

News of the Week.

March 31—April 6;

The U. S. Senate passed the Supplementary Currency Bill; a Bill regulating applications for the removal of political disabilities; the Indian Appropriation Bill with an amendment providing for Commissioners of Intelligence and Philanthropy appointed by the President, who shall superintend the disbursements; the Tenure of Office bill as amended in joint conference, authorizing the President to remove officials during the recess of the Senate, but providing that these shall return to office at the close of the next session if the Senate refuse to confirm their successors; and a Joint Resolution to adjourn April 10.

The House passed Judge Kelley's nickel coinage bill; the Joint Resolution to adjourn April 10; the supplemental Tax Bill; the Tenure of Office Bill, as amended in Joint Conference; the Bill continuing war rates of pay in the army for a year; and the Miscellaneous Deficiency Bill, appropriating \$2,563,951. The Mississippi Provisional Government Bill was postponed till next session. The Public Lands Committee were directed to inquire into the expediency of relaxing some provisions of the Homestead Law in favor of soldiers. The Ways and Means Committee were ordered to investigate the workings of the Tariff Laws; and the expediency of levying direct taxes in the lately rebel States. The Reconstruction Committee report Gen. Butler's Bill to reconstruct the Georgia Legislature, and in favor of postponing action as regards Texas and Virginia. The Sub-Committee on the Treasury Printing Bureau report evidence of culpable laxity and want of regularity. The Secretary of State reports that nearly 300 vessels, valued at over \$13,000,000 were destroyed by rebel cruisers during the war.

Pres. Grant is quite recovered. He continues to send nominations to the Senate, of whom, among others, Gen. Longstreet for the Surveyor of the Port of New Orleans, has been confirmed. He has signed the Tenure-of-Office Bill.

The Departments are inaugurating the regime of economy. Secretary Rawlins gave the employees of the Washington Arsenal their choice between ten hours per day at present rates and eight hours at a reduction of twenty per cent, and they chose the former. Secretary Borie orders the Portsmouth, N. H., Navy Yard to reduce the wages 20 per cent. Commissioner Delano orders the strict enforcement of legal penalties for violation of the Internal Revenue laws. Secretary Boutwell has ordered the dismissal of all special Secretaries Agents. The fraudulent issue, by the late Administration, of bonds for parts of Pacific R. R. not yet completed, is under investigation. The expenses of the Government in March were \$18,490,000.

The Public Debt, less cash in the Treasury, April 1st, was \$2,525,196,461.74, a decrease of \$2,573,039,28 during the month, or of \$5,507,359, were it not for the issue in bonds to Pacific R. Roads of \$2,915,320. These bonds now aggregate \$56,852,320.

The Army.—The Department of the Cumberland is continued, with Gen. Cook to supersede Gen. Thomas. Gen. Hatch has been relieved from Freedman's Bureau duty and ordered to rejoin his regiment. Gen. Stoneman has been relieved of the command of the First District, and ordered to California.

In the Middle States Moses H. Grinnell, the new Collector of the Port of New York, has sold out his interest in thirty merchant vessels. He has 11,000 applications for places. The Erie and Niagara R. R. propose a new bridge or tunnel to cross the Niagara River at Fort Erie. The R. Roads of N. Y. State cost \$208,185,783, and carried last year 18,434,300 passengers and 11,961,692 tons earning \$49,377,790. Of the passengers 302 were killed and 293 wounded. The Canal contract system is to be abolished. The Imperialist, of New York, is started to advocate an American monarchy. Freshets on the Hudson and the Genesee have opened those rivers to navigation. A Fourtairie community at Brocton, on the Erie shore near Buffalo, with T. L. Harris at its head, embraces an ex-member of Parliament (Laurence Oliphant) and an ex-Sec. of U. S. Legation (T. L. Harris) among its members. The New Jersey Legislature has adjourned. It voted to tax the income of bankers, brokers, &c., and one branch passed a Bill to submit the XVth Amendment to the vote of the people. The deaths were half and the marriages one third as numerous as the births in the State last year. The R. Roads killed 103 and injured 55 persons last year, and earned \$6,911,568.

In New England the Republicans have elected Marshall Jewell Governor of Connecticut, and two of the four Members of Congress, but their majority in the Legislature is reduced.

In Pennsylvania the Legislature has passed the Cattle Market Monopoly Bill, bettered a little. The House votes to tax banks and brokers one per cent on capital stock and profits. The dedication of the Soldiers' Monument at Harrisburg is postponed through the non-arrival of the statue of Victory from Italy. The Broadhead murderers of Water Gap have broken jail and escaped. One has been recaptured.

In the City a New England resident, in a fit of insanity, killed his wife and children. Twitchell confesses to a knowledge that his wife killed her mother. The Beneficial Savings Fund at Millth and Chestnut streets was robbed of about a million on Sunday. Twitchell having sued for a writ of error in the U. S. Supreme Court on the ground that one of the provisions of our State Constitution applied in his case, was in contravention of that of the U. S., the writ was refused.

In the South Gov. Wells, of Va., is acquitted of stealing a letter and restored to office by Gen. Stoneman's successor. Of 4,461 offices in the State, 2,907 are legally vacant. The Governor of Louisiana and two other officials have been indicted by the Grand Jury and held to answer for ejecting the State Auditor from office.

