THE EXECUTIVE.

The President's Disgraceful Tour is ended. Certainly the prospects for success...

At Cincinnati, Sept. 11th, the City Councils refused, by a vote of 18 to 6, to tender the hospitalities of the city to the Presidential party.

Tennessee papers say the corn crop of that State is greater than during any previous year within the memory of the oldest inhabitants.

Alabama.—Major-General Howard, Commissioner of the Freedmen's Bureau, has addressed a telegram to the Assistant Commissioner for the Bureau in Alabama, informing him of a statement made that two freedmen had been sold in Clark county as slaves, one for \$600 and the other for \$700, and directing him, in case the statement be found to be true, to secure the release of the men.

Arkansas.—The New Era, a loyal journal at Fort Smith, gives the names of seven prominent Union men, returned soldiers and others who have been murdered in three counties within a fortnight.

Louisiana.—The New Orleans Tribune thus speaks, of the condition of the loyalists in the South:—"When a teacher goes to some village and opens a school for colored children, he is turned out and not seldom, beaten, stabbed or killed. When a man of liberal principles speaks of liberty and human rights in our country parishes, he is at once threatened with assassination. There is no political liberty in the South, outside of a few cities, and even in these cities, under the 'protection' of our flag, the incendiaries of Mobile and the assassins of New Orleans and Memphis tell the tale of the liberties we enjoy."

Financial.—Half a million more in gold is on its way from England to New York. Secretary McCulloch refuses to sell the gold in the Treasury, and prefers to strengthen his financial position by the constant accumulation. The public debt, less funds in treasury, in September, was about \$2,590,000,000.—U. S. 5-20's in London, Sept. 17, 72.

MISCELLANEOUS.

The Loyal Southerners started out on their tour to the tomb of Abraham Lincoln on Monday, Sept. 10. They were received with great enthusiasm in Trenton. At New York, the reception at Cooper Institute, where Peter Cooper presided, and at Plymouth Church, Brooklyn, was very enthusiastic. The welcoming address was made by William E. Dodge, and was responded to by Gov. Brownlow and others of the delegation. Mr. Beecher was absent from Plymouth Church, but wrote a note of apology and of sympathy for the delegation.

The President's Plan for reconstructing the South in May, Monroe the murderer of New Orleans, two votes to Gen. Grant's one. The immediate restoration policy would give Gen. Forrest, the Fort Pillow butcher, two votes to Gen. Sheridan's one. "My policy" would give each of the rebel guards at Andersonville and Salisbury two votes to each Michigan soldier's one.—Detroit Post.

FOREIGN.

BY THE ATLANTIC CABLE.

Mexican Affairs.—A Paris telegram of September 10th says General Marquez, minister to Constantinople, has been recalled, and will go to Mexico to organize an army for the Mexican service after the French evacuation of the country.—The Paris letter published in the Times of September 11, says the Emperor Maximilian is expected to return to Europe from Mexico by every steamer. The Madrid paper Estafete, of the same date, says that the French troops must be withdrawn from Mexico with the utmost caution, unless amicable relations are previously established with President Juarez. The Times editorially admits that the Empire of Mexico has withered away, and that the country should be left to itself. The Monitor, of September 13, publishes a Convention which was signed in the City of Mexico, on July 30th, by which Maximilian transfers to the French agents one-half the receipts from customs throughout the Empire, for the purpose of paying the liabilities of Mexico to France. The Convention goes into operation on the first of November next. In an article published in the Monitor of the 14th, it is stated that Maximilian has named the French General Osmond as Minister of War of the Empire of Mexico, to reside in France. The Emperor Napoleon has refused to grant the necessary authority to General Osmond to accept the appointment.

Austria, Germany.—VIENNA, September 11.—A decree has been issued by the Emperor, ordering the whole Austrian army to be placed upon a peace footing.

Russia.—A farewell banquet was given to our naval officers at St. Petersburg, September 13.

Greece.—Advice from Athens state that the Cretan Assembly have voted for the annexation of the Island of Candia to Greece.

United States Acquisitions in Europe.—The Journal des Debats, of September 13, states that the French and English Governments have conjointly made an active representation to the Sultan of Turkey against the acquisition by the United States Government of an island in the Gulf of Sinio.

Another War between Austria and Prussia Threatened.—The New York Tribune publishes special despatches by the cable as follows:—"We are on the verge of another war, which threatens to equal in extent that just ended. Austria shows bad faith in negotiating with Italy, and has made unreasonable demands, to which Italy will not submit. Austria has overcharged the debt of Venice, and withholds Venetia property, which she was bound to transfer.

Prussia.—Prussia has emphatically notified Austria that she will not suffer Italy, her ally, to be insulted and defrauded, and that if Austria persists in her present course, war must follow.

