tion between them. The Committee also reported that from conversation with brother Folsom and the delegate from the Church, it appeared that there were three reasons which had moved him to offer his resignation:—1st. A call to a more extended field of usefulness, with change of labor. 2d. Inadequacy of support in his present field. and 3d. Impaired health; and they would recommend that the request of brother Folsom and the Church in Geneseo be granted; and that Rev. L. Parsons be appointed a Committee to declare the pulpit vacant.

The Committee would also recommend that Presbytery express their appreciation of the faithfulness of Brother Folsom in discharging powerful religious party in the United Kingdom."

—The Irish Church Commissioners have unanihis duties as a member of this body, as well as in his pastoral relation; and that it is with feelings of deep regret that they consent to sever a relation which has been so pleasant, and productive of so much good to the cause of Christ.

The Committee would also recommend that Presbytery should properly consider the fact that one of the reasons, and in the opinion of the Committee, the prevailing reason which has in duced Br. Folsom to tender his resignation, has been an insufficiency of support, which has contributed to his impaired health, and need of the canon in regard to preaching in the parish of change; and that while the church in Geneseo is not at all behind the other churches in Presumake it apply only unjustifiable intrusions aimong tributed to his impaired health, and need of bytery in this matter, and therefore deserving of no special censure, the Committee would suggest whether this resignation should not awaken the apprehension that an inadequacy of support is impairing the permanency and otherwise delete-riously affecting the efficiency of our Ministers. The above report was accepted and adopted,

Presbytery adjourned to meet at Union Corners on Tuesday, October 6th, 1868, at 10 o'clock A. M., to ordain and install Mr. W. C. Gaylord, and attend to any business that may properly come before them. F. BARNARD, Lima, Sept. 17th, 1868. Stated Clerk.

Newark met September 15th and 16th. Arrangements were made for the ordination on the 23d of Rev. Mr. Denniss, as Missionary of the A. B. C. F. M. to Syria. Also for the installation of Rev. J. B. Hopwood, as pastor of Patterson church. The subject of Reunion was deferred until the Spring meeting. "Our earnest desire," says the Correspondent, "for the consummation of the plans, now maturing in the minds of the prominent men of the two branches of the Church, is well known. The churches report no revivals, but a condition of healthy growth and prosperity.

Reunion in the O. S. Presbyteries.—Things Basis among our brethren of the Other Branch.

(1.) The Presbytery of *Indianapolis* approves of the Basis by a vote of 16 to 4, and add a resolution empowering the Assembly to strike out the "Gurley and Smith clauses," if the whole Basis fail to be approved by the necessary three-fourths. (2.) The Presbytery of Cincinnati unanimously approves of the Basis, expressing its preference for the omission of the Smith and Gurley amendments. (3.) The Presbytery of Marion, approves of the Basis by a vote of 25 to 1, but if this fail of adoption by a three-fourth's majority, approves of the Basis with the "Smith and Gurley clauses" omitted, and au-thorizes the Assembly to consummate the Union [on that Basis, we presume,] without further consultation of Presbyteries. (4.) White Water Presbytery unanimously approve of the Basis, but prefer the amendment, and authorize the next Assembly to consummate the Union without further delay.

Per Contra (5.) The Presbytery of Chillicothe ratifies all the Basis except the "Gurley and Smith clauses," which are rejected by a vote of 11 to 17 and overtures Assembly for Union on the Basis of the Common Standards. By an inconsistency, which the Presbyter points out, they endorse the Philadelphia Convention's Basis, which, contains the Smith clause. (6.) The 1 resbytery of Winnebago approves of the Basis, except the Smith and Gurley clauses, and authorizes the Assembly to consummate Reunion on that Basis, while yet expressing "great doubt as to whether the Churches are so agreed in doctrine, sympathy, ecclesiastical habits, and especially as to the mode in which our standards should be received, as to insure greater harmony and efficiency in the reunited Church than

