

flowers, and the dates "1843" and "1868" occupied a prominent place. In his sermon (on Acts xx, 18) he said that when he came a young man from Lansingburgh, Brooklyn was a town of 20,000 inhabitants, and the church, then newly organized, had seventy-four members. Now Brooklyn contains 400,000 people, and while scarcely one of the original members survive, the church numbers 694. Of the 1515 added during his pastorate, 575 were by examination, and 940 by letter; deaths 98; dismissals 771. Of this number, 50 left some thirteen years since to form the Westminster church. The contributions for church purposes have been in all \$125,000; for all purposes \$400,000. The church was never stronger nor more efficient than at present.

MICHIGAN.—A correspondent of the Herald writes: "Rev. Jesse W. Hough, who labored so successfully in Saginaw City, has accepted a call from the Congregational Church of Jackson; and has already begun his work in the new field.—A new impetus has been given to the brethren at Tecumseh.—The large edifice which had been begun is to be finished by the end of next fall. It will be one of the largest and handsomest buildings in the State.—Our churches in Adrian, Ypsilanti and Kalamazoo, have grown so large numerically as to necessitate colonization or the rebuilding of their houses of worship.—Calvin Clark has been cheered by a great outpouring of the Spirit upon the church at Decatur. So also Rev. Jos. Swindt at Palmyra, and the brother who labors at Raisin.

REFORMED CHURCHES.

Delegates to the Assembly at Albany.—The Ques Branch seems to be choosing its representative men. West Leanington Presbytery sends Dr. Robt. J. Breckenridge. That of Allegheny City sends Dr. A. A. Lodge and Rev. T. K. Orr. New Brunswick sends Dr. Chas. Hodge and Rev. S. M. Sturgesford with Elder Prof. Alexander. Cincinnati sends Dr. Montfort and Rev. J. J. Chisholm with Judges Leavitt and Smith as elders. Chicago sends three open opponents of Re-Uniting and one doubtful: Dr. L. J. Halsey, Rev. W. B. Truax and Elders Eliphaz Wood and Dr. Taylor. New York Second sends Rev. M. C. Sutphen and Robert Carter. Philadelphia Second sends Revs. John C. Thompson and H. F. Lee; Elders Robert Cornelius and Robt. McDowell. Baltimore sends Revs. J. C. Backus, D. D., and T. S. C. Smith.

Reformation Discipline.—In the Reformed Classis of Schenectady a resolution was adopted suspending the Rev. W. V. Schwick, of the Third Church of Schenectady, from the gospel ministry for schism, he having openly proclaimed his separation from the Classis, and repudiated all subjection to its authority.—In the Classis of Painesville, Rev. W. C. Wuest, of Lodi, was suspended from the gospel ministry, for contumacy; and the Holland Reformed Church of Lodi declared vacant.—In the O. S. Presbytery of Loganport all the steps necessary to the dissolution of the Tippecanoe and Rochester churches were reported as taken, and the dissolution of the churches at Mill Creek and Colfax was ordered. "These organizations (says the Stated Clerk) have long been a burden on our rolls, whilst in reality they have been a burden, and Presbytery therefore proceeded to the work of dissolving them. Other churches of like habits are requested to take notice."—The Classis of Montgomery resolved, "That in the judgment of this Classis, a vacant church ought not, except from stern necessity (of which the Classis shall judge), to depend on a temporary supply, instead of a settled pastor; nor to employ a stated supply whose standing is not known, without the concurrence of the Committee on credentials; nor to continue the employment of any stated supply beyond the period of six months without the concurrence of Classis."—Ulster Classis resolved, "That it be solemnly enjoined upon every Consistory in connection with this Classis, that in no case shall a Consistory dismiss a member certifying to his 'good standing,' and affectionately commending to the fellowship and confidence of a sister church, when it is known at the time that such member is directed either in Christian duty or life."

Banner of the Covenant.

OBITUARY OF MR. HENRY STERLING.—The obituary of this sainted man of God is unavoidably postponed till our next number.

OUR CHURCH IN CINCINNATI.

DEDICATION OF THE NEW HOUSE OF WORSHIP. We find in the Cincinnati Gazette of April 13th an account of the opening of the beautiful house of worship recently erected by our brethren in the "Queen City of the West." The Gazette says:

The beautiful blue limestone church-edifice on Plum street, between Eighth and Ninth, has been so far completed that the basement is ready for occupation. Yesterday forenoon it was used for public worship for the first time. The membership is composed almost exclusively of Scotch people and their immediate descendants.