The Prussian Army Ready to Move.—FRANKE, Sept. 14, 1866.—The homeward march of Prussian troops from Bohemia has been temporarily arrested, and the demobilization of the entire army stopped.

Probable Advance of Troops on Vienna.—DRESDEN, Sept. 14, 1866.—Everything looks like war. There is no reply from Austria to the notification of Prussia. It is now but a question of hours whether troops be not again put in motion for Vienna.

BERLIN, Saturday, Sept. 15, 1866.—Count Bismark has sent a letter of thanks to the United States Minister, acknowledging the kindness of the American residents who furnished the fifty tons of ice for the wounded in the hospitals.

SOUTHAMPTON, September 17.—Noon.—The mail steamer from Rio Janeiro brings the important information that the troops of the Allies have been badly defeated by the Paraguayans.

The French Emperor has written a brief but important letter to King Victor Emmanuel, of Italy, in which he makes the announcement that "it is probable that a new era of tranquility is about to open for Europe." He states that he accepted the offer of Venice, in order to preserve her from devastation and to prevent useless bloodshed, and that his intention always was to allow her a free expression of her wishes, "that Italy might be free from the Alps to the Adriatic," which expression is soon to be made by the exercise of universal suffrage in Venetia. The Emperor concludes his letter by the somewhat boastful statement, that "in this circumstance the action of France has again been exercised in favor of humanity and the independence of the people."

Prussia, which before the recent European war had a population of 19,304,863, has, by annexation and other means, added nearly 10,000,000 of people to this number.

An Estimate of the population of Montreal has just been made, which fixes it at 120,000.

Mexico.—News by way of California is to the effect that a liberal expedition, with 8000 stand of arms, landed at Lopez, on the west coast, intending to attack the French at Alamos, in Sonora. Advice from Guaymas, Mazatlan, to August 23d, say:—"The French fleet had received orders to occupy Sonora permanently, as an indemnity for the French claims. These orders are said to have been received from France, and based upon the supposition that Maximilian was unable to offer any other form of indemnity."—Private advices from Mexico state that San Luis Potosi is being evacuated by the Imperialists.

BOWEN'S DAILY MEDITATIONS. 12mo., 429 pp. \$1.75. Tinted paper, gilt edges, \$2.50.

The author, Rev. George Bowen, grew up in New York City, a skeptic, but, "by a remarkable chain of providences," was led to Christ, and has been for eighteen years a missionary in India.

"He became one of the most earnest and single-hearted Christians we have ever known. The Bible was his book, and he searched it constantly, prayerfully, for hidden treasures. If he had met you on Broadway, he would stop you a moment to tell of some new beauty or sweetness he had discovered in the Divine word. Such a man's meditations are as water fresh from the fountain. They are deeply spiritual, and adapted to quicken the faith and love of the reader."—Herald and Recorder, Cincinnati.

Rev. William T. Williams, D.D., of New York (Baptist), says, "It is a book of rare merit, marked by deep piety, insight into Scriptures, original genius, and uncompromising directness. I know of no book of its class equal to it."

In this opinion heartily concurs the Rev. Thomas J. Skinner, D.D., who knew the author well while a student in the Union Theological Seminary.

Rev. E. E. Adams, D.D., of Philadelphia, and many others well qualified to judge, have commended the book in the strongest manner, and particularly for its freshness and originality.

The aim of the compiler is to induce some to make a good and wise use of afflictive dispensations, to see the hand of God in them, and to feel that "the Judge of all the earth will do right."

To many sorrowing souls this will be a precious balm.—Presbyterian Banner, Pittsburg.

THE PLUMB-LINE PAPERS. Being a Series of Essays, or Original Examinations of Difficult Passages of Scripture, together with a Careful Inquiry into Certain Dogmas of the Church. By Rev. T. M. Hopkins, M. A., Geneva, New York. Fourth Edition. Wm. A. Stone's Auburn, N. Y.

KIND READER: Would you like to see it demonstrated, that the story of Samson and his Foxes, and that of the Dial of Anan, are evidently a misinterpretation?—The Stopping of the Sun and Moon by Joshua an interpolation? and that the word of God contains nothing of these, as they are in our common Translation? Would you like to inquire, among the indications of Jesus Christ, for certain dogmas of the Church, and not find them there? Would you see in that same man who is born in the camp of God? Besides, Infidelity has asserted, that if the dead were to rise to-day, and to occupy as much space as when they were alive, they would cover the whole earth to the depth of some eight or ten feet; would you see it demonstrated, that space for at least six surviving grounds can be found within the limits of the State of New York, of sufficient capacity to bury every son and daughter of Adam? The above-named Book will do and something more; you may obtain it by sending \$1.50 to the author at Geneva, who will forward it to you post-paid. When you have read it, if you do not find it so, return the Book, and I will refund the money. T. M. HOPKINS, Geneva, N. Y.
