News of Aur Churches.

CHURCH COURTS.

SYNODS - Cincinnati. Met at Troy Oct. 25th. An effort was made to change the time from Friday to Tuesday, so as to hold the meetings of Synod between Sabbaths. The attempt failed by Synou octool. The Herald says: We have never been at a meeting of Synod where the people of the place attended so generally and seemed so inthe proceedings. The Synod elected delegates to the Presbyterian Union Convention. to be held in Philadelphia on the 6th of November. The following resolutions on restoring deposed ministers were passed:

1. It is the solemn and deliberate conviction of this Synod that no minister who has deeply sinned and brought a reproach upon the Church should be restored without the fullest evidence of repentance, and that ordinarily a year would not be long enough for such a minister to spend in humiliation and prayer, and in bringing forth "fruits meet unto repentance."

2. Though a minister who has fallen may be truly penitent, and may receive the forgiveness. of God and his brethren, yet it is seldom expedient to place him again in the pulpit, as a stand-ard-hearer of the Church; for the Church ought to be very jealous of the reputation of her, ministers, and forgiveness does not necessarily carry with it the restoration of the forgiven to the official position from which he was deposed.

Michigan.—After a discussion on publication, in which Secretary Dulles took part, a committee of three Elders was appointed to Yaise \$600 for the purpose of establishing a depository in Detroit. On re-union the correspondent of the Herald says: "The union if consummated would make little change in local interests, as there are but few Old School Churches within the bounds, of our Synod. There is but a single Presbytery in the Old School connection covering the whole extent of our State, whilst in the New School bedy, covering the same territory, there are nine That there is some diversity of sentiment as to the desirableness of union there can be no question, but the Synod will accept the position taken by the Joint committee of the two Assemiblies. There would be determined opposition, however, to any movement that looked to union on any less favorable ground than that proposed by the Joint committee. There are some, of us the Boancrges of Princeton."

Oh o —Met at Marietta. A delegate conveyed to Synod the friendly greetings of the Synod of Ohio, of the other branch, and expressed their favorable sentiments with respect to acreunion of the two bodies. Synod expressed its full approval of the joint committee's plan of union, but also resolved to counsel and advise our churches and ministry and our membership, to refrain, for the present, from all independent attempts at union or combination in special localities; apprehending that, in the main, such attempts can only embarrass and retard the general movement in this direction; and realizing, also, that in case of failure in the present negotiations, not even the feeblest of our churches, or the humblest of our membership, can well be spared.

REVIVALS .- Eaton writes to the Evangelist : "I learn that brother Franklin, who went from Camden to Marcellus, N. Y., is enjoying an exgregation. It is said that some forty are already expressing hope. We have not much of such news to report just now from this region, and I soize upon this as a refreshing item, which I will hope may have others soon to keep it company."

There have also been seasons of refreshing in cellent and quite extensive revival in that con-There have also been seasons of refreshing in Jonesboro and Greenville, East Tennessee. At the former place, above thirty persons are said to have found Christ. A correspondent of the Evangelist says: "A deep solemnity has pervaded our whole community. Our Church has not received such a blessing for years. We are humbled, and we praise God for all the good her has other places in East Tennessee, God's Spirit is being prone out. In Greenville during the two weeks past there have been twenty-five: hopeful conversions. We have been desolate in days that are past. But we hope God's day of blessing for us is come and will continue."

New Church in Indianapolis.—On the 20th Oct., a neat little chapel, in the southern part of the city, was dedicated to the worship of God. Rev. Hanford A. Edson, pastor of the Second Church, preached the sermon to a crowdel house. The chapel is on the rear of a lot, 48 by 125 feet. It is expected that a larger and more permanent structure will soon be required, when the present building may be used for a lecture room. Steps have already been taken towards a formal Church organization, to be known as the "South Presbyterian church," and a pastor will be at once secured. This enterprise originated in the Second Church, and is to be largely sustained by its members. It is a part of the grand movement of our New School Presbyterian army—the advance along the whole line—which the Rochester Assembly did so much to

THE OTHER BRANCH.

