

News of the Week.

THE EXECUTIVE.

Secretary Seward has received, by Atlantic telegraph, an official confirmation of the news of the arrest of John H. Surratt. There is no doubt of the assassin's identity.

Not Satisfied with a Pardon.—The rebel General Edward Johnson, who was recently pardoned by the President, applied, Nov. 26th, to the United States Treasurer for the payment of a check for \$300, due to him in 1861, as Major in the United States Army. The payment was refused.

Minister Bigelow, in an official letter dated Paris, Nov. 6, says that Colonel W. H. Coyle, of the United States Army, and Judge Advocate of the State of Kentucky, who was shot through the lungs at the battle of Pea Ridge, in March, 1862, died from the effects of his wounds in that city, on the 3d inst., in the twenty-fifth year of his age. He came thither two weeks previous for medical advice.

Judge-Advocate-General Holt some time ago demanded, under the articles of war, a Court of Inquiry for the investigation of the various charges which have been made against him, alike in connection with the Conover testimony, and with his conduct in the prosecution of Mrs. Surratt and other alleged assassins of President Lincoln. The President has declined to order the Court, on the ground that he does not deem it necessary to the Judge-Advocate-General's vindication; thus recognizing the groundlessness of all these accusations.—The Johnson Departmental Club, since the election, has been in great trouble. Its officers have several times issued a call for a meeting of the members, but always less than a quorum answered. In a fit of despair they have determined to give up the original idea of the Club, and have named it into what they term the "Johnson Temperance (!) Club."

XXXIXth CONGRESS.—Second Session.

Senate.—Dec. 3.—Messrs. Edmunds, Poland, Cattell, Fogg and Frelinghuysen, appeared and were sworn in. The credentials of Messrs. Burnett and Robertson, Senators elect from Texas, were presented and tabled. Mr. Sumner moved to take up the bill regulating the franchise in the District of Columbia. On a question of order, it was decided that no bill of the kind could come up until after the sixth day of the session.

The President's Message and Documents were then received.

House.—Dec. 3.—One hundred and forty members answered to roll-call. Messrs. Arnold, Campbell and Hawkins, from Tennessee, and Haze, Rosseau and Ward, from Kentucky, were sworn in. Mr. Elliott, of Massachusetts, asked leave to introduce a bill depriving the President of the power to extend amnesty to ex-rebels, which was granted, and the bill was passed under a suspension of the rules, by a vote of 111 yeas to 29 nays. A motion was carried directing the Secretary of State to lay before Congress the correspondence relating to the discovery of John H. Surratt. Mr. Boutwell introduced a bill directing the sale of \$2,000,000 in gold by the Treasury Department every week, and regulating the deposit of public funds by internal revenue collectors; read twice and referred.

Mr. Schenck introduced a bill fixing the meetings of the Fortieth Congress on the 3d of March, the first Monday in January thereafter, and the second Monday in November preceding the end of its term. This was made the special order for the 11th inst. Mr. Stevens introduced a bill regarding removals from office, which was made the order for Friday next.

The President's Message and Documents were then received.

The Public Documents.—We shall not undertake to give even a synopsis of the Public Documents which our readers have had ample opportunity to study in the daily papers. Remarking on them as a whole, the U. S. Gazette says:—"The first thing that occurs to the reader of these documents is that their whole tone, especially that of the President's message, is very decidedly moderated from the high and insolent bearing which so incensed both Congress and the nation. There is really nothing to complain of in the language or temper of any of these documents. It is apparent even to the most superficial observer that they are all extremely guarded, and that an effort has been made to assume an air of courtesy and deference to the people's representatives, for which the elections have probably offered the hint. We may differ from the sentiments advanced, but no one can deny that the opinions held by the writers of the documents are stated in very moderate terms. Looking at the sentiments themselves, we find them to be identical with those advanced in the documents of last year, and the policy advocated by the President does not differ a hair's breadth from that he has rendered so offensive; so that all the professions in favor of impartial suffrage must have been intended to deceive those who undertook to deal with him. Not a step is taken in the direction of any conciliation with Congress, nor is any plan of agreement even hinted at. Just as the plan of admitting the rebel States unconditionally was submitted last year, it is repeated in the present message."

STATES AND TERRITORIES.

