still imperative. There impression was that do the celling of the tenth article was impracticable.  $M_{T}$ . Day said he would not now like to throw that fire-brand into the camp. He did not believe that his Assembly would like to leave out that article. Dr. Beatty desired here to say that he was not a

member of the other Assembly, and, therefore, could not reply to inquiries.

Dr. Nelson was permitted to say that while his heart responded thoroughly to the speeches, he still felt there were others who differed from these gentlemen as from us. He felt moved when the gray heads were so kindly covered just now. He desired to speak directly in answer to Mr. Day whose elegant hospitality the Joint Committee had enjoyed. He was himself only a plain blunt man, and he desired to speak plainly. Now there were those who conscien-tiously differed from us, as we from them, in the matter of the subscription to the Confession of Faith. And while we would be ready to welcome any mem-ber in good standing, he would like to ask the plain question whether the other Assembly would receive in good faith Albert Barnes and men who hold his views? The 10th article in such an aspect was not conducive to the unity of the spirit. He desired to avoid misun-derstanding. Mr. Barnes' views were no more held by us all than Dr. Hodge's on the other side. But both extremes must be included, and we must under-stand each other. Dr. Patterson had pointed out the way. It was to have the confidence of the other side exhibited by their remission of a claim to the right of putting us under the control of their Presbyteries.

Dr. Patterson read rule 19 of the rules for Judica-tories, forbidding reconsideration uncess two-thirds

vote for it. Dr. Smith thought it strange that the objections were all on one side, and that the point of order was now just raised without giving their side opportunity speak.

Drs. Patterson and Nelson disclaimed that the

overlooked the point of order—both having redor it, Dr. Patterson hoped Prof. Smith would be he Dr. Smith continued, saying that he hoped we past the old point of suspicion. He wanted the yeard and nays called to see if the proper number was in the

house. Prof. Morris, of Lane, moved a Committee of five-

which along with some other discussions and points of order was ended by a call of the roll, to see how many were in the house and were prepared for business. ess. *The Moderator* ruled that members of the house must

say "Aye or No" on the question to reconsider. From which decision Mr. Dodge appealed to the house, se-conded by Rev. S. W. Crittenden. The appeal was not sustained.

On the roll call 117 voted Aye and 36 No, 153 in all -which not being the requisite two-thirds the proposition was lost.

Prof. Smith again offered Prof. Morris's resolution: Resolved, That a Committee of five be appointed by the Moderator to take into consideration the proposi-tion of the General Assembly at Albany to confer with the Committee from the Old School Assembly in regard to the matter, and to recommend such action as they may deem suitable in the premises.

Elder Elisha Taylor urged that this was out of order after the vote just taken. It was only another method of attaining the same end.

Dr. Patterson opposed this on constitutional grounds. We had no right to call up even in substance what we had not the power to act upon. He did not object as a matter of courtesy, but only of strict rule. Rev. Dr. Butler moved to strike from the resolution

the words, "to take into consideration the proposition of the Assembly at Albany." The amend agreed to, and the resolution was adopted. The amendment was

MONDAY EVENING, JUNE 1.

The Moderator appointed, as the Committee on Arrangements for the next meeting: Bey. Dr. George L. Prentiss, Rev. T. H. Hastings, Hon. Wm. E. Dodge, J. P. Crosby, Esq., G. W. James, Esq., George W. Lane, Esq., and Charles A. Davidson. As Committee on Chaplains in Army and Navy, as recommended by the Committee on Bills and Overtures, he appointed Rev. Albert Barnes, Rev. S W. Fisher, D.D., Rev. E. F. Hatfield, D.D., and Messers. Wm. E. Dodge and Edward Miller.

The members of the lower judicatory then retired, and the roll was called to give opportunity for remarks. The complaint was sustained, and the decisions | college grew out of the necessity felt for raising upon of all the lower courts reversed on motion of Father

Rankin. The retiring Synod was then recalled and the decision reaffirmed in acting upon the minutes of the Synod of Peoria which were before the Assembly. Rev, Henry B. Smith, D.D., presented the report of the Special Committee of five to confer with the O. S. delegates. The report states that while there were differences of opinion as to what was practicable, yet they had by a decided majority determined to recommend the following to be entered as a minute: This Assembly has heard with profound satisfaction and reciprocates, with cordial fellowship, the state-

ment of the delegation from the General Assembly at Albany about the plan of reunion. In respect, however, to the proposition for a change

in article first, as our Assembly is on the eve of adjournment and greatly reduced in numbers: Resolved, That we regret that no action can now be had upon this subject, as it cannot, according to had upon this subject, as it cannot, according to our rules, be reconsidered and amended at the present session of the Assembly; no can the proposed amend-ment be now sent down and Presbyteries in such a form as that its adoption would be of any legal ffect.

The recommendation was unanimously adopted."

Rev. Dr. Fisher offered the following: Resolved, That the Joint Committee of fifteen on re-union be continued, and that the other Assembly be requested to appoint a similar Committee to co-operate with this Committee in furnishing such information as they may deem best to the churches in order to scoure intelligent action on the subject of reunion. Adopted.

