THE AMERICAN PRESBYTERIAN, THURSDAY, JULY 22, 1869.

Aews of Jur Churches.

Ministerial.

-Rev. Horace Bushnell, city missionary of Cincinnati, is continuing his work, though totally blind, and now even compelled to go on crutches. During twenty five years he has preached 9,000 times, visited more than 32,160 families, attended Sabbath-school 1.300 times, officiated at more than 1,000 funerals, visited more than 5,000 sick and dying persons, and distributed more

than 60,000 religious books and tracts. --Rev. S. B. Welsh and wife embarked at Boston, on Saturday last, in the St. Alban's, for Bombay, to join the Mahratta Mission in Western India.

-Rev. P. Boughten's post-office address is changed from Plainfield, N. Y., to Syracuse, N. Y.

-Rev. Charles H. Baldwin, late pas tor af the Second church, Peekskill, N. Y., has accepted a unanimous call to the church in Johnstown, N. Y.

-Rev. C. A. Dickey, formerly pas-tor of the Fourth U. P. church, Allegheny, was installed pastor of the First church, St. Louis, Sabbath, July 4th. The sermon was preached by the Rev. S. M. Morton; charge to the pastor by Rev. S. J. Niccolls, D.D.; charge to the people by the Rev. Dr. Nelson, formerly pastor of the church. Mr. Dickey en-ters upon his new field of labor under

most encouraging circumstances. ---Rev. Prof. Hitchcock, one of the ablest professors of the Union Theological Seminary, New York, is entirely set aside from being able to read or write on account of a threatening affection of his eyes. Dr. H. M. Williams, of Boston, a distinguished octilist, hopes, however, he will be quite restored by fall. Prof. Hitchcock has been elected a Trustee of Amherst College in place of the late Rev. Dr. Vaill, of Palmer, Mass.

Churches.

-The Sunday-school of Kenderton Presbyterian church, Tioga street near Broad, held their twelfth anniversary on Thursday evening, July 8th. Rev. Samuel W. Duffield, the pastor, had charge of the exercises, and addresses were made by George H. Stuart and Rev. John W. Dulles. The platform was covered with flowers, and the children built two designs with wreaths and bouquets. One was a circle with wreaths for "the Fruits of the Spirit," and the other was a cross built of bouquets above it. The entire celebration - singing, recitations, and floral offerings-was a the salvation of souls ! great success, as great as any doing this season according to the judgment of good critics. We are glad to see that the life of this flourishing church is so apparent.

-On Sabbath, July 4th, seventeen were added to the Third church, in Cincinnati (Rev. Dr. Taylor's). Six on profession.

-They celebrated the Fourth at the Olivet church, in Indianapolis, (Rev.

and the school in a flourishing condition. Rev. J. G. Hamner, of Philadelphia, made an excellent address, as did Mr. Shaw.

-At the annual excursion of the Hanover street church Sabbath-school of Wilmington, on board the Joe Sylvester, they presented Captain Burns with a handsome ice pitcher in acknowledgment of his kindness. Rev. Lafayette Marks, pastor of the church, made the presentation.

Presbyterial.

-The Presbytery of St. Louis met July 3d. The overture on Reunion was answered in the affirmative by a unanimous vote. The Presbytery had under consideration plans of Church extension in that metropolis. which indicate vigor, energy and hopefulness, and give excel-lent promise. The chief business of the meeting related to the installation of Messrs. Dickey & Marshall, over the First and the High street churches, which took place July 4th.

-The Presbytery of Niagara lately held an interesting meeting at Wilson, N. Y., on the shore of lake Ontario.

Rev. W. G. Hubbard was welcomed back to Presbytery after two years' labor in Schoolcraft, Mich. He is called to the bishopric at Melville. Rev. Samuel F. Bacon comes to us from the Presbytery of Cortland, commended as a brother beloved, to take charge of the flock at Albion, lately rendered shepherdless by the ill health and consequent resignation of Rev. L. T. Adams.

The church of Porter calls Rev. Edwin Hall, Jr., son of Prof. Hall, of Auburh Seminary, to its pastorate. If Presbytery finds no reason to forbid the bans, our dear batchelor brother will. D. V., be wed to this church on Wednesday next

Presbytery answered the overture of General Assembly upon Presbyterian Reunion by a unanimous and categorical, Ave!