Rev. Dr. John Hall, late of Dublin, arrived in New York, Oct. 22d, in response to the unanimous call of Dr. Rice's late charge. He found the Alexander parsonage, No. 18 West 30th street, all furnished, and in complete order for the comfort of himself and family. In a private letter to the editor of the American Presbyterian, Dr. Hall says:

"I trust I shall be enabled by God's grace, while I am spared, to live and labor as a true and genial brother among brethren, and it will be a great comfort to me, if I shall be able to enjoy the delightful intercourse and co-operation with friends of all the Evangelical churches in America, which made my life so happy in Europe." Dr. Hall received a number of farewell testimonials with addresses, at a meeting held in the Metropolitan Hall, Dublin, previous to his departure from that city. From his own church (Rutland Square) he received a purse of 150 sovereigns and a massive silver salver, value 100 guineas. The salver bore a suitable inscription. Appropriate memorials and an address were also. Presented from the Sabbath-school teachers and scholars. An address was also presented from the

congregation of Christ's church, Rathgar! 11 200 Mr. David Drummond, J. P., read an address from members of different religious denominations, accompanied by a handsome silver water, jug, and a purse of sovereigns, amounting in all to £160 in

In reply to these manifestations, Dr. Hall arose, and, after the cheering had subsided, delivered an able and eloquent address, in which he feelingly expressed his gratitude to those good friends who had accorded to him so cordial and warm an expression of their opinion on his departure to a distant land. It was, he said, rather a singular co-incidence that next Sabbath would be the anniversary of his beginning to labor as a minister in Dublin. There were many other circumstances which he ventured to count as providences, and which made this crisis in his history a peculiarly solemu and tender one to him. He would always think with very great pleasthe of the history of the church in which they had been permitted to worship. He spoke of a gentleman who sat upon the platform, who, when they were embarrassed by the want of church accommodation, came to him and mentioned, in the quietest possible way, that he could afford to spend a few thousand pounds in erecting a church which would be convenient and comfortable for them to worship in (Applause). He mentioned a sum of £7,000 or £8,000 at first, but they managed to lay out for him double that amount. Whenever they intimated that more money was required, a cheque was instantly forthcoming. And the result of their operations, as shown in Rutsland-square church, proved that there was nothing in the Presbyterian Church, which would not admit of all its treasures being used in subservience to the advancement of the best

interests of mankind.

Dr. Hall mentioned that he had received numerous letters from America, two of them from Episcopalians in Philadelphia and New York, urging his
acceptance of the call.

FOREIGN.

A New Church, Laird Street, Birkenhead, was opened on Sabbath the 6th of October. The attendance was very encouraging, being about 120 in the herhing, and 150 in the evening. On the 6th of September a contract was entered into for the erection of a temporary wooden church: The first post, was driven on Saturday; the 21st ult, and infourteen days hereafter the building was ready for comfortable occupation. It is a substantial structure of double boarding, filled in between with sawdies, with brick foundations and slated roof, and capable of containing 20 r persons. It is close to the of the proposed persons at the brick is discussed to the of the proposed persons. the site of the proposed permanent church, and is in the centre of a district which in a radius of threequarters of a mile contains a population of about 10,000. For the permanent church, Mr. Laird, M. P., has given a suitable site free, and promises of aid towards the building have been received to the extent of £750. Plans are prepared, and the work

will probably be proceeded with early in the spring.

The jubilee of the Rev. Dr. Pringle the minister at Auchterarder, was celebrated at that town on October 9th. In honor of the event, the principal shops remained closed during the greater portion of the day. In the afternoon Dr. Carris preached in the Established Church, a dinner took place later in who think there is a useless expenditure of ammu-nition on the part of some of our brethren upon minated by a soirce in the Free Church. Here Dr. Pringle was presented with a gold watch, a silver salver, and one thousand guineas.—Rev. Dr. Lee of Edinburgh has obtained eight months, leave of absence from his congregation, on account of the state of his health.

