of St. George's church, principal, and Rev. Edward Webb of the Pencader church alternate. Elder J. M. Vandegrift principal and Dr. David Stewart alternate, were elected Commissioners to the next General Assembly .- IV. The pastoral relation between Rev. John Severance and the church at Milford was dissolved.—V. The pastoral relation between the Rev. D. H Emerson and the St. Georges church was dissolved.—VI. The following resolutions on the subject of reunion were unanimously adopted, viz .:--

Resolved That this Presbytery expresses its desire for a union of the two branches of our Church, if, on terms of perfect equality a union can be made, in which each branch of the Church shall be held to be the peer of the other in all that relates to doctrine or practice, in which the past orthodoxy of either shall not be called in question so as to make future ground of complaint or accusation, and in which no test shall be applied in respect to doctrine which has not been freely recognized by each body in its separate existence.

Resolved That our Commissioners are instructed to favor and if possible to promote a union on these general principles, and to consent to none in which they are not clearly recognized.

Hudson was cheered by the reports of revivals in the congregations of Port Jervis, Denton, and Ridgebury, and the good work now in progress at Middletown. The church recently organized at Ramapo, and its minister, Rev. G. B. Bell was received. Mers F. W. Farries, who has been laboring with the church of Otisville, and J. B. Griswold, laboring at Washingtonville, were received under the care of Presbytery, and examined with a view to ordination and installation, they having accepted calls from these churches. Presbytery licensed Messrs. O. H. Elmer of Chester, and F. F. Jessup of Florida. The pastoral relation between Rev. J. M. McNulty and the church of Montgomery was dissolved.

San Francisco, at the regular spring meeting held at the Howard Church, San Francisco, the first of April, received an application for the organization of a church on the Potrero in that city; and a Commission of Presbytery was appointed to comply with the request, should the way be open, and it was expected that the church would be organized Sabbath, April 5 .-

MINISTERIAL.—Rev. W. W. Wetmore, late of Rock Island, Ill., has removed to Clinton, Lenawee county, and taken charge of a union Congregational church there.—Rev. J. D. Mc Cord has closed his three years pastorate at Plymouth, O. He goes to Mishawaka, Ind.—Rev. N. Elmer of Oakfield, N. Y. has accepted a call to the church of Deckertown, N. J.—Rev. L. Conklin, has resigned his pastoral connection with the church at East Bloomfield, N. Y., and removed to the immediate vicinity of Rochester.-Rev. Edwin R. Davis, late of Avon, N. Y., has accepted an invitation to labor in a mission enter- er having left the day before we landed we had prise in Chicago, under the patronage of Dr. Pat- to wait till the 4th of February, when this ship terson's congregation. His address is now 89 in which we are now sailing, left Southampton. Van Buren street.—Arrangements have been made for an exchange of pulpits between the Rev. Dr. Scudder of San Francisco, and the Rev. Eli Corwin of Honolulu, for several months during the coming Summer.—Rev. Rufus R. Deming died at Constable, N. Y., April 12th. Deceased was born in Greenville, N. Y., in 1792. Licensed by the Presbytery of Oneida in 1825. Many feeble churches in Northern and Central New York have eccasion for thanksgiving for his labors of love. - Rev. P. S. Van Nest has accepted the pressing invitation of the Du Quoin Church, Ill, to labor with them, as his health permits, and has accordingly removed from Union Corners, N. Y., to the former place.

CHURCHES.—Rev. S. N. Robbison having finished his engagement with the First Church as is the adjoining parish of Middlefield Centre. -The church in Manchester, Mich., have found it necessary to enlarge their house of worship by the addition of thirty feet, and to make some alterations at an expense of \$1,800.—The church in Osceola, Mo., which was organized last October, has a subscription of \$2,000, for a building, which they hope to get up by fall.—The Advance says :- "The church at New Haven, N. Y. have withdrawn from Presbytery and propose to unite soon with the Oswego Association."-Rev. S. E. Wishard's people have resolved to enlarge their house of worship, and have ten thousand dollars already raised towards it in Battle Creek, Mich. -At a recent meeting of the congregation of the Classon Avenue church Brooklyn, the Trustees were authorized to go on with the erection of the new church edifice on Classon Avenue. Nearly \$40,000 of subscriptions for pews have already been obtained, and so favorable are the prospects for being able to sell more than it is desirable to dispose of, that by a resolution introduced at the meeting the Trustees are directed to dispose of only \$20,000 worth more. The extension of the present chapel is nearly finished.—The Olivet Church of Wilmington celebrated May 3d for the second time the dying love of Jesus. Seven persons were added to the church on that occasion, two by letter and five on profession. Six were heads of families. We regard it as as a very valuable accession. A. J. S.