Almost all the Churches reported cheering progress in spiritual things. The revival in Lockport in connection with the labors of our beloved Brother Hammond, was the most precious and powerful of any experienced here for twenty five years. About one thousand persons were converted in Lockport and adjacent places through its influence. There was "not room enough to receive" the blessing in Lockport, and it overflowed in streams of salvation all around. Ten thonsand friends here commend Brother H. to the confidence and affection of all true Christians. Ten thousand hearts breathe out the prayer, God bless Brother Hammond wherever he goes to work for God and

Rev. E. P. Marvin was appointed a Committee for the supply of vacant churches. This is no small task in a Presbytery that car boast of but two pastors, and in which the average, term of ministerial service is only about three

years. We must ask Scotland how to settle men in the ministry. The General Assembly's day of prayer concerning Reunion was appointed to be observed in the churches. An interesting discussion was held upon the question, "How can the Christian activities of the entire I. A. Aldrich's) by the communion of membership of any particular church of the pew rent system.

tendance to be better than former years, pointed by our Home Missionary Committee. Mr. Bayliss continues at De Soto, and other points on the line of the C. R. I. and P. R. R., and Mr. Keilogg occpies Minburn and Perry, on the line

northwest of this city. H. Des Moines, July 15, 1869.

City Bulletin.

-The O. S. Board of Publication at their recent meeting in this city were somewhat agitated over the action of the Assembly giving away \$5 000 of their capital to conduct the law suit of the Kentucky congregations before the U.S. Supreme Court. Some members denied the right of the Assembly to make such a grant; others and a large majority admitted the right, but considered it injudicious and inexpedient, and calculated to embarrass the work of the Board. Strong sympathy was expressed for the Church in Kentucky and the difficulties through which it was passing, but the legitimacy of the plan for relief through the Board of Publication was doubted. It was settled pleasantly at last by direct ing the Treasurer to hovor the drafts. but under a protest, considering it more in the light of a loan to be repaid, than

as a gratuity. —The U. P. Presbytery of Philadelphia had a meeting since their Assembly adjourned, the report of which in The Christian Instructor gives a very feeble idea of its true character. The action of the Assembly in regard to Secret Societies was discussed none the less warmly that the members of Presbytery were, in the main, of one mind in condemning it as unwisely and disastrously rigid in its construction of the Standards. Some declared that they would neither obey nor disobey it, they would leave the Church ; others that their sessions were unanimous against enforcing the rule as thus interpreted. Even the editor of The Instructor made a speech against it. At last, the most rigid man in Presbytery and probably the most rigid also in the denomination, to secure peace and quiet, moved the following paper, which was adopted :

WHEREAS, The action of the late As. New York. sembly in regard to the XV. Article of TO OWNERS OF HORSES AND the Testimony has limited to some extent the application of that Article; and, Whereas, It is believed by some that the Assembly should not have taken such action without overturing it to the Presbyteries; and, Whereas, It is believed that it would tend to the peace of the church, and to the force of her Testi mony, if the XV. Article were overtured; therefore, Resolved, That the Presbytery memorialize the General Assembly to send down in overture the question, Shall the XV. Article of the Testimony, as a term of communion, be repealed?

At the same meeting sessions were required to report whether any of the members under their care are engaged in the liquor traffic. All reported that they had carried out the law of the Church. The congregations were recommended to take the necessary steps for the abolition

pastorate of the Fourth Baptist Church in this city. -The Church of the Messiah, at Thirteenth and Washington avenue, Rev.

George Bringhurst, Rector, was opened of the Des Moines Valley railroad, for Divine service Wednesday week. The northwest of this city. H. H. K. building was formerly used by St. Anbuilding was formerly used by St. Andrew's Church as a mission station.

-On a recent Sabbath, twentythree persons were received to membership in the Arch St. church, all but four on profession, and thirteen by baptism. Quite a number were heads of families. As forty-six have been received since Mr. Witherow became pastor, we think that he has reason to rejoice in the success of his ministry. The church is

THE WHITE FOREIGNERS FROM OVER THE

NEW PUBLICATIONS.