Pennsylvania.—At Gettysburg there is a "Battle-field Memorial Association," organized for the purpose of preserving the most important parts of the field in precise condition in which the armies left there, which has been chartered by the Legislature, and the association have already purchased the most interesting localities, so that all the military works or defenses prepared for this great battle are not to be destroyed, but will forever remain for the benefit of future historians, or for the students who may wish to study its philosophy, and thus acquire a practical knowledge of the art of war. Of all the great battle-fields of the world, upon which the human race has contended for mastery, not one remains. The hand of time or of industry has obliterated every trace; the fields of Waterloo, of the Crimea, of Italy, and of Germany, exist only in history; but the field of Gettysburg, upon which the fate of our nation was decided, and be thus preserved in all its freshness, and be thus handed down to future ages, as an illustration of our skill in arms, and as the proudest monument of American patriotism and valor.

Ohio.—The great suspension bridge over the Ohio river at Cincinnati, 2252 feet long, was opened to pedestrians on the 1st of December, with appropriate ceremonies. It is the longest single span bridge in the world, costing \$2,000,000. Railway tracks are laid over it. The span from centre to centre of the towers is 1757 feet.

Illinois.—According to the returns of the State census, taken last year, and now published, it appears that the total population of the State in 1865 was 2,041,510, an increase in five years of 429,937.

Kentucky.—Three men, who were concerned in the recent railroad outrage in Kentucky, were taken from the Lebanon jail, Nov. 24th, by a mob, and were hanged.

Missouri Bushwhackers Abroad.—On Monday, Nov. 26, a court was opened in Platte county, Mo., by the new Judges as elected on the Radical ticket. The court pro-

gressed without interruption all day, and adjourned until the next morning. Judge Allen, the old judge, early on Tuesday morning opened court upon his own hook, before the hour. The clerk refused to recognize his authority, and put the docket and court records under lock and key. Allen then issued an order removing Mr. Moore, who refused to obey the order; when a squad of between thirty and forty bushwhackers threatened to kill him if he did not deliver up the records. Moore refused to do so, and escaped. The old judge adjourned the court for a week, and a company of armed bushwhackers are guarding the court house, refusing to allow court to be held by the new judge elected.

North Carolina.—The election of Judge M. E. Mauley to the United States Senate by the Legislature, is a significant act of defiance. He was an original Secessionist, who cannot take the test oath, and was, no doubt, chosen because of his disability.

Georgia.—The House of Representatives has passed a law to prevent the running of railroads and steamboats on the Sabbath.

Alabama.—In the House of Representatives, Dec. 1, Mr. Brooks, of Lowndes county, presented a bill to alter the constitution of the State to admit conditional negro suffrage. The conditions are that the voter shall possess property valued at \$300, and shall be able to read the Constitution of the United States, and write a legible hand; these conditions holding good also in the case of white men.

Mr. Brooks was closely identified with the Confederate cause, having expended his last dollar in its support, and in presenting his bill said that he did so as a measure of policy and public good. After an exciting debate, the bill was tabled.

Texas.—The Indianola (Texas) Times states that Northern and Western people will be surprised to learn that there are instances of a single owner having a herd of 20,000 cattle in that State, and being without milk or butter on his table. In one Texas county, where the people have 150,000 cattle, they buy for their tables condensed milk and Goshen butter, put up in the North.

Utah.—Brigham Young is said to have recently married his forty-fifth wife, a Danish girl of seventeen. He has just lost his twenty-fourth wife, who was buried without any ceremony, or even a notice of her death.

FINANCIAL.

The Cotton Crop.—Messrs. Neill Brothers & Co., of New Orleans, in their latest circular on the cotton crop, estimate that it will be from 2,050,000 to 2,300,000 bales, or from 41 to 49 per cent. of the crop of 1859-60, which was 4,675,000 bales.

In the fourteen months previous to October, 1866, the National debt was reduced \$206,000,000. For the year ending the 30th of June next, it is estimated that the receipts into the Treasury will be \$475,000,000, and that the expenditures will be \$317,000,000, leaving a surplus of about \$158,000,000 to be applied to the public debt. It is also estimated that there will be a surplus of \$85,000,000 in the year 1868 to be applied in the same way.

FOREIGN.

Mexico.—WASHINGTON, Nov. 28.—The Government has received information that fourteen large transports are on the point of leaving Brest to remove the French troops from Mexico. Ten more of the same class of vessels are to follow at once, and are expected at Vera Cruz toward the end of December, and by the end of January the whole French army will have embarked. Information has also reached here that Maximilian is expected at Havana at any moment, on his way to Europe.