In the Interior, Wisconsin and Minnesota have had a heavy fall of snow. Iowa is out of debt and has a million in the Treasury. Ex-Pres. Johnson has been making a speech at Knoxville, in which he informed his audience, black and white, that they were "slaves to the bond holders." The Republicans carried Cincinnati, and the Democrats Cleveland, in the municipal elections. The Republicans elect Thos. M. Cooley Judge of the Supreme Court of Michigan.

On the Pacific Coast San Francisco has had a severe, but not very destructive, earthquake. Silver mines have been found at Sonora. In Mexico a U. S. Colonel (Meyer) has been banished for conspiracy. The Gov. of Yucatan is enforcing martial law severely. In Cuba two Spanish volunteers have been exiled for excesses. A British ship has been seized, two Cubans on board shot by the volunteers, and the captain and crew thrown into jail. Cespedes retaliates on Dulce's proclamation of war without quarter, by ordering all Spaniards, except soldiers, to be put to death when taken. An American citizen is under arrest for treason. Negroes are joining the rebels, while others are being armed and drilled for the Spanish service. The "Peruvian iron-clad," which sailed from New Orleans as in the rebel service. In Layti Salnave is tampering with the mails. The rebels are gaining ground and obtaining important aid. In England the Royal Commission on Naturalization report in favor of recognizing the power of expatriation as claimed by the U. S. and of the

abolition of the disabilities of aliens as regards holding real estate. The Irish "Party Processions Act" is to be repealed, and full freedom of demonstration granted. The Cunard line have secured the Mail contract, and are building fast steamers. Another colliery explosion in Lancashire has killed twenty-eight men. Another under sea tunnel, from the Mull of Cantire to Ireland, 14 1/2 miles long, is proposed. It would cost \$21,250,000, and would take six years to build. The Irish Diocesan Synods are electing delegates to a Conference to devise measures as regards the Church's future. France is enforcing the treaty requiring the actual demolition of the Luxemburg fortifications. Bavaria has recalled all furloughs granted to officers or men. In Italy treasonable conspiracies have been detected at Naples and Ancona, and their leaders arrested. In Spain the Cortes have voted for the loan asked by Serrano. The difficulties about conscription are not at an end. Prim asks a contingent of 80,000 men for 1869. The Pyrenean frontiers are to be more closely watched to keep out Carlists. The Cuban elections to the Cortes have been ordered. Mr. Hale, U. S. Minister, has been charged by members of the Cortes with malfeasance in office, and the Government promise investigation. France is asked to examine Gonzales Bravo, Isabella's premier, as to his complicity in the plot to assassinate Admiral Topete. Bismarck is charged with having secured the throne for the Montpensiers, because they are hated by Napoleon. The ex-King of Portugal, Ferdinand, is now said to have been informally chosen by the Cortes, and a delegation has gone to offer him the Crown. In Greece the Chambers have been dissolved, and new representatives will be elected May 16th, and will meet Jan. 5. In Turkey the Prince of Wales had a grand reception at Constantinople. A plot to blow up the Viceroys of Egypt, while at the theatre, has been detected.

1000 MILES OF THE UNION PACIFIC RAILROAD ARE NOW COMPLETED.

As 500 miles of the western portion of the line, beginning at Sacramento, are also done, but

267 MILES REMAIN To be Finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to subsidy in U. S. Bonds on 1 line as completed and accepted, at the average rate of about \$26,500 per mile, according to the difficulties encountered, for which the Government take a second lien as security. Whether sub sidies are given to any other companies or not, the Governmen will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

First Mortgage Bonds AT PAR. By its charter the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government Bonds, and no more. These Bonds are a First Mortgage upon the whole road, and all its equipment.

THEY HAVE THIRTY YEARS TO RUN, AT SIX PER CENT, and both PRINCIPAL AND INTEREST ARE PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent gold interest bonds of the U. S. (the '81's) will be due in 12 years, and they are worth 112. If they had 30 years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European investment is already considerable, and on the completion of the work will doubtless carry the price to a large premium.

IT NEEDS NO ARGUMENT TO SHOW THAT A FIRST MORTGAGE OF \$26,500 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is PERFECTLY SECURE. The entire amount of the mortgage will be about \$30,000,000, and the interest \$1,800,000 per annum in gold. The present currency cost of this interest is less than \$2,500,000 per annum, while the gross earnings for the year 1868, FROM WAY BUSINESS ONLY, ON AN AVERAGE OF LESS THAN 700 MILES OF ROAD IN OPERATION, WERE MORE THAN

FIVE MILLION DOLLARS, The details of which are as follows:

Table with 2 columns: Item, Amount. From Passengers \$1,024,005.97; Freight 2,940,232.19; Express 61,423.08; Mails 186,239.59; Miscellaneous 91,629.27; Government troops 104,077.71; Freight 449,440.33; Contractors' men 201,176.09; Material 398,490.22; Total \$5,068,631.61

This large amount is only an indication of the immense traffic that must go over the through line in a few months, when the great tide of Pacific coast travel and trade will begin. It is estimated that this business must make the earnings of the road from FIFTY TO SEVENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the present is par and accrued interest from Jan. 1, is currency.

A NEW PAMPHLET AND MAP was issued Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the Bonds than can be given in an advertisement, which will be sent, free on application at the Company's offices or to any of the advertised agents.

BRANDRETH'S PILLS vs. BLEEDING. Bleeding may give ease, because the blood left has more room; but the ease does not last, and is followed by permanent weakness. BRANDRETH'S PILLS relieve the circulation and give ease more surely and almost as quickly as bleeding; but Brandreth's Pills never hurt, and the good they do is permanent, because they take only what the body and blood are better without. Purgation with these pills will be found