MARRIED.

WOODALL—HAMILTON:—On the 29th of October, 1867, in the Drawyer's Presbyterian church, by the Rev. John Crowell, Brevet Brig. Gen. Daniel Woodall, of Easton, Md., to Eliza C., daughter of Wm. N. Hamilton, M. D., of Odessa, Delaware.

DOWNS—STOKES.—On the 22nd of October by the Rev. J. G. Butler, D.D., pastor of the Walnut St., Presbyterian church, Samuel J. Downs, to Isabel Stokes, both of West Philadelphia.

Special Actices.

Philadelphia Fourth Presbytery will meet in the Kenderton Church on Tuesday, November 12th, at 31, P. M.

BATCHELOR'S HAIR DYE.

This splendid HAIR DYE is the best in the world. The only true and perfect Dye.—Harmless, Reliable, Instantaneous. No disappointment. No ridiculous tints. Natural Black or Brown. Remedies the effects of Bad Dyes. Invigorates the hair, leaving it soft and beautiful. The genuine is signed William A. Batchelor.
All others are mere imitations and should be avoided. Sold by all done for us. It is cheering also to know that in Druggists and Perfumers. Factory, 81 Barclay street, New York, Beware of a Counterfeit.

A CARD.

What is Tarrant's Effervescent Seltzer Sperient and What are its effects? These are questions which the great American public has a right to ask and it has also a right to expect a candid and satisfactory reply. The preparation is a mild and gentle saline cathartic, alterative and tonic and is most carefully prepared in the form of a snow white powder, containing all the wonderful medical properties of the far famed Seltzer Springs of Germany.

Of its effects we would say that shose who have tested the preparation are the best judges and they declare over their own signatures, that the preparation will promptly relieve indigestion. Regulate the flow of the bille. Cure every species of headache. Train quilize the nervous system. Refresh and invigorate the weak Mitigate the pangs of Rheumatism. Neutralize acid in the Stomach. Cleanse and tone the bowels. Assist the falling appetite. Cure the heartburn.

If you are a sufferer give the Remedy one trial; and it will convince you of the above facts. vince you of the above facts.
TARRANT & CO. Sole Proprietors, New York.
Sold by all Druggists. sep12-1;

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced ten fold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree

Dr. Wistar's Balsam of Cherry, whose value in curing Coughs, Colds, Bronchilis, Whooping Cough

Croup, Asthma, Fulmonary Affection, and Incipient Consumption i

Strong Testimony.

FROM BENJAMIN WHEELER, ESQ., Depot Master at South Royalston

"In the spring of 1858, I was most severely afflicted with a hard, dry cough, with its usual scoompaniments of night sweats, completely proctrating my nervous system; and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was provailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Oherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats described me, hope once more elated my depressed spirits, and soon't liad attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the abovis facts; literally anatched me from the yawning grave. Your are at liberty to use this for the benefit of the afflicted."

Prengred by SETH W. FOWLE & SON. 18 Tremont St. Boston; Prepared by SEPTH W. FOW LEASON, 18 Tremont St., Boston and for sale by Druggists generally.

500 MILES

OF THE

UNION PACIFIC RAILROAD

RUNNING WEST FROM OMAHA ACROSS THE CONTINENT

ARE NOW COMPLETED.

The Union Pacific Railroad Company have built a longer line of railroad in the last eighteen months, than was ever built by any other company in the same time, and they will continue the work with the same energy until it is completed. The Western Division is being pushed rapidly eastward from Sacramento by the Central Pacific Company of California, and it is expected that

THE ENTIRE GRAND LINE

to the Pacific will be opened for business in 1870. MORE THAN ONE-THIRD OF THE WORK HAS ALREADY BEEN DONE MORE THAN ONE-THIRD OF THE WHOLE LINE 19 NOW IN BUNNING ORDER, AND MORE LABORES ARE NOW EMPLOYED UPON IT THAN EVER BEFORE. More than

FORTY MILLION DOLLARS IN MONEY have already been expended by the two powering companies that have undertaken the enterprise; and there is no lake of funds for its most vigorous prosecution. When the United Sates Government found it necessary to scene the donstruction of he Union Pacific Railroad, to develop and protect its own interests it gave the Companies authorized to build it such ample all as phould render its speedy completion beyond a doubt. The available means of the Union Pacific Railroad Company, derived from the dovernment and its own stockholders, may be briefly summed up a follows:

1.—United States Bonds.

