

News of the Week.

The President's Message, though temperate in language, is as intemperate in thought as might have been expected. He declares that the rebel States have the right to immediate representation in Congress, taking the ground that rebellion gives the nation no right over the reorganization of their governments, and no power to exact conditions before they re-enter the Union they did their best to destroy.

North Carolina.—In the Convention there will be a large Radical majority, including 15 colored men.—Seven colored men are on the Grand Jury list of the U. S. Circuit Court in session at Raleigh.

South Carolina.—A German vessel arrived at Charleston, Nov. 28th, with 152 emigrants, under the auspices of the S. C. Emigration Society.—The Convention has been defeated.

Alabama.—The Convention has decided to make all the judicial offices elective. It has passed an ordinance abolishing Colbart county, created at the last session of the State Legislature.—The Convention, December 1, passed an ordinance to organize the volunteer militia of Alabama. Hancock and Gov. Flanders to seats on its floor, and has passed resolutions endorsing Gen. Mower's removals, and urging the repeal of the cotton tax.

City.—In Select Council, Nov. 27th, the Broad Street Pavement bill was passed over the Mayor's veto by the required majority. An ordinance was passed consolidating the city property and markets and wharves under one department. The bill transferring the Gas Works to the city was also adopted. The human family is so numerous that a birth and a death occur every moment. Every second a child is born; every second some one dies. The prevalence of sickness in the world may be realized in Dr. J. C. Ayer's Laboratory, where medicines are made for all mankind. It would scarcely seem that there are throats enough to swallow the doses he issues daily.—Ayer's Sarsaparilla, Ague Cure, and Cherry Pectoral by the thousand gallons and Ayer's Pills literally by the ton. But they must all be wanted, or he could not make such quantities for so many years.—[Northfield Telegraph.]

DR. TOBIAS' VENETIAN LINIMENT. A HUMBUG. HOW often we hear this expression from persons reading advertisements of Patent Medicines, and in many cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers, through a small section of the country, many taking it with great reluctance; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken or tried, and I signed a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant superior to any other medicine for the cure of Croup, Diarrhoea, Dysentery, Colic, Vomiting, Spasms, and sea-sickness, as an internal remedy. It is perfectly innocuous to take, and is accompanied by accompanying each bottle, and externally for Chronic Rheumatism, Headache, Mumps, Frost-bites, Bruises, Sprains, Old Sores, Swellings, Sore Throats, &c. &c. Sold by all the Druggists. "Depot, 50 Cortlandt Street, New York.

ESTABLISHED 1861. THE GREAT AMERICAN TEA COMPANY

HAVE JUST RECEIVED TWO FULL CARGOES OF THE FINEST NEW CROP TEAS.

22,000 HALF CHESTS by ship Golden State 12,000 HALF CHESTS by the George Shelton

In addition to these large cargoes of Black and Japan Teas, the Company are constantly receiving large consignments of the finest quality of Green Tea from the Province of Szechuan, which are unrivalled for fineness and delicacy of flavor.

To give our readers an idea of the profits which have been made in the Tea trade, before the establishment of the Great American Tea Company, we will start with the American houses, leaving out of the account entirely the profits of the Chinese factors.

1st. The American houses in China or Japan makes large profits on their sales or shipments—and some of the richest retired merchants in the country have made their immense fortunes through their houses in China.

2d. The Banker makes large profits upon the foreign exchange used in the purchase of Teas.

3d. The Importer makes a profit of 30 to 60 per cent in many cases. On its arrival here it is sold by the cargo, and the Purchaser sells it to the Speculator in invoices of 1000 to 2000 packages at an average profit of about 10 per cent.

4th. The Speculator sells it to the Wholesale Tea Dealer in lines at a profit of 10 to 15 per cent.

5th. The Wholesale Tea Dealer sells it to the Retail Dealer in lots to suit his trade, at a profit of about 10 per cent.

6th. The Retail Dealer sells it to the Retail Dealer at a profit of 15 to 25 per cent.

7th. The Retailer sells it to the Consumer for ALL THE PROFIT HE CAN GET.

When you have added to these many other profits of brokers, cartages, storages, cooperages and waste, and add the original cost of the Tea, you will find that the Consumer, has to pay, and now we propose to show you we can sell so very much lower than other dealers.

We propose to do away with all these various profits and brokerages, cartages, storages, cooperages and waste, with the exception of a small commission paid for purchasing to our correspondents in China and Japan, one cartage and a small profit to ourselves, which on our large sales will amply pay us.

By our system of supplying Clubs throughout the country, consumers in all parts of the United States can receive their Teas at the same prices (with the small additional expense of transportation), as though they bought them at our warehouses in the city.

We propose to make it so easy for you to get your Tea, that the answer is simply this: Let each person wishing to join in a Club say how much Tea or Coffee he wants, and select the kind and price from our Price List, as published in the paper or in our circulars. Write the names, kinds, and amounts plainly on the list, as seen in the Club order published below, and when the Club is complete send it to our office, and we will put up each party's goods in separate packages, and mark the name upon them, with the cost, so there need be no confusion in their distribution—each party getting exactly what he ordered, and no more.

Some parties inquire of how they shall proceed to get up a Club. The answer is simply this: Let each person wishing to join in a Club say how much Tea or Coffee he wants, and select the kind and price from our Price List, as published in the paper or in our circulars. Write the names, kinds, and amounts plainly on the list, as seen in the Club order published below, and when the Club is complete send it to our office, and we will put up each party's goods in separate packages, and mark the name upon them, with the cost, so there need be no confusion in their distribution—each party getting exactly what he ordered, and no more.

Parties getting their Teas of us may confidently rely upon getting them just as they come direct from the Custom House stores to our Warehouses.

We warrant all the goods we sell to give entire satisfaction. If they are not satisfactory, they can be returned at our expense within 30 days, and have the money refunded.

EXTRACT OF A LETTER FROM REV. RICHARD S. EDGE, of BOLTON, MASS. "For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack, two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the suffering to which I had been so long subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."