REVIVALS .- In Lena, Ill., the church has been awakened to a sense of its, responsibilities, and twelve persons have been brought in, in the past three months, including one man in his seventy-sixth year.—In Chatham Centre, O, many have found peace in believing; alienations of long standing have been healed; backsliders reclaimed; decayed altars restored; new ones erected, and a general interest on the subject of religion awakened. On the second Sabbath of April, twenty were received to the church—all but one by profession. Others are expecting to profess Christ at the next communion. The results of the awakening in the Third Church, New Albany, Ind., are seen in the report to Presbytery:-members received, 171 on profession of faith: 13 by certificate; the freewill offerings for church and missionary purposes amount to over \$22,000.—Twenty-seven were received into the Church on College Hill, May 3d; twenty-three by profession and four by letter.-Lafayette, (Ind.) church, received seventeen at its last communion, eleven of them young men; making twenty-five since January.—The pastor of our church in Sennett, N. Y., writes us that their observance of week of Prayer was followed by meetings for several weeks. Especial prayers were offered in behalf of the children of the church, and were answered by a religious interest among them which surprized all. One evening

a children's meeting, and before its close five of them requested the prayers of the church. On the first Sabbath in April twenty persons, ranging in age from ten to sixty years, were admitted on profession, and other converts will unite at some future date. Five of the new members are heads of families. The prosperity of the church which has had such an accession of strength, is | Century. only endangered by the prosebytism of its Baptist neighbors.

Banner of the Cobenant.

Mr. Sterling's obituary has been again post

GENERAL SYNOD OF THE REFORMED

PRESBYTERIAN CHURCH. Synod will meet in Rev. Dr. Douglass church, Pittsburgh, on Wednesday, May 20th, 1868, at 7½ o'clock, P. M., to be opened with a sermon by Rev. W. S. Bratton, of Coulterville,

REV. DAVID HERRON.

It will gratify our readers to see the follow ing extracts from a letter addressed to Mr. Geo. H. Stuart, by the respected and loved brother, now we hope arrived at his field of labor in Northern India:

Mediterranean Sea, off the coast of Tunis, February 13th, 1868. My very dear Mr. Stuart:-I have no words to express the swelling gratitude which I have felt ever since I saw you, for your kindness to me before I left home. You have always appeared to me not only as a very dear friend, but as a brother, and your warm, brotherly regard was never more highly appreciated, than just before sailing. It came just at the right time. The thoughts of those last two nights in your

The ships of this line are probably the finest in the world. There are about seventy first-class passengers on board our ship-all English gentlemen and ladies, and very pleasant people. far we have had a very pleasant passage from England with the exception of a short time in the Bay of Biscay. We passed close by several places of historical interest,—Cape St. Vincent, Trafalgar, &c., &c. We stopped several hours at Gibraltar, a place which once seen, is ever to be remembered but not described. It was with no little pride and affection that we looked on the Stars and Stripes of our country among the flags of other nations, and in my opinion the most beautiful of them all. Day before yest rday we had a delightful run along the coast of Algeria. We CHICAGO BONE FERTILIZER were so near the shore that men and cattle were distinctly visible. The scenery was beautiful. has this day (May 4) been advanced to The snowy tops of the Atlas Mountains were, in some places, in full view. We had a splendid view of Algiers. Its villas and private residen ces for miles around it were charming; while the city itself, with its mosques, and churches, and fortifications, and other public buildings, far surpassed in beauty anything that I had expected to see on the coast of Africa. To-day we as an active and permanent manure, than any other shall arrive at Malta. Yours, affectionately, DAVID HERRON.

In our recent report of the proceedings of the Ohio Reformed Presbytery we stated that the attention of Presbytery was called to rumors in the Washington papers in regard to a Rev. member of Presbytery. We are informed that the rumors in question were only in the Washington Correspondence of a Cincinnati paper, that the Editor has made what the person most concerned considers a retraction of them, and that they did not come before Presbytery.

The Western Reformed Presbytery at a meeting held in Hill Prairie (Ill.,) church, took the following action in regard to union with other Churches, after a full and free discussion: Resolved, 1. That the Presbytery does not consider the basis adopted by the Philadelphia Convention as a satisfactory basis for the organic union of the Reformed Presbyterian Church with the other Presbyterian Churches of the land. 2. That inasmuch as the Philadelphia Convention requires that any basis, formed of committees appointed by the different churches must conform to the Philadelphia Basis, it is not expedient at this time to seek in this direction any organic union. 3. That it is the opinion of this Presbytery that our Synod should at once inaugurate measures to bring about a union with those Presbyterian Churches in this country, who in doctrine, order, and worship, are in substantial agreement with ourselves.

Special Actices.