Having thirty years to run and bearing six per cent currency interest at the rate of \$16,000 per mile for 517 miles on the Plains; then at the rate of \$32,000 per mile for 150 miles thrugh the Rocky Mountains; then at the rate of \$32,000 per mile for the remaining distance, for which the United States takes ascend live as security. The interest on these bonds is paid by the United States Government, which also pays the company one half the mount of its bills in money for transporting, its freight, troops, nails, &c. The remaining half of these bills is placed to the company's candit, and forms as identify fund which may finally discharge the whole amount of this lien. The claims against the government time April of the ourrent year amount to four and one-half times this interest.

2.—First Mortgage Bonds.

By its charter the Company is permitted to have its own First Mortgage Bonds to the same amount as the bonds issued by the government, and his more, and only as the road progresses. The Trustees for the bondholders are the Hon. B. D. florgan, U. S. Senter from New York, and the Hon. Oakes Ames, Member of U. S. House of Representatives, who are responsible for the delivery of these bonds to the Company in accordance with the terms of the law.

3.—The Land Grant.

The Union Pacific Railroad Company has a lend grant or absolute dimaton from the givernment of 12,300 acres to the mile on the line of the road which will not be worth less than \$1.50 per acre at the lowest valuation.

4.—The Capital Stock.

The authorized capital of the Union Pacific Railroad Company is \$100,000,000, of which over \$5,000,000 have been paid on the work already done.

ુ_{કુ મુ}હ્<u>રતો ભાવતુ</u>ષ્ટ, પછી ,કુલ્લાના દાવ**ન**

THE MEANS SUFFICIENT TO BUILD THE ROAD. Contracts for the entire work of building 914 miles of first-class reilroad west from Omalia, comprising much of the most difficult mountain work, and embracing every expense except surveying, have been made with responsible parties, who have already finished over 500 miles, at the average rate of sixty-eight thousand and fifty-eight dollars (868,058) per mile. This price includes all nucessary shops for construction and repairs of cars, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage and freight cars, and other requisite rolling-stock, to an amount that shall not be less than \$5,000 per mile. Allowing the cost of the remaining one hundred and eighty-six of the eleven hundred miles, assumed to be built by the Pacific Company to be \$90,000 per mile.

and arrangements are now problems. While their whole value will not be available for some years to while their whole value will not be available for some years to come, they will remain a very important source of revenue to the Company. The lands of the Illinois Central Railroad Company are selling at from \$6.0512 per acre, and other land-grant compunies in the West are receiving equal prices for similar properties.

FUTURE BUSINESS.

The most skeptical have never expressed a doubt that when the Union Pacific Railroad Is finished, the immense business that must flow over it, as the only railroad connecting the two grand divisions of the North American continent, will be one of the wonders of railway transportation; and as it will have no competitor, it can always charge remunerative rates. The Pacific Mail Steamship Company of New York is now running a regular line of its splendid steamers between San Francisco and China and Japan, which is doubtless the pioneer of other lines, that will traverse the Pacific Ocean laden with the tens, spices, and other products of Eastern Asia. Excepting some very heavy or bulky articles, of comparatively low values, shortness of time decides the direction of freights, and most of these cargoes will find their natural transit over the Union Pacific Railroad.

cargoes will find their natural transit over the Union Facine Railroad.