The first church edifice for this congregation was erected in 1829, on George street, between Race and Elm, on the ground now owned by Enoch McGrew. In 1866, this church property was sold, the preparations were made for building at once. The cost of the ground on which the new house stands was \$14,000. About \$23,000 have been expended in bringing the building into its present state, and about \$5,000 will be required to complete it. Thus far no debt hangs over it, and it is the intention that when completed it shall have no debt.

Our new blue limestone forms the exclusive material of the structure. For church purposes, and especially for the Gothic style in which this house is built, no other material is so well adapted. No other style will work so well irregular forms and fragments into its walls. This peculiarity amounts almost to a requirement of the Gothic, which the varied form, thickness, surface and color of the stone from our local quarries answer admirably.

The first church edifice for this congregation was erected in 1829, on George street, between Race and Elm, on the ground now owned by Enoch McGrew. In 1866, this church property was sold, the preparations were made for building at once. The cost of the ground on which the new house stands was \$14,000. About \$23,000 have been expended in bringing the building into its present state, and about \$5,000 will be required to complete it. Thus far no debt hangs over it, and it is the intention that when completed it shall have no debt.

The facade on Plum street is a beautiful specimen of architectural composition. No offsets break the line of the wall. Out of the south-west corner the tower grows harmoniously upward, from a square into a graceful octagonal taper, which is terminated by a quatrefoil Gothic finial, a hundred and twenty-

five feet from the ground. On the opposite corner the front wall rises as if to form a tower, but terminates in a gable facing northward, and level with the comb of the roof. Over the front doorway is a portico in keeping with the style of the building. The arrangement of the windows in the front is an example of unity in variety worthy of careful study. A large rose window, in just the right place, five Gothic windows separated by slender columns with foliated capitals, catch the eye first. Then a multitude of smaller windows arranged singly or in pairs, varying in size and relieved by an occasional quatrefoil, go to make up an effect which more pretentious architecture often fails to attain.

The wall is of irregular stone work, the front corners having alternate blocks of faced stone, technically called quoins. The octagonal portion of the spire is covered with slate. This little building will attract attention for its beauty, much of which is due to the choice of a material suited to the style in which it is built.

This denomination does not usually conform to the custom of dedicating a new church. The first services do not differ essentially from those that follow. It may be well to state in this connection that they use the Psalms exclusively in worship. The version used is not Rouse's, but the Scottish, "allowed" by the General Assembly of the Kirk of Scotland.

The first prayer in yesterday's services was offered by the Rev. Dr. John Brown, of New York. After singing a portion of the 90th Psalm, Rev. J. Y. Boice, of Pittsburg, followed in prayer. He then read from 1st Kings, 9th chapter, and after the congregation had sung a part of the 145th Psalm, he announced his text, which was Daniel, 2d chapter, 35th verse, last clause: "And the stone that smote the image became a great mountain, and filled the earth."

The Gazette gives a very full report of Mr. Boice's sermon, and praises his facile use of Scripture to explain Scripture.

MARRIED.

JEWETT-JOHNSON.—On the 23d ult., by Rev. W. W. Taylor, Mr. James B. Jewett, son of Judge Jewett, of Ohio, to Miss Eliza C. Johnson, all of this city.

TAYLOR-GOVERNS.—By the same on the 30th ult., Mr. George W. Taylor, Jr., to Miss Harriet Govers, all of this city.

Special Notices.

GENERAL ASSEMBLY.—The following R. R. Companies have agreed to return free such delegates to this General Assembly, as pass over their roads and pay full fare in going to Harrisburg, viz:

Pennsylvania R. R., Philadelphia and Erie, Philadelphia and Reading, Philadelphia and Harrisburg, and Baltimore, Northern Central, Central R. R. of New Jersey, East Pennsylvania R. R., Lehigh Valley R. R., Lehigh and Northampton, and Baltimore and Ohio, Pittsburgh, Columbus and Cincinnati, (Pan Handle), Atlantic and Great Western.

The New Jersey R. R. and Transportation Co. will issue excursion tickets from New York to Philadelphia and West Philadelphia at two-thirds the usual fare.

