STATES AND TERRITORIES.

New York.—In the charter election, (Dec. 1st), A. Oakley Hall (Dem.) was elected Mayor and Richard O'Gorman, Corporation Counsel, by a majority of 54,000 in a vote of 75,000. Gen. Cole was acquitted, Dec. 7, of the murder of Henscock at Albany, the jury finding that he was sane immediately before and after the deed, but doubting his sanity while in the act.

Pennsylvania.—Hester Vaughan, a young English woman, has been lying under sentence of death in this city for the murder of her natural child. The advocates of woman's rights in New York city, sent on a deputation to visit her, held a mass meeting at the Cooper's Institute, made speeches (one by Hester Vaughan, ninety-nine parts woman's rights), got up a petition to Gov. Quay and sent Mrs. E. C. Stanton and a daughter of Gerrit Smith to present it. They were politely told that their interference had been anticipated by humane citizens (mostly ladies) of Pennsylvania, and that further agitation was unnecessary, as the Governor had determined on his action in the case.

Illinois.—The National Cattle Commissioners' Convention, in session at Springfield, propose to prohibit the bringing of Texas cattle North between March 1st and Nov. 1st, so as to stop the cattle plague.

Virginia.—The argument before the U. S. District Court, on the motion to quash the indictment of Jeff. Davis, was closed Dec. 4th. Chief Justice Chase was favorable to the motion, but as Judge Underwood was opposed, the difference of opinion was certified to the U. S. Supreme Court for decision.

Missouri.—The St. Louis Merchants' Exchange approves of the plan to put the telegraph lines under the U. S. Government.

They postpone the election till the Legislature meets in January, when the charter can be conforming to the Reconstruction laws, by striking out the word white. The Democrats wish the election to proceed in spite of the charter.—The State electors did not cast the electoral vote for Seymour, Dec. 1st, as required by law, because the commission issued by the Governor specified, by a mistake, Dec. 9th.—Another collision of the Savannah special police and negroes, followed by many arrests of the latter, is reported.—The Democrats carried the Atlanta municipal election by a small majority, Dec. 2d.

Florida.—The Supreme Court decided, Dec. 3, to order process against Lieut. Gov. Gleason, who petitioned to have the case transferred to the U. S. Courts.—The Supreme Court decides that Lieut. Gov. Gleason has shown no legal cause why his case should be transferred to the U. S. Courts.

It adds that James Moncreiff, M. P., will be Lord Advocate for Scotland.—The Hibernia (Glasgow to New York) has foundered on the Irish coast. Thirty-three lives lost.—Madrid.—The Republicans paraded Cadiz yesterday with arms and threats, but were dispersed by the military. A month's postponement of the election is rumored.

900 MILES OF THE UNION PACIFIC RAILROAD

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it. Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the PACIFIC will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of the road; also United States Thirty-year Bonds, amounting to from \$16,000 to \$18,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security; and it is expected that not only the interest, but the principal amount may be paid in a service rendered by the Company in transporting troops, mails, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over

Four Million Dollars, which, after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds upon such a property, costing nearly three times their amount, are Entirely Secure.

The Union Pacific Bonds run thirty years, are for \$1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per cent in gold. The principal is payable in gold at maturity. The price is 100, and at the present rate of gold, they pay a liberal income on their cost. A very important consideration in determining the value of these bonds is the length of time they have to run.

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent securities as these will be held at as high a premium as those of this Government, which in 1857, were bought in at from 20 to 25 per cent above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political action. The Company believe that these Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Philadelphia by

DE HAVEN & BRO., BOWEN & FOX, SMITH, RANDOLPH & CO., and in New York.

At the Company's Office, No. 20 Nassau Street, AND BY John J. Cisco & Son, Bankers, No. 59 Wall St., And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds payable in New York, and the Bonds will be sent free by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction and the Value of the Bonds, which will be sent free on application at the Company's office or to any of the advertised agents. JOHN J. CISCO, Treasurer, New York. aug27-4t.

Was there ever published stronger evidence than this? Certificate from A. F. Sterling, Esq. For two years, I have been a great sufferer from neuralgia in the head, and found only temporary relief from all the various remedies that I have tried, until I applied one of ALCOCK'S POROUS PLASTERS. I cut it into three strips, placing one under each shoulder-blade and the other over the small of my back, and for the past three months I have had scarcely a twinge of the old pain. I advise all who suffer from nervous diseases to lose no time in making a trial of the wonderful plaster. A. F. STERLING, Secy Singer Mfg. Co. New York, June 8, 1868. Principal Agency, Brandreth House, New York. Sold by all druggists. Dec15 4w
