions to the 7.30 loan, Monday, \$1,764,600. Gold, Tuesday, at one o'clock, 132.

ITEMS. The last report respecting Hon. John Bell, of Tennessee, who was said to have died poor at Mobile, Alabama, is that he is still living, a refugee, and that Gov. Brown has written to him to return, and he shall not be molested.—Gen. O. O. Howard, one of our Christian soldiers, has been placed at the head of the Freedmen's Bureau at Washington—an appointment which will give great satisfaction.—Two new papers, significant of wonderful change, have made their appearance in the South-west. They are "The Black Republican," published at New Orleans, and "The Colored Tennessean," at Nashville.—Mr. Arnold, member of Congress from Illinois during the four years of Mr. Lincoln's administration, and his personal friend, is preparing a history of the life and administration of President Lincoln, with history of the important Congressional legislation of the same period.—The Nashville Press learns that Gen. Forrest was killed by Capt. Walker, of the rebel army, in revenge for the shooting of his son.—The Legislature of Mississippi has been convened for the 18th of May, and will doubtless order a State Convention to adjust the organic law of the state to the new order of things.—New Orleans dates of May 15th, say that a grand expedition for Texas, with the view of setting Kirby Smith, is being organized. Hurry up!—Barren, in Texas, has offered \$500 for the crinoline of a lady named Jeff Davis was captured.—The quarrels of our neighboring city, Lancaster, were victimized by a wag, a few days since, who got out a bogus despatch that Davis was to pass through on the next train. The crowd drawn to the depot was immense.—The quantity of silver bullion pouring into the San Francisco market, from the interior, is large and constantly increasing in volume, the bulk of which is shipped to China.—An immense cave, nearly as large as the Mammoth Cave of Kentucky, has recently been discovered about ten miles from Fort Riley, California. It was found to be an immense subterranean lake of clear water, with high walls of limestone on each side. The ceiling or arch is fifty feet high. The party explored it to the distance of half a mile in skiffs and finding no indication of a stopping place returned, to explore it further at some future time.—Gov. Pierpont is now established in Richmond as the seat of his gubernatorial administration. He, with his suite, removed to that city on the 18th inst.—The Freedmen of North Carolina have petitioned Pres. Johnson that, preliminary to elections in the returning states, he would order the enrollment as voters of all loyal men without regard to color.—The rebels in Texas have held numerous meetings, at which they have resolved to continue the war. Generals Hindman and Sterling Price are in Texas.—Two rebel rams and thirteen steamers have been captured in the Tombigbee river, Alabama. They were taken there after the evacuation of Mobile.—It is said the proposed amnesty proclamation will pardon all rebels below the rank of Lieutenant-General.—On May 11, a large meeting was held at Raleigh. It favored the restoration of North Carolina to the Union.—There is a conflict in Tennessee between Governor Brownlow and the judicial authorities, relating to confiscated property. The case is before the Grand Jury at Knoxville.—Secretary Sewell was at the State Department on the 19th, for the first time since the outrage upon his person, and gave audience to a member of the French legation. Mr. Frederick Sewell is reported as rapidly improving.—The Russian Minister at Washington, Prince Gortschakoff, in the absence of the Emperor, has addressed a note to our Government one of the most frank and friendly letters of condolence which have yet been received.

AYER'S SARSAPARILLA Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effective and safe remedy for all the diseases for which Sarsaparilla is reputed to cure. Such a remedy is rarely to be met with, and is especially valuable in cases of Strumous complaints, and that one which will accomplish what many others cannot do. It is a powerful purgative, and its use is followed by a healthy action of the bowels. How completely this compound will cure, is shown by the following experiment on many of the worst cases to be found in Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pastilles, Blisters, Eruptions, St. Vitus's Dance, Rheumatism, Dropsy, Dropsical Swelling, Dropsical Head, Ringworm, &c. Do not discard this invaluable medicine, because you have heard of some cases in which it has failed to cure. It is a powerful purgative, and its use is followed by a healthy action of the bowels.