Notice will be given if arrangements are effected with other Roads.

T. H. ROBINSON, Chairman Com. Arr.

Gospel for the People.—Philadelphia Tract and Mission Society, Office 1324 Chestnut Street, 2d Floor, Room 4. The 23rd Union Meeting in behalf of this Society will be held in the Presbyterian Church 3rd and Greenw. St., on Sabbath evening 10th, at 7 1/2 o'clock. Several addresses will be made.

Tract Visitors Monthly Union Meetings for Tract, Exhortation and Reports will be held for May, at the following churches: For the 1st District at the Presbyterian Church, 9th and Wharton, on Friday evening, 8th ult. at 7 1/2 o'clock. For the 2d District at the Presbyterian Church, 9th and Wharton, on Friday evening, 8th ult. at 7 1/2 o'clock. For the 3d District at the Methodist Church, Green above 10th, on Monday evening 23rd, at 7 1/2 o'clock. Tract Visitors and all friendly to the cause are cordially invited to attend.

JOSEPH H. SCHREINER.

The Presbytery of Winona will hold its annual meeting in the Presbyterian church at Preston, Minn., on Friday, the 16th of May, at 7 o'clock, P. M.

Rev. Wm. Minn., April 30, 1868.

J. W. HANCOCK, Stated Clerk.

THE UNION PACIFIC RAILROAD COMPANY OFFER A LIMITED AMOUNT OF THEIR First Mortgage Bonds AT PAR.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

The Great Pacific Railroad, extending 1721 miles from Omaha, on the Missouri River, to the tide-waters of the Pacific Ocean, is being built by two powerful Companies—The Union Pacific, beginning at Omaha, heading West; and the Central Pacific of California, beginning at Sacramento, heading East, until the two roads meet at Reno, Nevada.

Both Companies have prosecuted the work with great vigor; the Union Pacific, having already extended over

and the Central over Twenty Millions, upon their respective parts of the undertaking. THE UNION PACIFIC HAVE COMPLETED 500 MILES—both iron and other materials for two hundred miles more upon the ground, and one hundred additional miles ready for the track. They will have a much larger force employed this year than ever before, and it is expected that, between

800 and 900 MILES will be in operation during 1868. There seems to be no reasonable doubt that the distance between Omaha and Sacramento will be traversed by rail in 1870.

THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds to the average amount of \$28,000 per mile, to aid in the construction of the line, and subsidize the issue of the First Mortgage Bonds now offered for sale, for the same amount of land.

The Government takes a special lien, and gives to the First Mortgage Bondholders a prior lien for their security, to which a large paid-up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government commission, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profitable in the world—but its way of local business is already well advanced. The interest on the Bonds is that, if not another mile were built, they would be a credit investment.

THE NET EARNINGS for eight months of last year on an average of 356 miles are officially reported at \$1,069,136; while the interest on all the Bonds it could issue on that length of road for that time, reduced to currency, was only \$345,850.

The amount paid by the Government for the transportation of troops, munitions, stores and mails has been, and doubtless will continue to be, much more than the interest on the United States Pacific Mortgage Bonds. It is, in fact, the Charter provides that after the road is completed, and small paid-up bonds and interest are paid, at least five per cent. of the net earnings of the road shall be applied to each year.

The Union Pacific Bonds are for \$1000 each, and the coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income of their cost of

NEARLY NINE PER CENT. AND IT IS BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.

The Company have but a very limited supply of their Bonds remaining on hand, but any subscriptions accepted to a greater amount than can be filled from Bonds now in the Company's possession will be supplied from the New Bonds to be issued on that portion of the road completed in the Spring, in the order in which they are received.

The Company reserve the right to advance the price of their bonds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's Office before the time of such advance.

Parties subscribing will remit the purchase price of the bonds and the accrued interest in currency at the rate of six per cent. per annum, from the date of the first coupon was paid. Subscriptions will be received in Philadelphia by

DE HAVEN & BRO. WM. PAINTER & CO. SMITH, RANDOLPH & CO., and in New York

At the Company's Office, No. 20 Nassau Street, and by the Company's advertised agents throughout the United States.