The Reformed Presbytery of Ohio met in the First R, P. Church of Cincinnati, Sept. 3d. Mr. J. Y: Boice, having accepted a call from this Church, presented a certificate from the Pittsburgh Reformed Preabytery, on the basis of which he was received,

after the adoption of the following paper:
WHEREAS, A majority of the Pittsburgh Presbytery of the Reformed Presbyterian Church have resolved to suspend relations to General Synod; and whereas, this Presbytery does not wish to contenance or encourage a spirit of insubordination to rightful authority; therefore,

Resolved, That we can have no official communi

cation with said majority, until they reconsider their action and manifest a spirit of "due subordination in the Lord to the authority of the Synod of the Reformed Presbyterian Church."

Resolved, That we approve the action of those members of the Pittsburgh Presbytery who refused to suspend relations to General Synod, and that we recognize them as the Pittsburgh Reformed Pres-

Presbytery then proceeded after trial and examination to ordain him. Dr. Wilson, the Modera tor, preached the sermon, proposed the constitutional questions and made the address to the people. The Clerk, Rev. J. F. Morton made the address to the pastor. This congregation has been long deprived of the labors of a settled pastor among them. For several months, also, they have been without a house of worship of their own. But with the blessing of the Head of the Church upon their efforts, they have now almost completed one of the handsomest church edifices in the city. It is not large, it is true, but it is advantageously located, and sufficiently commodious for the present wants of the congregation. The congregation is entitled to great credit for its devotion to the cause it has espoused, and for the liberality it has displayed in erecting its new

house of worship.

Episcopalian.—The Rock states that the order of St. Benedict, over which the Church of England clergyman, the Rev. J. L. Lyne (Father Ignatius) des, numbers 15,000 brothers and sisters. The Rock is evidently taken aback by the appouncement, and cannot "credit it,"—The Bishop of Illinois held an ordination in the College Chapel at Palmyra, July 6, when he admitted to the Disconate Issae Martin, M. D., a gentleman of English birth, but who has been several years in this country, attached to the Methodists—Rev. Thomas G. Ninth, Philadelphia.—The vestry of Trinity church, New York, has refused to build another chapel for Rev. Morgan Dix, D. D., unless they have security that it will not be used for ritualistic worship as previous ones had been.—The London Church Times Ritualist) says: "There are hundreds of districts where churchinen would be only too thankful to build Ritualistic oratories if they were not 'restrained' by the law; and the day which saw a secession once take place, would see the inauguration of a missionary movement on a scale of which the Bish-op of Carlisle can have no idea. Moreover, a body like the Anglo-Catholics who are sighing for reunion would not long remain in isolation; and if they effected a fusion with Rome, the result would make the Roman Catholics the most numerous and mously resolved to recommend that from out of the twelve remaining bishoprics four shall be abolished, and that the incomes of the remaining eight shall be 3,000% with 4,500% a year for the See of Dubin, according as it shall be a bishopric or archbishopric, and 6,000l. a year for the Archbishop of Armangh. An extra allowance af 500l, a year for each Bishop whose turn it is to sit in Parliament is also recom mended.—Two memorials to the coming General Convention signed by numerous and influential Rectors and Doctors of the American P. E. Church, are in circulation. The first asks a modification of parishioners or attempts to set up new parishes to the detriment of the old. The second asks that, the open question of the validity of non-Episcopal or

ders be left when "the Preface to the Ordinal" leaves it. Among the signers are Drs. Newton, Washburn, Claxton, Dyer, Butler, Vinton, Goodwin, Muhlenberg, and Tyng; with Messrs. Newman Hall preached at the opening of their new church edifice.—It is proposed in England to substitute a "bishop for the army?" in the place of the present Chaplain General of the Forces, his diocese including all military posts not now included in any other Episcopal jurisdiction.—The Times thinks the English laity will be less zealous hereafter in building churches when they find that these may be used at the unrestrained pleasure of the incumbent either to foster superstitions against which the Church historically protests, or to inculcate the scientific scepticism of the Positive philosophy.—

> Rationalistic English Friends .- This small but increasing section of Friends, who appear to take Dr. Uolenso as their great authority, are continuing to issue pamphlets containing counciations of their views in derogation of Scriptural authority and of the Deity of Christ. At the last Yearly Meeting of the Society, held in London in May, much discussion took place relative to the progress of these unsound doctrines. During the past two months the difficulties attendant on this movement have increased instead of decreased. Much anxiety is felt by the Friends in the neighborhood of Manchester in particular.