THE WHITE FOREIGNERS FROM OVER THE WATER. Fiesly linestrated. A charming history of the origin and early pregress of missionary labors in Burmah-combining the attractions of history and biography; and full of thrilling scenes and wonders of Providence. It is one of the most r-adable of all mis-sionary books for the young. \$1; post. 20c.

JESUS ON THE HOLY MOUNT. By Joseph Sau-derson, D. A full and well-considered irreatise on the transfiguration of Christ, and drawing out the mani-fold and deeply int-resting thoughts suggested by the study of this wonderful occurrence. No lover of the Bible and of Christ can fall of benefit in reading it.

HARRY BLAKE'S TROUBLE. Another fine volum for boys, by a favorite and effective writer. The bon-est little hero ought to have thousands of admirers and imitators. 35c.; post Sc.

AMERICAN TRACT SOCIETY. 1408 Chestnut Street,

Philadelphia.

Let not Prejudice usurp your Reason It is a fact that, in the minds of many persons, a preudice exists against what are called patent medicine but why should this prevent you resorting to an article that has such an array of testimony to support it as HOSTETTER'S STOMACH BITTERS! Physicians prescribe it; why should you discard it? Judges, usually considered men of talent, have used and de use it in their families; why should you reject it? Let not your prejudice usurp your reason to the everlasting injury of your health. If you are sick, and require a medicine try these Bitters.

When the bodily energies are worn out by anxiety and need a stimulant, this is the best that can be taken. It which prevent it from fevering the blood ; and hence it does not produce a mere temporary excitement, to be manent potency to the entire vital organization. Some of its herbal constituents a e slightly soporific, so that in cases where sleeplessness is one of the accompaniments of nervous disease, a dose of it taken towards bedt me will tend to produce quiet and refreshing slumber, For paluitation of heast, tremore, hysterics, fainting fits, eral restlessness and the causeless fears and distress ing funcies to which ladies are especially subjec., under certain morbid conditions of mind and body p-culiur to their sex, the Bitters will be found the most agreeable and certain of all counter-irrants.

The constitutionally nervous may readily keep their healthful vegetable tonic; and those who have "shattered their nerves," by undue physical or intellectual labor, will find in this vitalizing elixir a prompt restorative.

WASSAR COLLEGE OPENS ITS NEXT year, September 14, 1869. Candidates for admis-

sion must be at least 15 years old. They must be well acquainted with Arithmetic, English Grammar, Geography, and the History of the United States, to be admitted to the preparatory classes. Application, stating the name of the young lady, and the post office address of her father or guardian, should be made withou delay, to J. N. Schou, Esq., Vassar College, Poughkeep sie, N. Y., who will send a catalogue, postpaid, to each applicant, giving full information respecting the Col-

HEALTH .- The location of the College is beautiful and healthy. The first object of its managers is the preser vation and improvement of the health of all the stu dents. Great pains are taken to follow the wisest and best rules for their retiring and rising, for warming an ventilating the rooms, and in the selection and prepa ration of all articles of food for the studen required to take all needful exercise in the open ai

daily. THE COLLEGE FAMILY .- The Lady Principal, aided by many lady teachers, exercises a maternal care over the manners and habits of the students, and aims to render their social and domestic life in the College cheerfu and happy. In case a student becomes sick, the kind est and best care is given to the case, and the parents Lotified.

While the College is not conducted in the interest o any religious denomination, it is the desire of its mana gers to make it, eminently, a Christian school.

There are morning and evening prayers daily in th College Chapel, and a religious service every Lord's day which all the students are required to attend, unless their parents make arrangements for them to attend church in the City of Poughkeep-ie, two miles from the College.

