

News of the Week.

GENERAL.

The Public Debt.—The outstanding promises to pay amount to \$2,607,942,285 01. Deducting cash in the Treasury we have as the national debt, \$2,509,200,313 03. Besides this, there are bonds loaned to the Pacific R. R. to the amount of \$35,314,000,000.

U. S. Commissioner Rollins refuses to comply with the warrant issued in New York for his arrest, saying that there is no ground for the charges brought, such as would justify his having been arrested. The President is knowing anything of this scandalous assault on the character of a high official, but it is hardly originated with him, though perhaps not meant to go so far. A man came to him some time ago with a wonderful story about the whiskey-ring and the Commissioner, and was sent off to the New York detectives without Mr. Rollins being told anything about it.

Navy.—The force has been reduced to what it was before the war—8,500 men.

The merchant Marine of the U. S. numbers 22,735 vessels, with a tonnage of 3,563,028.

Political.—Col. Wm. Brown, of Kentucky, a member of the National Democratic Convention, writes to the Cincinnati Commercial: "I have in my possession a copy of the platform submitted to the Chief Justice [Chase] by the progressivists of the Democratic party, and said platform was seen, read, and approved by Horatio Seymour before the Convention met, and it accepts negro suffrage." Col. Brown was the leader in the Chase movement, but now supports Grant. The address furnished by the leaders of the rebellion to Gen. Rosecrans declares that the South acquiesces in the results of the war as to State Rights and Slavery; that they have no wish or motive to ill-treat or oppress the negro; but that they cannot accept negro suffrage and miracle. They ask that white government be restored to that section.

Army.—An "Association of the Army of the James" was formed at Boston, Sept. 2d, with Gen. Dev as its President.

Diplomatic.—Mr. Burlingame and suite sailed for Europe yesterday, Sept. 10.

Congress.—The demand for a September session still comes from the South, the recent legislative outrage in Georgia requiring speedy action.

Connecticut.—Thos. H. Seymour died, Sept. 3d, aged 61.

Vermont.—The State election came off Sept. 1st. Last year the Republican majority was 20,000. This year it is about 27,000. The Senate, nearly all the House, and the three Congressmen are Republican.

New York.—The State Democratic Convention met, Sept. 2d, and nominated for Governor, Mayor John T. Hoffman of N. Y. City. A warrant for the arrest of U. S. Commissioner Rollins for complicity in the whiskey frauds has been issued.—Several revenue officers, implicated in the doings of the whiskey-ring have been arrested.—The city Board of Councilmen is abolished by a bill which the Governor has just signed.—There are 40,964 in-door paupers in New York city, costing 33 cents per day to the city; besides 21,871 recipients of out-door relief.—Gerrit Smith has given Oswego \$3,000 for public improvements.

Colorado.—Further massacres by the Indians are reported.

Wyoming.—The people of this new Territory wish the President to appoint a Governor, &c., in accordance with the law of last Congress, and offer to pay the expense by voluntary contributions, no provision having been made for the purpose. The President did nominate a Governor and Lieutenant Governor before the Senate adjourned, but they were not confirmed. Wyoming is a section of Dacotah, whose Capital is a thousand miles away.

Kansas.—An attack on Fort Dodge by the Indians, Sept. 3d, was repulsed with the loss of four of the garrison killed and seventeen wounded.

Tennessee.—A delegation was sent by the Legislature, ask the President for military force to suppress violence and disorder in the State.

Georgia.—The colored members of the House spoke for days on time against a resolution to declare colored men ineligible to office in the State, and thereby to expel them. A rule to confine them to an hour each was passed.—The resolution was passed, Sept. 3d, and twenty-five colored members of the House thereby unseated. The House voted the usual pay to the expelled members for the time for which they occupied seats, and declared the persons having the next highest number of votes entitled to their seats, if not constitutionally ineligible. The expulsion gives the Democrats a majority.—A Debtor's Relief bill has passed the Senate.—A resolution is under consideration in the Senate to declare the two colored Senators ineligible.

Louisiana.—The Legislature authorizes the city of New Orleans to borrow one million dollars for current expenses.—A bill has passed the House to vest the control of the public schools of New Orleans in a Board of Directors appointed by the Governor.

BY ATLANTIC TELEGRAPH.

September 1.—London.—Further authentic advices confirm the reports of the defeat of Brazil and her allies on the 14th and 16th of July, with heavy loss. The evacuation of Humata is not discovered till the 25th. Lopez's new line of defence on the Tebiquary is regarded as impregnable, and has been more than a year in building.—Bright, in an able address to his Manchester constituency, advocates a further extension of the suffrage, and says the Irish disestablishment would strengthen the cause of Christianity and the British Constitution.—The English cricketers eleven sail to-morrow.