GENERAL ASSEMBLY.—The following R. R. Compa nies have agreed to return free such delegates to the General Assembly, as passed over their roads and pa d full fare in going to Harrisburg, viz:

pennsylvania R. B., Philadelphia and Eric, Philadelphia and Reading, Philadelphia, Wilmington and Baltimore, Northern Central, Central R. C. of New Jersey, East Pennsylvania R. R., Lehigh Valley R. R., Lebinon Valley R. R., Baltimore and Ohio, Pittsburgh, Columbus and Cincinnati, (Pan Handle), Atlantic and Great Western.

The New Jersey R. R. and Transportation Co., will issue excursion tickets from New York to Philadelphia and West Philadelphia not two-thirds the usual fare.

Notice will be given if arrangements are effected with other Roads

T. H. ROBINSON, Chairman Com. Arr.

The Third Presbytery of Philadelphia will hold an adjourned meeting in the Presbyterian House, Philadelphia, on Monday, May 18, at 12½ o'clock, P. M. May 8, 1868. B. HOTCHKIN, Stated Clerk.

Ayer's Sarsaparilla. FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cares, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination antil they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed or its virtues or uses.

fore sailing. It came just at the right time. The thoughts of those last two nights in your home, of the meeting in Broad St. church, of the friendly faces and waving hats as I left your depot, of the presence and loving words of Dr. Scott at the ship, and of your thoughtful friendship which followed me up till the last in your worthy representative Dr. Hall, who among the last took me by the hand and said, "I have come here to represent Mr. Geo. H. Stuart," the thoughts of these things have surrounded me ever since with a loving companionship.

We had a rough, stormy passage across the Atlantic. We landed at Liverpool on the morning of the 21st of January. We left Liverpool on the evening of the 22nd, and arrived that night in our lodgings in London which had been taken for us by a friend. The P. and O. steamer having left the day before we landed we had to wait till the 4th of February, when this ship in which we are now sailing, left Southampton.

The ships of this line are probably the finest

UNION PACIFIC

RAILROAD COMPANY OFFER A LIMITED AMOUNT OF THEIR

First Mortgage Bonds

AT PAR,

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

The Great Pacific Railroad Line, extending 1721 miles from Omaha, on the Missouri River, to the tide-waters of the Pacific Ocean, is being built by two powerful Companies—The Union Pa-CIFIC, beginning at Omaha, building West, and the Central Pa cific of California, beginning at Sacramento, building East, unti the two roads shall meet.

Both Companies have prosecuted the work with great vigor, the Union Pacific having already expended over THIRTY MILLION DOLLARS,

and the Central over Twenty Millions, upon their respective parts of the undertaking. THE UNION PACIFIC HAVE COMPLETED 560 MILES—have iron and other materials for two hundred miles nore upon the ground, and one hundred additional miles are ready for the track. They will have a much larger force employed this year than ever before, and it is expected that between

800 and 900 MILES

will be in operation during 1868. There seems to be no reasonable doubt that the distance between Omaha and Sacramento will be reversed by rail in 1870,

THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds to the average amount of \$28,000 per mile, to aid in the onstruction of the line, and authorizes the issue of the First Mortgage Bonds now offered for sale, to the same amount and no nore. The Government takes a second lien, and gives to the First Mortgage Bondholders a prior lieu for their security, to which a large paid-up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government com mission, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profitable in the world-but its way or local business is already several times the interest on its bonds; so that, if not another mile were built, they would be a secure investment:

THE NET EARNINGS for eight months of last year on an aver age of 336 miles are officially reported at \$1,069,136, while the interest on all the Bonds it could issue on that length of road for that time, reduced to currency, was only \$345,856.

The amount paid by the Government for the transportation of troops, munitions, stores and mails has been, and doubtless will continue to be, much more than the interest on the United States econd Mortgage Bonds. If it is not, the charter provides that after the road is completed, and until said bonds and interest are paid, at least five per cent. of the net earnings of the road shall be applied to such payment.

The Union Pacific Bonds are for \$1,000 each, and have coupe attached. They have thirty years to run, and bear annual interest payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. it gold. The Principal is payable in gold at maturity. At the present rate of gold, these bond pay an annual income on their cost of NEARLY NINE PER CENT.,

AND IT IN BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.

The Company have but a very limited supply of their Bonds remaining on hand, but any subscriptions accepted to a greater mount than can be filled from Bonds now in the Company's pos session, will be supplied from the New Bonds to be issued on that portion of the road completed in the Spring, in the order in which they are received.

The Company reserve the right to advance the price of their onds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance. Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum. from the date on which the last coupon was paid. Subscriptions will be received in Philadelphia by
DE HAVEN & BRO.,

WM. PAINTER & CO.,

At the Company's Office, No. 20 Nassau Street, AND BY

John J. Cisco & Son, Bankers, No. 59 Wall St. And by the Company's advertised agents throughout the

United States. Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express

sa fe delivery. A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resource of the Country traversed by the Road, the Means for Construction nd the Value of the Bonds, which will be sent free on application t the Company's offices or to any of the advertised agents.

