The gas-light is to be supplied on a principle entirely new here—thirty-six "bull eyes" being placed in the arched ceiling, each eye being so adjusted as to reflect its light upon a certain portion of the floor below. The seats are slightly circular, and are constructed of solid walnut, as are also the doors, gallery for the choir, casing of the organ, etc. The windows are being supplied with the most beautiful stained glass. The main doors are to be hung on hinges which will admit of their being shoved open from the inside as well as the outside. The entire building has been constructed throughout with regard to comfort, safety, and elegance, as well as architectural effect, and is highly creditable to the taste and liberality of the congregation. When completed and furnished, a grand sacred concert will be given, for the purpose of testing the power and effect of the new organ, and giving musical amateurs an opportunity to judge of its merits. -The Presbyterian Banner.

San Francisco.—Sunday afternoon, August 16, the church edifice of the Westminster church, in Hayes' valley, which has been building since April, and has cost not quite \$4,000, was solemnly dedicated. Rev. Dr. Soudder preached a very appropriate sermon, and other clergymen of the city took part in the services, all of which were both interesting and short. Rev. J. N. Hurd is the acting pastor of the church, and by his endeavors, in a great measure, the present success has been achieved. No burden of debt remains upon the church, which is in a flourishing condition. The house is sufficiently large for the present necessity of the church, but is designed for ultimate use as a chapel and Sunday-school room, as the society have a large lot on which they hope, in time, to erect a church that shall accom-

modate many more people.

MINISTERIAL.—Rev. Wm.? C. Scofield, for three years pastor of the Central Presbyterian church of Newark, N. J., accepts the earnest invitation of his former charge at Fort Atkinson, and will enter upon his labors the first Sabbath in October. - The Advance (Cong).

Rev. M. Kieffer, D.D .- At the recent meeting of Tiffin (Ger. Ref.) Classis, this gentleman was dismissed to join Huron Presbytery. The Ref. Church Messenger says: "We regret that any circumstances should have occurred to induce the Rev. Dr. Kieffer to sever his connection with the Reformed Church; but we are satisfied, from our knowledge of his character, that the transfer of his Church relations has not been made without due consideration."

Rev. S. P. Whiting has accepted a call from the First church, Mendocino, Cal, to become their pastor, declining a call from an O.S. church in the same State.

Rev. E. B. Walsworth, the President of the Female College of the Pacific, has received the degree of Doctor of Divinity from the Leroy University, an institution for the education of young ladies, in Western New York.

MARRIED.

NEWTON—MCMASTER.—At Pittsfield, Pa., Sept. 8th, by Rev. John McMaster, Mr. L. V. Newton, of Hydetown, Pa., to Miss Josephine, eldest eaughter of the officiating clergymen.

Special Antices.

The Synod of Wiscousin will meet at Columbus, on Thursday the 8th day of October, instead of the 17th of Septem-ber, (necessarily postponed,) at 7 o'clook, P. M. B. G. RILEY, Stated Clerk. Lodi, Wis., Aug. 27, 1868.

What is the Matter with You? This is the familiar question put to every invalid. In many cases the answer is, "I don't know exactly, but I don't feel well."

Look at the countenance of the man or woman who makes this reply, and you will generally find that the eyes are generally dull and lastreless, the complexion sallow, the cheeks faccid, and the whole expression of the fince dejected. Interrugate the invalid more closely, and you will discover that Constraince, the result of a disordered stomach and a torpid liver is at the bottom of the mischief. "That's what's the matter." Whoever has experienced the affects of

TARRANT'S EFFERVESCENT SELTZER APERIENT in such cases, need not be told to recommend it as a remedy.

AMERICAN

Waltham Watches.

350,000 OF THESE WATHCHES are now speaking

for themselves in the pockets of the people-a proof and a guar anty of their superiority, and furnishing the best reason for their great popularity, and justifying the preference uniformly shown

AN EXPERIENCE of nearly fitteen years has furnished the AEERICAN WATCH COMPANY the opportunity of THOROUGHLY TESTING all really valuable inventions in Watch-making; and it being the sole aim of the Company to produce Wa.ches which, as time-keepers, would bear comparison with the very best made anywhere, they now confidently assert that the WALTHAM WATCHES have every improvement which time and experience have proved

THE AMERICAN WATCH COMPANY desires specially to re

mark that, having had the refusal of all the contrivances designed to prevent damage to the train by the breakage of mainsprings, FOGG'S PATENT CENTER PINION.

WALTHAM WATCHES are now supplied with Patent DUST-PROOF CAPS, protecting the movement from dust, and greatly

was adopted for that purpose as the best, and faultless.

essening the necessity of frequent cleaning, etc., an improvement of very great value to watch-wearers whose watches are exposed to rough usage and constant wear.