The Washington Republican of the same date says:—"It is no secret of this Government that the Emperor of the French has disengaged his pledge to withdraw from the soil of Mexico one-third of his troops in that country this fall. We assert only what we know when we announce the astounding fact that Napoleon, regardless of international courtesies, decided that all his troops should remain in Mexico to strengthen that Austrian usurper, Maximilian, without notifying the Government of the United States of his intention. Upon learning officially the purpose of the French Emperor, an earnest protest against his action was forwarded to him, through our Minister at the French Court.

The Paris correspondent of the London Daily News, writing under date of Nov. 13, says:—"I have reason to know that General Sherman's mission to Mexico, the news of which renders the French Government journals almost speechless, is to the full as important as they manifestly understand it to be. M. Drouyn de L'Huys, in a despatch which has been published, promised distinctly that the French army would evacuate Mexico in three detachments, the first of which was to leave at the beginning of December. For reasons unexplained, the transports which were fitting out at Cherbourg, to fulfil this contract, received counter orders. Something was thrown out about Gen. Castelnau's return from his mission to Maximilian, and it has been said in the Government press that it would be more convenient to bring the whole army back together next spring. To any such changes of the original arrangement, I, however, assure you that the United States has been no party; and moreover, the United States intends to proceed upon the assumption that France will act up to the letter of M. Drouyn de L'Huys's despatch. It will be found that Gen. Sherman has instructions to assume that the contract is fulfilled, and to ignore the fact of the French troops not having gone away so soon as promised. If their presence should oppose difficulties to the arrangements which he will make with the only Government recognized by the United States—that of Juarez—the fault will be with France, which will find itself in the disagreeable position of a person who, having distinctly taken leave of the master of the house, yet hangs about the premises."

Congress of Jalapa by the Liberals.—On Tuesday, Nov. 6th, the Liberal army moved in overwhelming force on Jalapa, which was strongly fortified and garrisoned by the Imperial, Mexican, and Austrian troops. The cannonading continued for several days. At intervals the Mexican Imperial troops deserted to the Liberal army, and the Imperial troops were driven to the Cathedral, where they were cut off from supplies of food and water. The cannonading was distinctly heard over fifty miles. The final attack was made on the 11th ult., when the Imperial troops surrendered. On the 11th, Col. Dapau, with 1000 troops, arrived at San Bartolome, en route to Jalapa, but hearing of the surrender, returned to Orizaba.

Letters from the city of Mexico received in Washington, dated Nov. 10th, state the fact that General Bazaine had given arms and ammunition to the Mexican Liberals, and promised them that they should not be interfered with by the French forces, provided they pronounced for General Ortega and proclaimed him as President of Mexico.

Jamaica.—Gordon Ramsay, the notorious Provost Marshal of the late reign of terror in that island, has escaped human justice, the grand jury having ignored the bill of indictment charging him with the murder of one George Marshall, a colored man. This will not occasion surprise when it is remembered that the jury was composed of planters, all

residing in the very district in which the disturbances of last October took place.

Sunday Amusements in England.—It is stated that quite an active movement has begun in England in favor of allowing the laboring classes, who are hard at work all the week, an opportunity of enjoying themselves at cricket and other athletic sports on Sunday afternoon, the mornings being spent in church. This movement for the benefit of the laboring people is said to be headed by Archbishop Denison, and is supported by many people of high religious standing.

BY THE ATLANTIC CABLE.

Nov. 27, London.—The Fenian troubles in Ireland have assumed considerable proportions, and there is no doubt that a serious outbreak has occurred. Two regiments of national troops were urgently ordered to Ireland yesterday afternoon, and transports were being prepared all night at Portsmouth. A large detachment of marines was also sent over to Queenstown on the war steamer Plymouth.

Nov. 28, London.—The movement of the Government against the Fenians continues. Another regiment of infantry will go to Belfast immediately.—Paris.—The Emperor Napoleon has just telegraphed to his aids in Mexico to hasten the evacuation of the French troops from that country.

Nov. 29, Paris.—[Special to the New York Herald.]—It has been ascertained that Secretary Seward's long despatch to Mexico, relating chiefly to the withdrawal of the French troops from Mexico, and expressed the hope that France would carry out her promises. The despatch, it is understood, also alluded to the departure of General Sherman for Mexico, and gave the reasons why he was sent thither. Although the despatch was of unusual length, it was nevertheless couched in a conciliatory, though dignified spirit. A later telegram speaks of Mr. Seward's despatch as grave and decided, and says Mr. Bigelow read it to the Emperor in person. The despatch, (so report goes) explicitly required France to fulfil the engagements she had entered into with regard to the Mexican question. The Emperor, however, made no reply.