STUDIES AND LECTURES .- The College has first class Cabinets and Apparatus to aid the students in obtain given in the Modern Languages, as well as in the Clas sics and Mathematics. Illustrative lectures are deliver ed in connections with the recitations in the Natura Sciences, English Literature and the Fine Arts. Besides, the College every year engages some of the most emi nent scholars in the country, to give to the student about twenty free Lectures on Literature, the Aris and Sciences. The have also the free use of the Library, the Reading Boom .the Art-Gallery and the va. ious Cabinets and the Gymnasium. The College provides first-class Board, well furnished rooms properly warmed and lighted, and the washing zen ordinary pieces a week for each student. For all the foregoing means of the highest education and home care and comfort, the College charges only \$10 per week or \$400 per annum, which is only about 60 per cent, of the actual cost, as Mr. Vassar's munificent gifts to the College enables it to take students at this low rate. No extras charged for any branches of learning in the College except Music, Painting and Drawing; and the charges for these are very low. A. j.y1-iw.

A CARD.

A record of the watches produced at the Waltham Manufactory may be not improperly prefaced with a brief mention of the considerations which induce us to press them upon the attention of intelligent watch buyers,

Fifteen years' successful experience justifies us in laiming for the Waltham Watches peculiarities of excellence which place them above all forei n rivalry. The system which governs their construction is their nost obvious source of merit. The substitution of machinery for hand labor has been followed not enly by greater simplicity, but by a precision in detail, and acuracy and uniformity in their time-keeping qualities, which by the eld methods of manufacture are unatainable.

The application of machinery to watch-making has, in fact, wrought a revoluti n in the main features of the business. In conjunction with enlarged power of production, it has enabled us to secure the smoothness and certainty of movement which proceed from the perfect adaptation of every piece to its place. Instead f a feeble, sluggish, variable action, the balance, even under the pressure of the lightest main-spring, vibrates with a wide and free motion. The several grades of watches have more than a general resemblance each to its pattern ; they are perfect in their uniformity, and may be bought and sold with entire confidence as to the qualities we assign to them

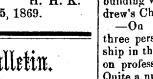

These general claims to superiority are no longer ontested. An English watchmaker, in a recent lecture before the Horological Institute of London, describing the result of two months' close observation at the vais tempered and modified by hygienic herbs and roots, rious manufactories in the United States, remarks in reference to Waltham : "On leaving the factory, I felt that the manufacture of watches on the old plan was followed by injurious reaction, but communicates a per- gone." Other foreign makers, some of them eminent, have publicly borne the same testimony. They admit that the results aimed at in Europe by slow and co thy processes are here realized with greater certainty, with an almost absolute uniformity, and at a cost which more than compensates for the difference between manual labor in the Old World and the New.

But we assert for the Waltham Watches more than gener 1 superiority. Their advantages, in respect of quality and price, over English and Swiss watches, are not more marked than are their advantages over the products of other American manufactories. These are infirmity in constant check by the daily use of this p sitive in their character, and are the natural consequences of the precedence we acquired in the trade, and the proportions to which our manufactory has attained No industrial law is better established than that which cheapens the cost of an article in proportion to the magnitude of its production. The extent of our establish ment-the combination of skilled labor on an extensive scale, with machinery perfect and ample-enable us to offer watches at lower rates than those of any other manufacturer. The aggregate of pront is the end + ept in view-not the profit on any single watch. An i, at ting on this principle, with reduced cost of production and an ever widening demand, our watches are offered at prices considerably below the watches of other Amer ican makers, comparing quality with quality. Our annual manufacture is double that of all other makers in this country combined, and much larger than the enire manufacture of England.

> The conditions which makes this cheapness possible are also favorable to the excellence of our work. Our artisans long ago ceased to be novices. Time and effort nder a superintendence which combines the subtleties of science with the strength of practical skill, have produced a body of artisans whose efficiency is for the time pre-eminent. We have the best workers in every department that are available-workers whose expertues and experience would be alone sufficient to secure for Waltham its high position. Among other tributary sauses, may be stated the readiness with which each succeeding invention and improvement has been tester, and if approved, adopted. We are always ready to examine whatever experience, or art, or skill may suggest, but we adopt nothing until experiments have demon strated its excellence. In pursuance of this rule, we have brought to eur aid all the mechanical improvements and valuable inventions of the last fifteen years, whether home or foreign in their origin. We have thus acquired the exclusive possession of the best and most valuable improvements now known in connection with watch-making, and secured for the Waltham factory a rce and completeness not shared by any similar establishments in the world.