Rev. Robert Aikman presented a minute with reference to a plán of the Newark Presbytery! which pro-poses to establish in the city of Newark a Mission House for the rapid education of Germans for the work of the ministry among their own people. His resolution was to approve this action and to commend it to other Presbyteries. Passed and the suggestion of Dr. J. G. Buller, agreeably to the suggestion of Dr. Musgrave, Chairman of the Committee from he National Union Presbyterian Convention, moved

hat a committee of five be appointed to confer with l the churches on union. Agreed to The report on S. S. was taken from the docket. On

Rev. Thomas Brown was given opportunity to ad-dress the house concerning Maryville College. That the ground a set of men to do the work of Home missionaries. At first they were so low down as to get

only corn bread and rye coffee without cream or sugar, had a hard time of it according to Mr. Brown, during the days of the war, almost destroying the institution. They had been separated from the church for about eight years, but as soon as they could, they came back. They had now sixty students, two professors and one tutor and were in great straits about money. The excellent brethren who go down from the North don't do for that country. Men must be raised upon the ground. Funds can be better invested there than al-

most any where he knew of in Christ's kingdom. Rev. James A. Griffes, also of Tennessee was about the only one from the North who had remained down there three years. The work before that Synod de-pended on Maryville College, and must be done by na-tive workers. They have now about \$20.000 partly in property and partly in cash. Their building is warworn and badly used. Of the sixty-two men there, twelve are candidates for the ministry. If the work could be assisted from the North then, there would be a great increase in the number of pupils. The Synod

of Tennessee is a strategic point. The Stated Clerk was authorized to have printed 2,500 copies of the minutes of the Assembly,

Telegram from Albany. Dr. Buller read a dispatch from the Old School As-sembly, at Assembly, dated this afternoon; amouncing that the Assembly had unanimously passed a resolution to the effect that the (O. S.) Assembly desired it to be distinctly understood that the first article of the basis of union, adopted on Friday evening; should not be construed as giving license to the propagation of doctrines which have been condemned by either Assembly, nor to permit any Presbytery in the United Semidy, nor to bermit any Fresbyteryin and banted Church to license or ordain to the work of the minis-try, any candidate who maintains any form of dockine condemned by either Assembly. The dispatch was signed by the Permanent Clerk. Rev. T. Raiston-Smith, D. D., commended the Ameri-can Bible Solicity in Wiew short schences.

Dr. Prentiss then read a resolution commending the objects of that society, which was adopted. As trustees of the Pres. House, Rev. Albert Barnes,

Rev. Ezra E. Adams and Messrs. S. H. Berkins and Alexanden Whildin, were elected. Hon. Wm. E. Dodge, A. M. Bröwn, Rev. J. T. Duryea and Rev. Ar-

The Moderator spoke of the order to be maintained in the house, and read the appropriate rules. Dr. Henry A. Nelson, from the Committee to Nomi-

nate a Committee of five to establish Synodical and Presbyterial boundaries and propose amendments to the constitution of the reunited Church if needful, re-ported the names of Rev. S. W. Fisher, D.D., Rev. Edwin F. Hatfield, D.D., Rev. Robert W. Patterson, D.D., Rev. Jas. F. Tuttle, D D., and Rev. J. Glentworth Butler, D.D. The report was accepted and adopted. Rev. Geo. Duffield, Jr., presented the report of the Standing Committee on Sabbath-schools. The report was accepted and placed upon the docket.

Rev. Dr. Prentiss read a communication of thanks to the Joint Committee "for the eminent zeal, fidelity, patience and Christian wisdom with which they have performed the important duty assigned to them." This was adopted.

The Committee on Church Polity reported through Rev. Elias J. Richards. The first overture respected a candidate received by session and not called forward by the pastor to profess his faith at the first publiccommunion occasion. The question as to the status o such a member being in thesi, was indefinitely pos poned.

Overture 2d was whether an elder elect but not dained, was competent to sit on a judicial case a

member of session. Answered in the negative. Overture 3d, as to the legality of a session in-cluding such an elder, was answered in the negative,

overture 4th was with regard to a man who takes overture 4th was with regard to a man who takes a letter and comes back after a time having sustained good character, &c. Shall he be received without more words? Answered in the affirmative and passed. 5. Another overture respecting lay preaching was

recommended to be dismissed, and the recommendation of the Committee adopted.

6. The 2d Presbyterian Church, Bloomington, Ill., ask if it be right to receive members without a regular dismissal from another Church. Answered 'No.' (Bk. of Dis. XI. 7.) Decision of the house was that it should be understood to apply to members of our own Church and that the answer be approved. *Rev. D. H. Emerson* offered the following which was

adopted:

Resolved, That the American Seamen's Friend Society, organized to promote the social and moral improvement of seamen, proposes a work that, in the judgment of this Assembly, is intimately connected with the promised conversion of "the abundance of the sea," and the universal extension of the Redeemer's Kingdom.

Resolved, That we rejoice to learn that the work of the Society has been attended by signal indications of the Divine favor; and that we commend it to the sympathy and aid, of our churches.

Hon. A. P. Hascall offered a resolution that it is the right of Presbyteries and Synods to invite ruling. elders to sit as corresponding members. Referred to the Committee on Church Polity. The unfinished business which is the Peoria Synod

Judicial Case (Jessup vs. McLean,) was then taken up. The Moderator ruled that any member of the Synod could be heard.

Rev. Geo. Duffield,  $J_{T,i}$ , said he had dissented from the Synod's decision (1,) because the whole case was an ecclesiastical abortion; (2.) because there was no evidence of partizanship and so no evidence of traud, and (8.) because it was an unheard of thing to cut a man off and excommunicate him, at once., Haying said which, as briefly as it is here set down, he sat down himself, having, as it afterwards appeared, ex-pressed the judgment of the Assembly.

Dr. Bu ler (the newly elected Secretary of the A. and F. C. U., spoke for a moment on the subject. The resolutions were adopted.

Dr. Buller brought up the matters of manses and ministers' Libraries and advised that the Assembly re-affirm the action of last year and that the Committee

be continued. Passed. E. T. Huntington of Rochester offened a resolution disbanding the Permanent Committee on Sabbath Schools, which was not adopted.
