THE OLIVET CHURCH, PHILADELPHIA. -The new Olivet Presbyrerian Church on the corner of Mt. Vernon and Twentysecond Streets, is now in the hands of the Trustees and everything within is ready for the furnishing.

The lights are already set in the ceiling, the furnaces are being built, and contracts are closed and the work under way for the upholstering, carpeting and pulpit furniture.

John A. Brown, Esq., has pledged a donation of \$5,000, provided \$5,000 additional shall be raised, to enable the congregation to enter the Sanctuary free from debt. Of the additional \$5,000, about \$1,500 are secured, and the people are actively at work to raise the balance.

So large and imposing a Church, with a congregation so persevering as this has proven itself, will be an important acquisition to our denomination and to the cause of Christ, in that beautiful portion of our city.

My DEAR SIR :-- I thought it might be pleasant for you to hear some report of the results of your labor of love in our church. At our last communion we received eleven persons to our fellowship upon profession of their faith, five of whom spoke of your preaching as being the cause under God of their awakening. Of the twenty five admit-ted upon examination at the previous communion, I think we may count six or seven or more as the fruits of your labors, among whom was my eldest daughter, fourteen years

At our last communion, the second Sabbath in August, we received the little boy of whom perhaps you remember I wrote you, at one of your meetings in the _____ Church. About a week after he found the Saviour he was taken very sick, and we thought he must die. The day I sent you the note I thought he could not live till night. But God has raised him up. May it not be for service either great or small for Him? So we will hope and pray.

L have read with great interest your letters to, and talks with, the children in the AME-RICAN PRESETTERIAN, and with peculiar rel-ish, your account of your steamboat trip from Boston away up North. May you be thus invigorated and prepared for a good fall and winter campaign in the service of the Master. We have not yet gathered in all the fruit which may ripen from the seed sown by you. RICAN PRESBYTERIAN, and with peculiar rel-

As we gather it in I may write you again. The children speak lovingly of you and seem to delight in singing of Jesus the little songs which you learned them. I hear them often in the streets.

DISCIPLINE FOR INTER-COMMUNION. -- We gave, a week or two since, a passing notice of the fact that the Presbytery of Conemaugh, in connection with the United Presbyterian Church, had taken judicial notice of a violation of the rules of that Church by Rev. D. Blair. We find in the *Presbyterian Banner* a fuller account of the matter, as follows:— Mr. Blair is the father and pioneer of the U. P. Church in that region, and has labored Church in that region, and has labored forty-nine years in the ministry. The offence charged against him was sitting down at the Lord's table in the O. S. LETTER FROM MR. BARNUM. New York, July 14, 1856. MESSES. HENEING & Co.—Gentlemen:—Though the destruction of the American Museum has proved a serious loss to myself and the public, I' am happy to verify the old adage that '' It's an july wind that blows nobody any good," and consequently congratulate yon that.your well-known SAFES have again demon-strated their superior fire-proof qualities in an ofdeal of musual severity. The Safe you made for me some time ago was in the office of the Museum on it he second floor, back part of the building, and in the hottest of the fire. After twenty, four hours of trial it was found among the debris, and on opening it this day has yielded up its contents in very good order. Books, papers, policies of insurance, bank bills are all in condition for immediate use, and a noble; com-mentary on the trustworthiness of HEBEINO'S FIRE PROOF SAFES. Yruly yours, HERRING'S PATENT CHAMPION SAFES, the most reliable protection from fire now known.

HERRING'S PATENT CHAMPION SAFES, the most reliable protection from fire now known. HERRING & CO.'S NEW PATENT BANKERS' SAFE, with Herring: & Floyd's Patent Crystallized Iron, the best security against a burglar's drill ever manufactured. No. 251 BBOAD WAY, corner Murray Street, No. 251 BBOAD WAY, corner Murray Street, FARRELL, HERRING & CO., Philadelphia. HERRING'& CO., Chicago.

The Fiery Ordeal Fassed Triumphantly. The Herring Safe used in the office of our ware-houses, destroyed by the disastrons fire on the night of the 8th instant, was subjected to as intense heat as probably any safe will ever be subjected in any fire-so intense that the brass knobs and the mountings, of the exterior of same were melted off, and the whole surface scaled and blistered as if it had been in a fur-nace, and yet when opened, the contents-books and papers-were found to be entire and uninjured. This Safe is now on, exhibition in our warehouse on maining in it, just as it was when taken from the ruins. Merchants, Bankers, and others interested in the protection of their books and papers are invited to call and examine it. J. P. BARTHOLOW, Agent for Herring's Safes, No. 558 SEV ENTH Street, Washington, D. C.