John J. Cisco & Son, Bankers, No. 59 Wall St., and by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds paid in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery. THE INTEREST ON THE FIRST MORTGAGE BONDS OF THE UNION PACIFIC RAILROAD COMPANY, WHICH WILL BE PAID BY THE GOVERNMENT, IS OFFERED FOR SALE AT PAR.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's Office or to any of the advertised agents.

JOHN CISCO, Treasurer, New York may7-41

Mrs. Sherman's SUPERIOR Skirts and Corsets, 35 North Eighth Street.

are now so well known for their superior Shape, Material and Workmanship that it is, perhaps, unnecessary for us to speak of As being "best," may be their help seem good. To meet the taste of our greatly enlarged our assortment of styles, both of our own make and importation, and can now safely defy competition. It may be well said that

In Mrs. SHERMAN'S CORSETS, ladies find the best of Health and Beauty combined; Supporting equally each separate part, They clamp no action of the lungs or heart, And no injury to the delicate structure of the body. Their fit is certain—and what's sure to please, As being "best," may be their help seem good. And maddening wearing them a boon will gain, Their early symmetry they'll long retain.

FOR SALE ONLY AT MRS. SHERMAN'S, 35 North Eighth St., of Filbert St., PHILADELPHIA. May7-3mos.

ALLCOCK'S Porous Plasters.

Especially useful in pains of the breast, sense of weakness and inward slinking, for coughs, colds, asthma, and difficulty of breathing; oppression and fatigue about the diaphragm. They give much ease in Gout and Rheumatism, weakness of the back, and in affections of the lungs and kidneys. In Lumbago they act like a charm. After a few hours a violent cough is relieved by a plaster applied upon the chest. Many persons believe a cold cannot be taken while a plaster is worn upon the chest; this we do know, they greatly assist in the cure of a neglected cold, so often the introduction of Consumption.

No plaster yet made is so entirely free from objections as the POROUS PLASTER. Being a preparation from Franciscan, Rubber and Burgundy pitch, they seem to possess the quality of being non-inflammable, and do not irritate the skin.

Accumulating Electricity and imparting it to the body, whereby the circulation of the blood becomes equalized upon the part where applied, causing pain and morbid action to cease. The Porous Plasters are flexible, and found of great help to those who have weak backs, or pain in the chest. Especially are they valuable to those who have neglected colds; they are often preventives of Consumption; may, they are believed to have often loosened the grasp of this terrible affliction, and been mainly instrumental in effecting a cure. In variable climates they should be worn on the breast or between the shoulders, or over the kidneys, by those who are subject to take cold easily. This simple plan will soon produce a constitutional vigor that will enable it to resist extraordinary changes of temperature. Experience has proved the Porous Plaster to be a blessing to the consumptive; included, invariably producing the most remarkable abatement of the worst symptoms.

\$5,000 WORTH SOLD BY ONE DEALER. Messrs. D. Bates & Son, Druggists, of Providence, R. I., write, Nov. 23, 1867:

"We have sold all our stock of your Porous Plasters, and upwards of \$5,000 worth of Allcock's Porous Plasters; and in every case they gave satisfaction. They are favorites with physicians, because the components and method of making them are known."

IMPORTANT FROM A PHYSICIAN. Hartford, Conn., Nov. 11, 1864.

Messrs. THOS. ALLCOCK & Co. Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entanglement of machinery, had his leg broken, spine severely injured, and was for nearly a year entirely helpless. This man would relieve very soon by the application of a plaster to his spine. He would cheerfully pay \$5 for a single plaster if it could not be had at a lower rate. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known.

J. W. JOHNSON, M.D.

HOME EVIDENCE. Sing Sing, March 10, 1868.

Messrs. THOMAS ALLCOCK & Co. I have suffered greatly from a weak back; at last the pain became so severe I could not get out of my bed. My doctor, S. J. Fisher, of this village, recommended me to apply an Allcock Porous Plaster. I did so, and in two hours the pain began to abate. The spot where the pain was most severe seemed, like a coal of fire, and which the plaster appeared to draw out. The day after I applied the plaster, I got up, and my troubles were all gone. I wore the plaster three days, and since the second day after applying it, I have had no more pain, and all throbbing ceased about my chest, I feel no more pain, and all throbbing ceased about my chest, I have felt like a new man. Send me your prices by the quantity. Yours respectfully, CHARLES BATTY.

