

News of the Week.

October 26—November 2.

General.—President Grant, after a visit to Philadelphia, to attend the marriage of Bishop Simpson's daughter, has returned to Washington. He has accepted a section of 63 miles of the Western Pacific Railroad, and ordered the payment of the bonds due on account of it. Secretary Belknap assumed the duties of Secretary of War on Monday. Secretary Cresswell reports the sale of \$15,078,000 worth of stamps and envelopes for the year, ending June 30th. The expenditures exceed the receipts by over five millions of dollars.

—The Debt Statement shows a reduction of \$7,363,882.75, being a reduction of \$62,332,070.65 since March 1st. The gain in the Revenue receipts for the same period is \$22,219,583, as compared with 1868. In September \$11,333,047 were received. The five cent nickels are to be redeemed when presented in sums of \$100 or over.

—It is expected that next Congress will investigate the proceedings of the Gold Ring in New York, and the alleged complicity of high officials.

—The reduction of value of farming crops this year will amount to \$200,000,000.

New England.—Hon. Lot M. Morrill fills the vacancy in the U. S. Senate, caused by the death of Senator Fessenden of Maine.

New York.—The voters registered in the city number 143,171, a decrease of 30,515; in Brooklyn 56,561, a decrease of 12,686, as compared with 1868. The Board of Health find that the milkmen draw on the Croton reservoir. Father Hyacinthine is studying English with great rapidity. He has visited Father Farrell, the liberal priest of St. Joseph's church. A Free School of Telegraphy has been opened in Cooper Institute for young men. Calvin Willis has been sent to the Penitentiary for selling indecent books and prints. U. S. Marshall Barlow resigns because the fees (\$6,000) do not make the office worth holding. [Better re-appoint Marshall Murray, who did not treat the office as a mercantile speculation.] Assist. Sec. Butterfield, of the Sub-Treasury, has resigned, because charged with complicity with the Gold Ring, and his resignation will be accepted, when his successor is fixed on. The Grand Jury have been investigating the Gold Ring conspiracy, and have indicted several persons.

—Indictments have been found by the Grand Jury of Hudson county, N. J., against thirty six Justices of the Peace for charging illegal fees.

City.—A member of the "Moya," those, in pay of the Whisky Ring, knocked senseless a reporter of the Transcript the other evening, for saying that the would-be assassins of Brooks ought to be sent to prison. The Grand Jury report favorably on our Municipal Houses of Detention, giving no endorsement to the charges brought by The Post against the House of Refuge. The Methodist Sunday school had a grand Jubilee in the Academy, at which the President was present, and Father Hyacinthine invited. The Inspector of Steam Boilers has condemned eleven, and ordered repairs on five of the 1,543 boilers inspected, earning \$10,000 in fees and expending less than \$2,000. Three hundred and twenty engineers were examined, and given first, second, third and fourth class certificates. A night school has been opened at the High School to teach our skilled artisans the higher branches of practical science, and in several Grammar schools for young men over seventeen years of age. Annie Peoples has been convicted of the voluntary manslaughter of James Welsh by throwing a coal oil lamp on him. The defence tried to prove that his death was caused by the "dry earth treatment" of his wounds. The jury preferred the opinion of eminent physicians to the contrary. Ex-District Attorney Sheppard demands a recount of the vote by which the Court deprived him of that office. Our Gas Works have been visited by a Cincinnati delegation.

The South.—The Republican vote at the Municipal election in Baltimore rose from 2,920 (in 1868) to 6,120. The Democratic vote fell off (from 12,466 in 1868) to about 12,000. The Working-men's Party did not poll over 750 votes. More arrests of defrauders of the Revenue by the use of forged tobacco stamps, have been made in Richmond, and two large tobacco factories have been seized. North Carolina is much excited over the raising of some colored militia by Gov. Holden, but the Governor's organ contradicts the alarming rumors. The U. S. Commissioner at Wilmington, discharges all but seven of the officers of the privateer Cuba, and holds the seven in \$500 bail each. Captain Higgins is not of the seven.

—The Conservatives persist in demanding the removal of Gen. Ames, on the ground that he will allow of no fair election in Mississippi. The Custom's receipts were greater by \$33,000 at New Orleans, than in any previous October. The Levee Committee of the Southern Commercial Convention have resolved to organize a Company to construct Levees. The New Orleans authorities have fined over a hundred bakers, and confiscated their bread, for selling loaves of light weight. Gov. Warmouth will call no extra session of the Legislature.

The Interior.—A fire on the night of Oct. 25th burnt down nearly all the town of Montana, Ill., within an hour. The steamer Stonehall was burnt on the Mississippi, forty-five miles above

Cairo, Oct. 28th. Of her 250 passengers, only 32 are known to have escaped. The Cincinnati Board of Education, to please the Romanists, have abolished the reading of the Bible in the public schools, by a vote of 22 to 15.

—The W. Va. election returns show some Democratic gains. The Kentucky tobacco crop will be a two thirds one.

The Pacific Coast.—In California the wholesale liquor dealers have formed an association to co-operate with similar associations in other States, to aid in compelling distillers to pay the full tax on spirits. Koopmanschap is to send one hundred Chinamen to work on the Memphis and El Paso Railroad. Belle Boyd, once notorious as a rebel spy, has been placed in the State Lunatic Asylum. California lawyers seem to be largely supplied with counterfeit Revenue stamps. The Chinese immigration for 1868 will be about 16,500. In 1852 the arrivals were 13,434.