OBITUARIES.

GEO. SCOTT, S. C.

REV. NATHAN P. CAMPFIELD. Died, at Bellow's Falls, Vt. Rev. Nathan P. Campfield, Pastor of the Presbyterian church, Cazenovia, N. Y.

Died, at Bellow's Falls, Vt., Rev. Nathan P. Campfield, Pastor of the Presbyterian church, Cazenovia, N. Y.

Too soon, it seems to us, did this faithful servant of God finish his work on earth. The intelligence of his early death will bring sorrow to many hearts who knew how zenlously he was tolling in his Master's vineyard. For if ever there was a minister wholly given to his work, it was he. His consecration was without reserve. When he gave himself to Christ, he gave everything; only desiring to spend and be spent in His blessed service. The writer knew him intimately from his conversion to his death, and with his many ardent friends can bear this unqualified testimony to his Christian zeal. Soon after entering the ministry, and while laboring beyond his strength for the wellare of his church, he leared he was not doing all that he night, and offered himself, as a missionary to be sent anywhere in the world where he was most needed; and relinquished the project only when strongly advised and urged by those who knew better than did he, his powers of ondurance. The desire to keep his "conscience void of offence to ward God and toward men" was so intense as to cause him at times keen suffering for which there was no adequate occasion. He would make any sacrifice rather than cause his brother to stumble or he offended.

would make any sacrince rather than cause his brother to standed or be offended.

The brief period of his ministry was greatly blessed, and if it be indeed true that "He liveth long who hveth well," we may say of him "Servant of Christ, well done!"

In his early death we find a strange chapter in God's providence. But He never makes a mistake, stumble, and blunder, and err as we may. None of his children are called hence until they are more needed in heaven than here. And so we say, "There is a desolathone, a bereaved church, a vacant pulpit, and sorrow on earth." But there is joy in heaven! Oh! for latth and confidence in Him who doeth all things well. Oh! for that trust of the little child which amid all the darkness and storm of our troubled lives shall enable us to say and to feel "My Father's at the helm!"

Rapidity and excellence of construction have been secured by complete division of labor, and by distributing the twenty thensand men employed along the line for long distances at once. I

Whole Line to the PACIFIC will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from \$16,000 to \$48,000 per mile, according to the dificulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in service rendered by the Company in transporting troops, mails, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th,

Four Million Dollars,

which, after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds

upon such a property, costing nearly three times their amount,

Are Entirely Secure.

The Union Pacific Bonds run thirty years, are for \$1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost. A very important consideration in determining the value of these bonds is the length of time they have to run.

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. securities as these will be held at as high a premium as those of this Government, which in 1857, were bought in at from 20 to 23 per cent. above par. The export demand alone may produce this result and as the issue of a private corporation, they are beyond the reach of political action.

The Company believe that these Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Philadelphia by

IMMENSE INCREASE OF SALES.

ALLCOCK'S POROUS PLASTERS.

Where one was sold a few years ago, a thousand are sold now.

They strengthen, warm and invigorate the part upon which they are applied, and relieve nervous affections of the bowels, lumbago, pains of the side, and usually all local pains. In affections of the kidneys they are of great service. Lame Back.

T. ALLOCCK & Co.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your Plasters much recommended for cases of this kind, I procured one, and the result was all I could desire. A single Plaster cured me in a week.

Yours respectfully,