These constant efforts to perfect in all ways, and by all means, both the machinery of the factory and the construction of our watches, have placed within our neans the production of a greater variety in grade and finish than other American makers have attempted in the manufacture of very fine watches we have no competitor in the United States and only very few in Eu-

"Good, Better, Best."

Messrs. Wannamaker & Brown early in their business career demonstrated the possibility of supplying the people with good clothing at low prices. And every year they have added to the excellence of their clothing and subtracted from the usual charges. This good work still goes on at Oak Hall, th garments growing "good, better, best," and the prices " low, lower lowest."

the Lord's Supper and receiving to membership sixteen persons. Most of them are young, and four of them children of one of the Elders.

-They had a feast Sabbath, July 4th, at Westminster church, St. Louis, and they first received five members, two by profession, three by letter; then had a union communion, in which four churches united, viz.: the First Presbyterian (Declaration Men), Sixth street church (O. S.), and the Tabernacle church (Congregationalist). Most of the members were in the Sixth street church before the war.

-A church has been recently formed in Auburn, Shawnee county, Kan., consisting of thirty-five members-owning one half of a house of worship which will seat three hundred persons. The church is located in the midst of a rich, extensive and rapidly developing farming country. The people of the town and country are intelligent, and mostly Eastern people. They wish a minister to preach in Auburn one half the time. and the other half in the field around about.

-By the removal of Rev. John Jay Crane to Hastings on Hudson, the church at Rose, N. Y., is vacant and in want of a minister. This church is, this world's goods. But the edifice is clear of debt, and the society own a parsonage near the church.

-The church at Evansville, in Jefferson county, N. Y., though once one of the strongest in Watertown Presbytery, has of late years been declining, and its older members initiated a movement to build a new one, which has been completed free of debt, at a cost of \$7,600, style, with open-work roof, frescoed walls, spire and chapel, and occupies a conspicuous site. It was dedicated June 24th.

edifice is to be erected on the site of the for Home Missions. The occasion was present church.

be best organized and developed ?" Partly through the influence of that earnest and indefatigable brother, Rev. S. G. Clark of Missouri, Presbytery

took the following action : WHEREAS, this Presbytery feels the

deepest interest in the cause of church erection, and whereas we desire that the funds collected, be as far as possible, expended for the purpose for which they are given, without a large outlay for collecting the same, therefore :

1. Resolved, That we the pastors of this Presbytery will take collections for this purpose without a visit from an agent or secretary of our Church Erection Committee.

2. Resolved, that the churches of this Presbytery be requested to raise \$500 this year, to build a church in southwest Missouri.

Rev. S. W. Bacon was chosen Presbyterial Committee on Church Erection, and Rev. J. O. Fillmore on Publication. STATED CLERK.

-Des Moines Presbytery, Iowa.-You had occasion early in the year to

record our affliction, in our removal by death, of two of the beloved fathers of this Presbytery. At our last meeting in the Central church in this city, which small in numbers and not wealthy in closed last evening, God graciously gave us two new members in the place of Bird and Ewing, whom He had taken to Himself. Mr. Edward Bayliss, a

young man from England, who having his post, and another was docked five been licensed by this Presbytery, has, for several months, labored as a probationer at De Soto, and Mr. Hiram H. house of worship falling into decay. The Kellogg, Jr., a graduate of Hamilton College and Auburn Theological Seminery, who was licensed by the Presbytery of Cayuga more that a year since, with a grant of \$500 from the Church and has been acceptably preaching in Erection Committee. It is in English several of our churches, were both ordained last evening to the work of the gospel ministry.

The sermon was preached and the high. The audience room will be 100 by constitutional questions proposed by the 69 feet, exclusive of the organ gallery, the purpose. Between \$60,000 and and the charge was given by Rev. \$70,000 have been subscribed. The new Wm. Campbell, our District Secretary

one of great interest; and was evidently -At the recent anniversary of the appreciated by a large audience, who, it Gilbert Chapel Sabbath-school in Wil- is hoped, will accompany these, our sons ment on it, so as to secure it to the mington, the annual report of the in the ministry, with their prayers,

-On Monday week, the conductor of a city passenger car on the Union line, was convicted of cruelty to animals, in overloading his car, and was fined \$25 and costs. The time specified was Sunday, June 6th, and it was in evidence that he had on board, over sixty passen gers, excluding children. The route is, part of the way, up hill, and at one point some of the passengers had to get off and help the horses, by pushing the car. After sentence, the conductor inquired of

Judge Pierce what he was to do, and said he could not keep the people off the cars. The Judge said, in reply, that whenever he had a full load—and what that was, he would like the railway companies to determine among themselveshe could, and must, refuse to take any more passengers.