Cuba.—A Liberal paper praises the decree establishing religious freedom and equality as a death blow to atheism, and a godsend to Catholicism. The *Prensa* does not like the decree; the *Diario* says nothing. Serious Revenue frauds have been detected. The insurgents are said to have ordered the destruction of the sugar cane crop. Cholera and the vomito are still in various places. The German and French residents of Havana offer to organize a Home Guard corps.

Hayti.—President Salnave has applied to Commodore Phillimore for a vessel to enable him to proceed to Jamaica. The Commodore replied that a vessel should be placed at his disposal in a few days.

South America.—The allies are at last pushing forward to attack Lopez at San Stanislaus.

Canada.—The Dominion Cabinet has been reconstructed, with Sir John Macdonald as Premier, Hon. Joseph Howe, Secretary of State, &c. New Rupert's Land, the Northwest Territory, and British Columbia are to be added to the Dominion, if England can carry her point. Mrs. Rye has sailed from Liverpool for Quebec, with another cargo of female emigrants.

Great Britain.—The appointment of Mr. Lytard as Minister to Spain, and the suicide of Lord Advocate Moncrieff, cause some minor changes in the Cabinet. The *Post* (Ministerial) expresses confidence in Gen. Grant, apropos of the charges made in connection with the gold panic, and praises his statesmanlike prudence and good temper as regards Cuba.

—The English holders of shares in New York Railroads are organizing to enforce their claims. The Working Men's Colleges complain that they cannot succeed without an Eight Hour Law. Mr. Peabody has been dangerously ill, but is slightly better. The weather is very cold.

—Rev. Dr. Temple, of Rugby, publicly expresses his regret at the anxiety and excitement caused by his promotion to the Bishopric of Exeter. He declines to make any explanation of his theological position.

Ireland.—The Dublin Amnesy Association denounce Gladstone, and vote to continue the agitation for pardon of the Fenians. Mr. Gladstone gives the reasons for his refusal in a letter to the Corporation, and says he would rather, if it were possible, have pardoned them. Sir John Gray, M. P., has informed the council that Mr. Gladstone was determined to settle the land in the same of factious manner in which he had settled the Church question, and was resolved to abolish the exterminating policy of the landlords. The *Times* says that nothing will satisfy the Fenians, but that traditional Tenant Rights of doubtful origin, it would be just to recognize, but not to foster the growth of similar rights in the future. The Fenian sympathizers broke up a Tenant Right meeting at Limerick, shouting for Amnesty, and breaking the furniture.

France.—Paris continues tranquil, and apprehensions of disturbance have subsided. The Emperor of the French is returned to Compiegne. The French Ministers have decided not to prosecute the Press for any recent violations of the Press law. M. Girardeau has been appointed to the Directorship of the Paris Press, vice M. Langle. M. Pietre, Prefect of Police, has forbidden the representation of a new drama which had passed censorship. The election for four vacant seats in the *Corps Legislatif* from Paris has been fixed for the 21st of November. General Fleury has gone to St. Petersburg to induce Russia to join the other Great Powers in a general disarmament.

Belgium.—The results of the elections for Deputies to the House of Representatives now in progress, indicate that the strength of the ministerial party will be considerably reduced.

Germany.—The Pope has summoned Father Hazele, of Wirtemberg, to Rome, instead of confirming his election to the Bishopric of Rattenburg, probably on account of his action at the Fulda Conference. The King of Prussia has fixed Nov. 10th as a day of fasting and prayer for Divine guidance and protection in view of the agitation of Europe by great religious movements.

—Austrian Military operations against the rebels in Dalmatia have been suspended in consequence of a heavy fall of snow. Dispatches from the South state that the insurrection is more formidable than first reported. There is a rumor that Russia has sent a note to Turkey, protesting against the passage of armed Austrians through Turkish territory.

Turkey.—A widespread conspiracy has been discovered in the Turkish provinces of Albania and Herzegovina in connection with the revolt at Cattaro, in the Austrian province of Dalmatia. Extensive preparations are making in Constantinople for the Emperor of Austria.

—The International Commission to decide on the question of jurisdiction in the matter of the Suez Canal opened its sessions in Cairo, Oct. 29. The American Consul was absent, having received no powers from his Government. Nubar Pacha, the Egyptian Minister of Foreign Affairs, was made President of the Commission.

Spain.—The budget shows a deficit of \$2,600,000, and to meet it civil salaries are to be reduced twenty, and ecclesiastical, thirty per cent. The chances of the Duke of Genoa as a candidate for the throne improve, as some 141 deputies have pronounced for him. His father, Victor Emmanuel, asks a two-thirds vote as a condition of his assent. The Democrats and Progressists favor his election, but the Unionists oppose it. The bill establishing martial law still continues.

An Established Remedy.—Brown's BRONCHIAL TROCHES are widely known as an established remedy for Coughs, Colds, Bronchitis, Hoarseness, and other troubles of the Throat and Lungs. Their good reputation and extensive use has brought out imitations, represented to be the same. OBTAIN only "Brown's Bronchial Troches."

THE YOUTH'S COMPANION.—This is one of the most promising and readable Youth's publications with which we are acquainted. It is issued from Boston, is most judiciously conducted, and has among its contributors such writers as Mrs. Stowe, Rev. Mr. Hale, Elizabeth Stuart Phelps, and others equally acceptable to the young people. Its announcements for 1870 are more than ordinarily attractive.
