New Fashion for 1867. SHERMAN'S NEW PATENT AS YOU LIKE IT SKIRT.

This is not only a new fashion, but a new article of Skirt, made on an entirely new principle, so novel and yet so perfect that the ladies contend it should be called a Revolution.

We would here call particular attention to the As You Like It, or flexible joint, extending down the front of the skirt; it is so constructed that the springs fold inwardly, but not outwardly, and readily yield to the slightest pressure, thus allowing them to collapse, so that the skirt occupies the smallest possible space while sitting, riding, or in passing through a crowd.

But for want of space we might here publish thousands of extracts from letters we are daily receiving, speaking in the highest praise of these Skirts.

OUR CORSETS are now so well known for their superior shape, material, and workmanship, that it is perhaps unnecessary for us to speak of them further than to say that we have greatly enlarged our assortment of styles, both of our own make and importation, and can now safely defy competition.