ALLCOCK'S Porous Plasters

ward sinking, for conghs, colds, asthma, and difficulty of breath ing; oppression and fatigue about the diaphragm. They give much ease in Gont and Rheumatism, weakness of the back, and in affections and pain about the kidneys. In Lumbago they act like a charm. In a few hours a violent cough is relieved by a plaster applied upon the chest. Many persons believe a cold cannot be taken while a plaster is worn upon the chest; this we do know, they greatly assist in the cure of a neglected cold, so often the introducer of Consumption.

No plaster yet made is so entirely free from objections as the POROUS PLASTERS. Being a preparation from Frunkincense, Rubber and Burgundy pitch, the seem to possess the quality of Accumulating Electricity

and imparting it to the body, whereby the circulation of the blood becomes equalized upon the part where applied, causing pain and morbid action to cease. The Porous Plasters are flexible, and found of great help to those who have weak backs, or pain in the side. Especially are they valuable to those who have neglected colds. They are often preventives of Consumption; nay, they are believed to have often loosened the grasp of this terrible affliction, and been mainly instrumental in effecting a cure. In variable climates they should be worn on the breast or between the shoulders, or over the kidneys, by those who are subject to take cold easily. This simple plan will soon produce a constitutional vigor that will enable it to resist extraordinary changes of temperature. Experience has proved the Porons Plaster to be a blessing to the consumptively inclined, invariably producing the most remarkable abatement of the worst symptoms.

\$5,000 WORTH SOLD BY ONE DEALER. Messrs. J. Balch & Son, Druggists, of Providence, R. I., write

Nov. 23, 1867 : "We have sold at retail over our counter upward of \$5.0: 0 worth of Allcock's Porons Plasters, and in every case they gave satisfaction. They are favorites with physicians, because the components and method of making them are known.

IMPORTANT FROM A PHYSICIAN.

Messrs Thos. Allcock & Co. Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entan-

glement of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever-He would cheerfully pay \$5 for a single plaster if they could not be had at a lower rate. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known.

J. W. JOHNSON, M.D.

HOME EVIDENCE.

Sing Sing, March 10, 1868. Messrs. Thomas Allcock & Co. I have suffered greatly from a weak back; at last the pain became so severe I could not get out of my bed. My doctor, S. J. Fisher, of this village, recommended me to apply an Allcock Porous Plaster. I did so, and in two hours the pain legan to abate. The spot where the pain was most severe seemed like a coal of fire, and which the plaster appeared to draw out. The day after I applied the plaster I got up, and my trouble was all gone. I wore

the plaster three weeks, and since the second day after apply.

ing it, have had as strong and well a back as any one. If I had

paid fifty dollars for a plaster I should have considered it cheap Yours, CLINTON D. HAMMOND.

AFFECTION OF THE HEART CURED.

Glen Riddle P. O., Delaware Co., Pa., March 16, 1868.

Messrs. Thomas Allook & Co.

Having been troubled with heart disease for a long time, and after doctoring with our physician for months and obtaining no relief, I gave up in despair. I was troubled with sharp pains in my chest, and loud sounds about my heart, and often felt that death would be a blessing. At this time I was persuaded to apply one of your Porous Plasters. Within a few hours after placing on in my chest, I felt no more pain, and all throbbing ceased about my heart, and I have felt like a new man. Send me your prices by the quantity. Yours respectfully, CHARLES BATTY.

PAIN OF THE SIDE CURED.

Messrs. T. Allcock & Co. DEAR SIRS: My daughter used one of your Porous Plasters. Sho had a very bad paintin her side, and it cured her in one week. Yours truly, JOHN V. N. HUNTER.

SORE CHEST AND COUGH.

Sin: In May last I was visiting my cousin in Corning, who got me one of your Porous Plasters for my chest. I was so sore through me at the time that I could hardly speak or breathe. It was not more than three hours after I put it on before I felt comfortable. I had suffered very much from soreness of the chest, with cough and hoarseness, for months; but your Plaster has cured me, and my health is better than it has been for years.
Yours, respectfully. PHEBE PATCHER.

Beaver Dam, Schuyler Co., N. Y., Sept 14, 1865.

CURE OF CRICK IN THE BACK & LUMBAGO. Lyons, N. Y., July 4, 1863.

Messrs. Allcock & Co. Please send me a dollar's worth of your Plasters They have cured me of a crick in the back, which has troubled ne for some time, and now my father is going to try them for difficulty about the heart. L. H. SHERWOOD.