It is quite within bounds to say that its traffic will be limited only by the capacity of the dine, and that no other road will find a double track so necessary. California and Oregon must not only be supplied with means of transport for its passengers, mail, treasure and other freights, but the inhabitants of Dakotah, Colorado, Utah, Idaho and Montana will communicate with the older States almost entirely by this road. It will be the avenue to all the great mining district, which is only awaiting this ready means of communication to receive a population that will develop its vast mineral and other resources, and which of itself would furnish ample business for a rail-way line. Bergeriffing & meine of these

EARNINGS FROM WAY BUSINESS.

While the through business of the Company will be amply remnerative, it is still in the future, but the local business on the part of the road in operation has been most satisfactory.

During the quarter ending July 31, an average of 325 miles of the Union and Pacific Railroad was in operation. The Superintendent's Report shows the following result:

EARNINGS.

	Total
- 11	THE RESERVE AND STREET OF STREET, THE
	EXPENSES. See For A service R
Fuel Ner	Repairs, Offices, Conductors, Trains, &c
ۇ. ئىمە	Total \$1,203,038 95
quar	e net operating expenses on the commercial business for the ter were \$237,966.50. The account for the COMMERCIAL BU-
1.3	SS stands as follows: Earnings for May, June and July

The amount of Bonds the Company can issue on 325 miles, at \$16,000 per mile, is \$5,200,000. Interest in gold, three months, at 6 per cent. on this sum, is \$73,000; add 40 per cent. premium; to correspond with currency earnings, is \$109,200—showing that the net earnings for this quarter were more than four time the interests on the First Mortgage Bonds on this length of read.

Net profit.

The First Mortgage Bonds,

..\$185,789 04

whose principal is so amply provided for, and whose interest is so thoroughly ascured, must be classed among the sofest investments. They pay

SIX PER CENT. IN GOLD,

and are offered for the present at NINETY CENTS ON THE DOL-LAR, and accrued interest at Six Pen Cent. in Currency from July L Many parties are taking advantage of the present high purce of Government stocks to exchange for these bonds, which are lover-FIFTEEN PER CENT. Ayer's Cathartic Pills, For all the purposes of a Laxative Medi-

cine. A beside and Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so country and among all classes, as this mild but efficient purgative PULC The obvious reason is that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have included it, know that it cured them; those who have included it is not the stress their neighbors and friends, and, all know here

it, know that it cared them; those who have not, know that it cared them; those who have not, know that it cares there neighbors and friends, and all know that what it does once it does always—that the neighbors and friends, and all know that it never fails through any fault or ocretificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterions drug, they may be taken with salety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no fiam can arise from their use in any quantity. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly care:

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and

action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colle and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action of remove the obstructions which cause it.

For Dysentiery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

pear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent does to produce the effect of a drastic taken in large and frequent doses to produce the elect of a triass, purger—
As a **Dinner PIII**, take one or two **PIIIs** to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these **PIIIs** makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

renovating effect on the digestive apparatus.

The "PEERLESS" has all the advantages of the popular Stoves in use, together with such new pratures as justify the manufacturers in calling it the Best Cooking Stove in the market. It is the "Perrless," because it is superior to all other Cooking Stoves in Economy, Simplicity, Cleanliness, Baring, Rossting and

BEAUTY,
1st. Economy. A patented method of heating the air and conveying it through the oven says from twenty to thirty per cent. of fucl. fuel.

2d Simplicity. It is easily managed. The fire can be perfectly controlled and kept through an entire season without rekindling.

3d. Chankingss. No dust escapes while shaking or dumping the grates.

3d. Charliness. No dust escapes while shaking or dumping the grates.

4th. Barino. Its large oven, wherein all parts are of equal temperature, bakes as evenly as a brick oven, and that without turning the article. It bakes quickly:

5th. Rossting. A current of hot air constantly passing through the oven, so thoroughly ventilates it that it roasts as well as a kinkilchen.

6th. Beautr. Mude of the best iron, it will not crack. Well moulded, artistically designed, and smoothly cast, it is the most beautiful as well as the most serviceable Stove in the market.

Evch Stove is Werrantan to be and to do all that is claimed for it. In all the requisites of a first-class Cook Stove, the "Peerless," as its name indicates, has no equal in the market.