Nov. 30, London.—The famous monitor Monitor No. 1 and six other vessels belonging to the United States Navy, are now riding at anchor in this harbor. It is ascertained, however, that they will sail in a few days, but their destination is unknown.

Dec. 1, Trieste.—[Special to the New York Herald.]—Advices from Miramar report that the case of the Empress Carlotta is said by her consulting physicians to be hopeless.—Paris.—The Journal des Debats states that Rome will be evacuated on the 12th inst.—The King of Prussia has decided to send Prince Adalbert, lately created an admiral to the United States, to study the modern improvements in naval construction. The naval system of the United States will be adopted as a model in the formation of the Prussian service, rather than that of England.

Dec. 2, London.—It is quite probable that the vessels of the Liverpool and Glasgow which troops will be sent to Liverpool and Glasgow on account of the late Irish trials, many arrests of Fenians have been made by the Government officers in Ireland.

Items.—The great railroad across the continent has progressed, it is announced, to within 275 miles of Denver City, Colorado.—The late Senator Wright, of N. J., died worth \$600,000.—A crinoline manufacturer in Saxony has made during the last ten years no less than 863,794,000 hoop-skirt springs, or enough to go around the world thirteen times and a half.—Attempts have been made, within the space of about one year, to assassinate the Emperor of Russia, the King of Prussia and the Emperor of Austria, besides attempted assassinations of the Ministers of the first two of these sovereigns.—The actual strength of the United States regular army is about 45,000 men.—Mr. John Morrissey, the lady of the member of Congress elect from the 7th Congressional District of New York city, gave her check for \$1500 a few days since to President Roberts, in aid of the coming movement against our Canadian brethren.—Jeff and Joseph Davis' plantations have been leased to an association of colored men.

At this season of the year, when so many of our people are suffering from colds, we call attention to AYER'S CHERRY PECTORAL as a sure cure not only for coughs and colds, but all affections of the lungs and throat. Having used it in our family for many years, we can speak from personal knowledge of its efficiency. There may be other remedies that are good, but in all our experience this has proved to be by far the best. Its qualities are uniform and wholly reliable. It is pleasant to take, and should be kept at command, by every family, as a protection against a class of complaints which seem harmless in the beginning, but become afflicting and dangerous if neglected.—N. H. Register.

NEW BOOKS.

The History of the Huguenots. By W. CARLOS MARTY. The History of Protestantism in France. 528 pp. 12mo. \$1.50. Postage, 24 cents.

Sewing Machines.

HIGHEST PREMIUM.

ELLIPTIC HOOK LOCK-STITCH SEWING MACHINES! INCOMPARABLY THE BEST FOR FAMILY USE. No. 923 Chestnut Street. ONLY AUTHORIZED AGENCY IN PHILADELPHIA. WONDERFUL SIMPLICITY. UNEQUALLED CAPACITY. GOLD MEDAL, FAIR, MARYLAND INSTITUTE, 1866.

ALL THE HIGHEST PREMIUMS AT THE MARYLAND INSTITUTE, NEW YORK AND PENNSYLVANIA STATE FAIRS, 1866.

Given to Sewing Machines, except one given to a manufacturing machine for heavy leather work, at the New York Fair, after a severe and impartial test, were awarded to the ELLIPTIC HOOK MACHINES as follows:— At the Maryland Institute Fair, as the "BEST FAMILY SEWING MACHINE" At the New York State Fair, as the "BEST FAMILY SEWING MACHINE." "BEST DOUBLE-THREAD SEWING MACHINE." (These two completely covering the whole ground, and for the BEST SAMPLE OF SEWING MACHINE WORK.

And at the Pennsylvania State Fair, for the "BEST SAMPLE OF ORNAMENTAL SEWING MACHINE WORK."

From the Reports of the Committee on Sewing Machines at the Maryland Institute Fair, 1866:—"We find the Elliptic Hook-Stitch Sewing Machine to excel all others."

"It is the most simple in construction, having fewer parts, requiring less attention in management, and less power to work it than any other machine."

"The Elliptic Hook is an improvement of great value, insuring the greatest certainty of execution and preventing the liability of missing stitches, so common in other machines."

"Another valuable improvement is an Adjustable Feed Bar, adapting it to the finest or heaviest fabric."

"It is the only machine we have seen that will gather without changing the tension."