Manchester.—Murphy, the anti-Catholic agitator, who provoked the Sheffield riots, is held here in default of bail to keep the peace. Paris.—M. Mingne, Minister of Finance, adds another to the list of official pacific speeches, with a hint that France is strong enough to be ready for anything.

September 2.—London.—The Times complains of the recent U. S. treaty with China, as an attempt to restore the old policy of favoritism and monopoly. It says England is more interested in China, has larger trade and more friendly relations with her, and has done her more service (in the suppression of the rebellion) than any other power. The new treaty gains China nothing, but secures a telegraph and railway monopoly for the U. S. This change of policy in the Chinese court it ascribes to the inspiration of jealous foreign powers, and to the anti-foreign jealousy of the Chinese ministry.—Paris.—The Monitor points out that the leaves of absence from the army are more numerous than ever before.—The holders of Franco-Mexican bonds are to get 30 per cent. of the grant voted by the Chambers, as a first installment of what is due them.—Berlin.—Recruiting is stopped for three months.—Florence.—The military posts along the Papal frontier have been increased by Italy.—St. Petersburg.—The Governor of Eastern Siberia is to meet Chinese envoys to settle the disputes as to the boundary of the two Empires.

Several incendiary fires there.—Liverpool.—The coroner's jury in the Abergree R. R. case, find a verdict of manslaughter against the brakeman of the freight train.—Vienna.—At the Farmer's Feast to-day, Von Buetz pledged Austria to liberality and peace.—Tehran.—Muzaffer Edin Mirza, heir to the Persian crown, has died of cholera.

September 5.—Hon. Reverdy Johnson made another speech yesterday at Sheffield, in reply to an address from the municipality. He complimented Mr. Adams and the Queen, saying that American regard for Victoria added another to the bonds of amity between the two countries. He said that however nationally and morally heterogeneous the materials from which our nation was formed, they were all being assimilated into one great nation, English in character and in good morals, and bound to peace with England by identity of language, institutions and aspirations. The Times endorses his statements as to the finally English character of the U. S., and as to the friendship of both Grant and Seymour for England.—The Standard (Tory) lays the blame of the non-settlement of the Alabama claims on the U. S.—says that England is more disposed to friendship than America is.—A fire in the Southampton docks has destroyed much shipping.—Paris.—The Procès (Austrian and Romish) denounces Farragut's demand to pass the Dardanelles with his squadron, as prompted by Eassia, and says that Turkey, sustained by the envoys of the other European powers, will refuse permission.—Vienna.—The great Swiss chemist, Schönbauer, died yesterday at Baden Baden.—Vienna.—Farragut is at Athens.

Extract from a letter of S. C. Chandler, Professor of Geology and Mineralogy, East Middlebury, Vt. "Messrs. R. P. Hall & Co., Nashua, N. H.—Gentlemen: Some time since, when I was in your city, delivering a course of Geological Lectures, I procured a bottle of your Vegetable Sicilian Hair Renewer, for the use of myself and family, and I am happy to state, its use has proved all that you have claimed for it."

London's Encyclopaedia of Agriculture remarks: "Unless food be thoroughly deprived of its vegetative powers, before it enters the stomach, the whole nourishment is made up of a food which cannot be derived from it. The Court and Camp OF DAVID.

By Rev. P. C. Headley.

Three names in Sacred History stand in high pre-eminence, and mark eras in human progress, as do milestones in the pathway of travelers. Moses, David and Paul, as representative men, had each a work to accomplish from the Divine Hand, which has linked them to the destinies of our race, and placed their names in imperishable history. The readers attention is invited to DAVID IN HIS COURT AND CAMP. This work was prepared to meet a felt and popular want; but few biographies have been written of this remarkable Sovereign, Hero and Poet of ancient Israel, and these, not always in a style most happily adapted to the masses of our people. Every thing, therefore, relating to David and the several scenes of his life, touches a chord of deepest interest in thoughtful minds; for it stands related to Calvary and the well being of the race.

The author holds a pen of rare descriptive powers, and the work in its Scriptural and graphic style, will awaken fresh interest in the greatest General, and the grandest epoch of Hebrew history. In its mechanical execution, nothing has been left undone to fill the eye and make it a model of excellence; printed on fine toned paper, in bevelled boards, full gilt, and gold lettered, were seen near any other elaborate illustrations, the work will minister to every refined taste and challenge the admiration of all lovers of the beautiful.

Sold only at Subscription Price, \$3.75. Will be ready Aug. 1.
