KANSAS.—Our body has only three churches and two ministers in the eleven principal towns of this State, yet "no place in the world has more need of the influence of a positive, regular system of Church polity." The Churches in Baldwin city and Lawrence are reported as doing well. The Church in Ottawa has a Sunday-school of 70, and had an accession of 7 on the first Sabbath of the year and a great religious interest since. INCREASE OF MISSIONARIES.—We are glad to hear (says The Congregationalist) that young men are offering themselves more freely for foreign missionary service. Mr. Henry S. Barnum of Auburn Theological Seminary, and Mr. Alpheus N. Andrus of Union Seminary, have already been accepted by the Board, and Eastern Turkey is designated as their field of labor. Mr. Theodore A. Baldwin of Princeton Seminary has also been accepted, and goes to Western Turkey. The Board has also under appointment for the Mahratta Mission Mr. Wm. Henry Atkinson and Mr. Spencer R. Wells of Chicago Theological Seminary. Mr. Samuel E. Evans, from Chelsea, Mass., of the same institution, will also be accepted by the Board, but his field is not yet designated. Besides these, it is confidently hoped that some eight or ten more from Eastern and Western Seminaries will soon enter the foreign missionary service. It is expected that three or more from the Senior class at Chicago will give themselves to this work. It is a striking fact connected with this Senior class, that it is divided into two bands, -fourteen having in view Home Missionary service, and six Foreign Missionary, and these make the whole class. Several of these men have been in the army. Mr. Wells, named above, lost his right arm at Vicksburg, but has learned to write with his left, and now wishes to give himself to the work of spreading the gospel in the benighted parts of the earth. Four ladies have also been recently accepted, and are under appointment as missionary teachers in different parts of the world.

The United Presbyterian Church of North America was formed by a union of the Associate and Associate Reformed Churches in 1859. Of her progress since then, the Christian Instructor says: he eight years of her history her Home Missions have increased in funds for its treasury from \$8,682 to \$20,838; the Foreign Mission from \$8,574 to \$112,276. Then there were no Education, Publicaion, Church Extension, or Freedmen's Mission Boards; but now all these are in active existence, with an aggregate last year of nearly \$40,000 raised for them. Then the whole amount raised for all purposes in the whole Church was \$22,989; now, for the year ending the 30th of April last, it was \$589,-052. Then the average amount paid by each member of the whole Church was 41 cents; now, during the last ecclesiastical year, it was \$9.02. Then there were 408 ministers and licentiates; now there are 539. Then there were 634 churches; now there are 686. Then we had nine foreign missionaries, male and female, (not counting the wives and children;) now there are nineteen on our list. Then there were two churches—one at Sealkote and one at Damascus-now we have nine well organized churches in the heathen world."

University of Mississippi.—The Chancellor, Rev. Dr. J. N. Waddell, writes to the Presbyterian Index: "The number of students is 235 in all departments, with daily accessions. They are the most orderly, studious, carnest set of young men I have ever known. About one-fourth of them are professed Christians, and of this number about twenty are preparing to preach, and of this twenty all are Presbyterians except two—one of whom is a Baptist and the other Methodist. Several have come from Centre College, Kentucky, unable to stand the Radicalism of Danville. We should have had, doubtless, at least 300 students but for the failure of the agricultural operations of our country The patronage we have is regarded as very remarkable, considering the gloomy condition of our country. There are large numbers of the students engaged in the study of the Bible, in voluntary classes in the various churches. There are four of these classes meeting every Sabbath morning in the Presbyterian church. Besides, they have a Young Men's Christian Association, promising in its begin

The demands on the Treasuries of our various Committees are so pressing, that we are exceedingly anxious to make the Magazine as nearly self-sustaining as possible. For this we shall need the earnest efforts of all our Ministers and Elders. Is it too much to expect that the leaders of Israel will co-operate with us? If they do not appreciate the importance of this Monthly as a means of awakening the intelligent and enlarged liberality of our people to all our denominational enterprises, and put forth effor's to secure its wide circulation, the object aimed at by the Magazine will fail of accomplishment. May we not rely with confidence on your personal efforts to make the Presbyterian Monthly an institution of our Church? Your prompt and cheering response to this appeal is most earnestly

requested.

CLINAX.

A plain statement of facts. I inherited Scrofula, and many o my relations have died of it. In 1839 my case was frightful. Tumore and ulcers spread until in 1842, under the advice of my physicians I went to Avon Springs. I received no benefit-tried every medicine and did every thing I could. I had to rest my arm on a cushion, and had not been able to raise it to my head for over a year. The discharge from two ulcers was nearly a pint a day. Amputation was recommended; but pronounced dangerous. could not sleep, and my sufferings were intolerable. A frie d brought me an English physician who applied a salve, with which he said he had accomplished extraordinary cures in the hospitals in England. It commenced to relieve: I persisted in its use; it finally effected a perfect and entire cure. It is now 1848. It is five years since I had the appearance of a scrofulous sore, and my health has been good ever since. UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield, Me. From Andrew Archer, Esq., of Fairfield, Me.

"About eight years since, my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of lungs, and general debility, so much so that our family physician declared him to have a "Santer Consumption." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase one bottle of WISTAR'S BALSAM OF WILD CHERRY, which benefited him so much I obtained another bottle, which in a short time rectored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—The Great Lung Remedy for the Thirs!

The above statement, gentlemen, is my voluntary offering to you in favor of your Balsam, and is at your disposal."