THOMAS W. ADAMS, Committee. L. P. CLARK, Ladies' Committee. MARY D. BROWN, Ladies' Committee.

From the Report of the Committee on Sewing Machines at the New York State Fair, 1866:—"We find the Elliptic Hook-Stitch Sewing Machine to be superior to all others on the following points:—Simplicity and Thoroughness of Mechanical Construction; Ease of Operation and Management; Noiselessness and Rapidity of Movement; Noiselessness and Rapidity of Movement; Beauty, Strength and Elasticity of Stitch; Simplicity and Thoroughness of Mechanical Construction; Compactness and Beauty of Model and Finish. Adaptation of material of any thickness by an Adjustable Feed-Bar, and in the Unparalleled Precision with which it executes the Lock-Stitch, awarded it the First Premium, as the BEST FAMILY SEWING MACHINE, and also for the above reasons the First Premium as the BEST DOUBLE-THREAD SEWING MACHINE."

C. P. PETERS, HECTOR MOFFATT, J. Committees. The Improved Elliptic Sewing Machine, (formerly known as the Sloss Elliptic), is now firmly established upon a permanent basis, being manufactured by one of the best companies in the United States. These are the WILSON MANUFACTURING COMPANY, which has recently invested over a hundred thousand dollars in improved machinery for its manufacture.

Old Stock Elliptic Machines repaired and greatly improved by the application of all the new attachments and improvements, and full instructions for their use, with full printed instructions for use, forwarded to any part of the world. AGENTS for the above, good standing and capital WANTED. Address ELLIPTIC SEWING MACHINE COMPANY, No. 543 BROADWAY, New York. No. 923 CHESTNUT ST., PHILADELPHIA.

ONLY AUTHORIZED AGENCY IN PHILADELPHIA. SPECIAL NOTICE. THE ONLY AUTHORIZED AGENCY FOR THE SALE OF THE ELLIPTIC SEWING MACHINE IN PHILADELPHIA IS AT NO. 923 CHESTNUT STREET. WHEELER & WILSON MAN'G CO. Manufacturers of the Elliptic Lock-Stitch Machines.

Insurance Companies.

INDEMNITY FOR LOSS OF LIFE OR INJURY FROM ACCIDENTS OF EVERY DESCRIPTION.

THE TRAVELERS' INSURANCE COMPANY HARTFORD, CONNECTICUT. Cash Capital and Assets, Dec. 1, 1865. \$596,338 12.

PHILADELPHIA BRANCH OFFICE. 409 WALNUT STREET, THE PIONEER ACCIDENT INSURANCE COMPANY IN AMERICA.

Where policies are issued covering all and every description of accidents happening under any circumstances. An institution whose benefits can be enjoyed by the poor man as well as the rich. No medical examination required. Policies issued for amounts from \$100 to \$10,000 in cases of death, and from \$5 to \$50 weekly compensation in case of disabling injury, at rates ranging from \$3.50 to \$60 per annum, the cheapest and most practical mode of Insurance known.

Policies written for five years, at twenty per cent discount on amount of yearly premiums. Hazardous risks at hazardous rates. Ocean Policies written, and permits issued for travel in any part of the world. Accident Insurance to persons disabled by accident is like the Sanitary Commission to wounded soldiers in the field, providing the means for comfort and healing and supplying their wants while prevented from pursuing their usual employment.

The rates of premium are less than in any other class of insurance, in proportion to the risk. No better or more satisfactory investment can be made of so small a sum. Therefore—insure in the Travelers.

OLDEST ACCIDENT INSURANCE COMPANY IN AMERICA. J. G. BATTERSON, President. RODNEY DENNIS, Secretary. HENRY A. DYER, General Agent. WM. W. ALLEN & CO., General Agents for Pennsylvania, 409 WALNUT STREET, PHILADELPHIA.

GIRARD FIRE AND MARINE INSURANCE COMPANY. OFFICE: WALNUT STREET, PHILADELPHIA. CAPITAL PAID IN IN CASH, \$200,000. This company continues to write on Fire Risks only. Its capital, with a good surplus, is safely invested. 701 Losses by fire having been promptly paid, and more than \$500,000 Disbursed on this account within the past few years. For the present the office of this company will remain at 415 WALNUT STREET.

But within a few months we have removed to our new Building N. E. CORNER SEVENTH AND CHESTNUT STS. Then, as now, we shall be happy to insure our patrons at such rates as are consistent with safety, and in the most prompt manner.