THE DIFFERENT GRADES of WALTHAM WATCHES, have requently been submitted to the severest tests to determine their

time-keeping qualities, and have invariably been found thoroughly cliable and accurate, receiving the strongest indorsements from rallway engineers, conductors, and expressmen, the most exacting class of watch-wearers—and a USAGE OF FIFTEEN YEARS HAS SUFFICIENTLY PROVED THEIR DURABILITY.

THERE ARE MANY KINDS, GRADES, SIZES AND DESCRIP-

TIONS OF WATCHES made by the Waltham Company, adapted to the tastes and means of all classes; but the Company's written guaranty accompanies every Watch that bears the Company's name and should be required of every seller.

No Watches retailed by the Company.

ROBBINS & APPLETON, Agents, No. 182 Broadway, New York.

BOOK AGENTS WANTED

To solicit orders for Dr. William Smith's DICTIONARY OF THE BIBLE. The only edition published in America, condensed by Dr. Smith's own mand, In.ong large Octavo volume, illustrated with over 125 steel and wood engravings. A book that is needed in every family. Over 30,000 copies sold within three profiles.

needed in every family. Over 30,000 copies som which months.

Agents and subscribers see that you get the genuine edition by Dr. Smith.

ANTED—Agents.—\$75 to \$200 per month. everywhere, male and female, to introduce the GENU-INE IMPROVED COMMON SENSE FAMILY SEWING MACHINE. This Machine will stitch, hem, fell, tuck, quilt, cord, bind, braid and embroider in a most superior manuer. Price, only \$18. Fully warranted for five years. We will pay \$1000 for any Machine that will sew a stron-ger, more beautiful, or more elastic seam than ours. It makes the "Elastic Lock Stitch." Every second stitch can be out, and still the cloth cannot be pulled apart without tearing it. We pay Agents from \$75 to \$200-per month and expenses, or a commission from which twice that amount can be made.

Address, SECOMB & CO., PITTSBURG, PA., or BOSTON, MASS. CAUTION.—Do not be imposed upon by other parties palming off worthless cast iron machines, under the same name or other off worthless cast-fron machines, under the same name or other wise. Ours is the only genuine and really practical cheap machine manufactured sept7-12th s

ALLEN'S LUNG BALSAM.

OR CONSUMPTION AND ALL PULMONARY COMPLAINTS, this Balsam is the most desirable remedy ever offered to the public. Its action is expectorant, alterative, sudorific, sedative, diaphoretic, and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration and causes the lungs to throw off the philegm or mucus, changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is warranted to break up the most distressing Cough in a few hours' time, if not of too long standing. It is warranted to give entire satisfaction, even in the most confirmed cashs of Consumption, and not to produce costiveness or affect the head, as it contains no Opium in any form. It is warranted to be perfectly harmless to the most delicate child, although it is an active and power ful remedy for restoring the system. We would recommend Physicians having Consumptive patients, and who have failed to cure them with their own medicines, to give ALLEN'S LUNG BALSAM a trial. Physicians of Cincinnati are now using it in their practice with the happiest effects. It cures when other remedies fail.

MRS. PAIGE'S NEW METHOD FOR THE PIANO FORTE, ORGAN AND VOICE.

Y THIS METHOD THE ART AND SCIENCE OF MUSIC are rendered so simple and comprehensive that by one; quarter's instruction parties can become independent, performers upon the Piand-Forte or Organ; and atter one month of close application can commence, teaching, and continue their course by correspondence.

Holleway's Pills.—More than two-thirds of the sickness which occurs in the summer proceeds from a disordered condition of the liver. Persons of a bilious habit suffer, most in warm wather. They are languid, low-spirited, troubled with pain in the side, head ache, and a constant weariness. The immediate and suc, near announced for these symptoms, and others proceeding from billiousness, is Holloway's Phils. Of all antibilious medicines they are safest, surest, and best. Sold by all druggists.

JLERK WANTED.—One acquainted with Book-keeping and newspaper work preferred. Apply at this office.

750 MILES

OF THE

UNION PACIFIC

RAILROAD

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be is ued upon it.

Rapidity and excellence of construction have been secured by a omplete division of labor, and by distributing the twenty thou sand men employed along the line for long distances at once. It

Whole Line to the PACIFIC will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of its oad; also United States Thirty-year Bonds, amounting to from \$16,000 to \$48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a ond mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in service rendered by the Company in transporting troops, mails, &c.
THE EARNINGS OF THE UNION PACIFIC, RAILROAD, from

ts Way or Local Business only, during the year ending June 30th,

Four Million Dollars,

which, after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow, the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds

upon such a property, costing nearly three times their amount,

Are Entirely Secure.

The Union Pacific Bonds run thirty years, are for \$1,000 each. ind have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per cent in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is the length of time they have to run.

It is well known that a long bond always commands a much igher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cont. securities as these will be held at as high a premium as those of this Government, which in 1857, were bought in at from 20 to 23 per cent above par. The export demand alone may produce this result and as the issue of a private orporation, they are beyond the reach of political action

The Company believe that these Bonds at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Philadelphia by?