-A number of temperance men, in this city, have issued a call for a convention, to be held on the 4th of August, at Concert Hall, to form a party in favor of prohibiting, by law, the sale of intoxicating drinks.

-The Court for the trial of policemen having been engaged for a week in investigating the complaints against members of the force, have recommended the discharge of three of them-one for insubordination, another for arresting a citizen without cause, and the third for drunkenness. A policeman was docked one week's pay for insubordination; one was docked ten days' pay for sleeping at days' pay for a similar cause.

-The corner stone of the synagogue --The corner stone of the synagogue for the German Hebrew congregation, "Rodef Sholem," was to be laid at the Southeast corner of Broad and Mt. Ver-the Southeast corner of Broad and Mt. Vernon Streets, on July 20th. The building will be in the Saracenic style of architecture, with a front of 83 feet on Broad Street and a depth of 164 feet. There will be a tower on the corner of Mt. Vernon Street, 26 feet square and 125 feet

-The Third street church of Dayton, O., have resolved to erect a new church, provided \$75,000 shall be subscribed for O. Rice, pastor of the Central church; are to be used in the construction of the persons. Trenton brown and sand stone are to be used in the construction of the building, the cost of which will be about \$150,000. The Board of Trustees of the Board

The People's Friend. THE GREAT MEDICINE OF THE WORLD.

Perry Davis & Sou's " Pain Killer," may most justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and none where it has not long been largely used and highly prized. Moreover, there is no clime t which it has not proved to be well adapted for the cure of a considerable variety of diseases; it is a speedy an safe remedy for burns, scalds, cuts, bruises, wounds and various other injuries, as well as for dysentery, diarrhoea and bowel complaints generally, it is adm rably suited for every race of men on the face of th glot

It is a very significant fact, that notwithstanding the long period of years that the "Pain Killer" has been before the world, it has never lost one whit of its pop ularity or shown the least sign of becoming unpopular but on the contrary, the call for it has steadily in creased from its first discovery by that excellent, and honored man, Perry Davis, and at no previous time ha the demand for it been so great, or the quantity made been so large, as it is this day.

Another significant fact is, that no where has the Pain Killer eyer been in higher repute, or been more generally used by families, and individuals, than it has been here at home where it was first discovered and in troduced, and where its proprietors, Messes. Perry Davis & Son, have ever been held in high esteem. Tha the Pain Killer will continue to be, what we have styled it, the great medicine of the world, there conno be the shadow of a doubt. Sold by all Druggists. july1-4w

THEMALE COLLEGE, Bordentown, N. J. This Institution, so long and so favorably known, continues to turnish the best educational advantages, in connection with a pleasant, Christian home. The various styles of these watches have und rgone the severest trials in the service of Railway Eugineers, Conductors and Expressmen, the most exacting class of watch wearers, and the presence of over 400,000 Wattham Watches in the pockets of the people is the best proof of the public approval, and must be accepted as onclusive of their superiority by discriminating Watchbuyers, especially so since the important matter of price is also very greatly in favor, being at least twent, five per cent. cheaper, quality for quality, than those made elsewhere in the United States.

An illustrated description of the Watches made by the American Watch Company of Waitham, will be sent to any address on application.

In addition to a description of the watches, the amphlet contains much other useful information to watch-buyers.

AS THESE WATCHES ARE FOR SALE BY ALL RESPECTABLE JEWELLERS, THE COMPANY DECLINE ALL OR-DERS FOR SINGLE WATCHES. For facts and all other information, address **ROBBINS & APPLETON**, General Agents, 182 Broadway, N. Y Junel7-6w. A PRESBYTERIAN ROOMS, No. 30 VESEY STREET NEW YORK. (ASTOR HOUSE BLOCK.) P. O.