AFFECTION OF THE HEART CURED. Glen Bluffe P. O., Delaware Co., Pa., March 16, 1868.

Messrs. THOMAS ALLCOCK & Co. Having been troubled with heart disease for a long time, and after doctoring with one physician for months and obtaining no relief, I gave up in despair. I was troubled with sharp pains in my chest, and loud sounds about my heart, and often felt that death would be a blessing. At this time I was persuaded to apply one of your Porous Plasters. Within a few hours after placing one on my chest, I felt no more pain, and all throbbing ceased about my heart, and I have felt like a new man. Send me your prices by the quantity. Yours truly, JOHN V. N. HUNTER.

PAIN OF THE SIDE CURED. Attentown, Penn., April 4, 1865.

Messrs. T. ALLCOCK & Co. Dear Sirs: My daughter used one of your Porous Plasters. She had a very bad pain in her side, and it cured her in one week. Yours truly, JOHN V. N. HUNTER.

SORE CHEST AND COUGH. Dr. ALLCOCK'S. Sir: In May last I was visiting my cousin in Corning, who got me one of your Porous Plasters for my chest. I was so sore through me at the time that I could hardly speak or breathe. It was not more than three hours after I put it on before I felt comfortable. I had suffered very much from soreness of the chest, with cough and hoarseness, for months; but your Plaster has cured me, and my health is better than it has been for years. Yours respectfully, PHIBBE PATCHER. Beaver Dam, Schuyler Co., N. Y., Sept 14, 1865.

CURE OF CRICK IN THE BACK AND LUMBAGO. Lyons, N. Y., July 4, 1868.

Messrs. ALLCOCK & Co. Please send me a dollar's worth of your Plasters. They have cured me of a crick in the back, which has troubled me for some time, and now my father is going to try them for difficulty about the heart. L. H. SHERWOOD.

Railroad Across the Continent.

The CENTRAL PACIFIC RAILROAD COMPANY are authorized by acts of Congress to construct, with the aid and supervision of the United States Government, the Western and principal portion of the National Trunk Line between the Pacific Coast and the Mississippi Valley. They have built by far the most difficult and expensive portion of their road, and have an unprecedented working force extending the track across the Salt Lake Basin. By the close of 1868, it is expected that they will have 400 miles in full operation; and that the

ENTIRE LINE WILL BE COMPLETED IN 1870.

More than TWENTY MILLIONS OF DOLLARS have been expended in the work, and the CONSTRUCTION RESOURCES are ample for the remainder. They consist of

1. UNITED STATES BONDS to the extent of \$35,000 per mile, average, delivered as the work progresses.

2. FIRST MORTGAGE BONDS to the same amount issued also according to the progress of the road, and having the preferred claim—superior to that of the Government.

3. GRANT OF PUBLIC LANDS along the route, 12,800 acres per mile, or nearly ten million acres in all, which are now selling at the minimum rate of \$1.50 per acre.

4. CAPITAL STOCK of \$20,000,000, of which \$5,000,000 is subscribed and paid on the work done.

5. CASH RESOURCES, comprising Donations from California sources amounting to \$1,250,000, Net Earnings, etc., to \$65 to \$170, \$6,500,000, making a total of more than Seventy Millions upon the first 726 Miles.

The Company now offer for sale through us at their Par Value and Accrued Interest, in currency, a limited amount of the

FIRST MORTGAGE BONDS, bearing six per cent. per annum—both INTEREST AND PRINCIPAL being explicitly made "PAYABLE IN GOLD COIN," conformably with the special laws of the Pacific States.

The Bonds are of \$1,000 each, with semi-annual gold coupons attached, payable in July and January.

The Company reserve the right to advance the price at any time; but all orders actually in transit at the time of any such advance will be filled at present price. They are believed to combine greater attractions of safety, reliability and profit than any other securities now offered, and are recommended to persons seeking desirable steady investments. We receive all classes of Government Bonds, at their full market rates, in exchange for the Central Pacific Railroad Bonds, thus enabling the holders to realize from 5 to 10 per cent. profit and keep the principal of their investments equally secure.

Orders and inquiries will receive prompt attention. Information—Descriptive Pamphlets, etc., giving a full account of the Organization, Progress, Business and Prospects of the Enterprise furnished on application. Bonds sent by return Express at our cost.
