Gladstone denounced Disraeli's eulogy of the Tories as in bad taste and partly false, laughed at his prophesies, and denounced the proposal to dissolve Parliament after such a defeat as unheard of He said the proposal to hold office the rest of the year was utterly unconstitutional. The Liberals would go on, and if the resolves on the Irish Church pasted the House, a bill would follow them. He would not urge a suspension to-night, if the Ministry would fix an early day to continue the debate. Lowe denounced the Tory policy as unconstitutional, and Bright denounced the Ministry from its beginning. LOSS OF HAIR.

MESSES. JOSEPH BURNETT & CO:

I cannot refuse to state the salutary effect in my own aggravated case, of your excellent Hair Oil,—Cocoairs.

Eor many months my hair had been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without path.

paiu.

By the advice of my physician, to whom you had shown your process of purifying the Oil, I commenced its use the last week in June. The first application allayed the itching and irritation. In three or four days the redness and tenderness disappeared; the hair ceased to fall; and I have now a thick growth of new hair.

Yours, very truly,

SUSAN R. POPE.

A REMARKABLE CASE.

MESSAS. BURNETT & Co. :- EAST MIDDLEBORO' MASS. June 9, 1864. I send you a statement of my daughter's case, as requested. She will have been sick six years, if she lives until the 1st of Au-

She will have been sick six years, if she lives until the list of August next.

When the hair came off she had been afflicted with neuralgia in her head for three years. She had used, during that time in my powerful applications. These, with the intense heat caused by the pains, burned her hair so badly that, in October, 1861, it all came off, and for two years after, her head was as smooth as her face:

Through the recommendation of a friend, she was induced to try your Cocanns, and the result was astonishing. She had not used half the contents of a bottle before her head was covered with a fine young hair. In four months the hair has grown several inches in length, very thick, soft and fine, and of a darker color than formerly. She still continues the Cocoaine, and we have little fear of her losing her hair.

MRS. PAIGE'S NEW METHOD

FOR THE

Piano-forte, Organ and Voice.

OWING to the great popularity of Mrs. Paige's System of instruction, applications for teachers are constantly being received from different parts of the country.

To meet this demand, a large number of ladies and gentlemen are wanted immediately at our Studio to qualify themselves for this work, and positions will be secured for them. Those desiring the use of instruments can be accommodated at our rooms.

This method is so simple and comprehensive that after one month of close application, parties can commence teaching and continue their course by correspondence.

It is not a superficial process, but it gives a thorough knowledge of the science of music, mathematically arranged. More can be acquired in six membrs than by any other method for years. Pupils have more practice in three months in this than in three years by the old system. Hence it brings a musical education within the reach of all; and it applies to all music precisely as it is written, without any change whatever. These statements can be substantiated by facts. References will be given on application.

Having obtained the assistance of able and experienced teachers, we are prepared to give our patrons all needed attention. Pupils admited for private lessons at any time. Adult, and juvenile classes will be formed at our rooms for the Piano, Organ and Vocal Music by the quarter or by the year.

The public are cautioned against imposters. No one is authorized to teach this method except those who can present diplomas bearing Mrs. J. B. Paige's signature, who is the inventor and sole proprietor.
