Aews of the Week.

November 9-November 16.

General, -The Cabinet meeting transacted no important business.-The Governors of thirty-one States have united with the President in recommending No vember 18th as a day of Thanksgiving and praise.-The Secretary of the Treasury now has \$62,844,500 bonds in the Sinking Fund, awaiting the action of Congress, and bought with the surplus sending their circulars through the mails

for the purpose of defrauding the public.

New England.—The returns from 61 towns in New Hampshire give a majority against the State Constabulary Act of 2,912, in a vote of 8,338.

Vermont is discussing a female suffrage amendment to the State Constitution. In Massachusetts Gov. Classin has a majority of 25,000 over Adams, and of 10,000 over both opponents. The Senate will contain thirty Republicans, nine Democrats, and one Labor Reform er; and the House one hundred and sixty six Republicans, fifty Democrats, and twenty Labor Reformers. It is not known, however, how the members stand on the liquor question—the Prohibitionists claim a majority in the Senate, but concede the House to their opponents.— The 15,000 votes cast for the Labor Reform ticket are said to have been chiefly the votes of the Knights of St. Crispin —the shoemakers.

New York, - Major General John Elus Wool died last week at Troy, in the eighty-first year of his age. He was distinguished for services in the war of 1812, the Mexican war, and the late struggle for the Union. He was in command at New York at the commencement of the great "Draft Riots" of 1863. An investigation into the affairs of the New York Custom-house, it is said, shows frauds reaching to \$1,000,-000. State Senator, Charles J. Folger, has accepted the position of Assistant Treasurer, to succeed General Butterfield. Between 1,300 and 1,400 distilleries are registered on the books of the Internal Revenue Department, but only about 450 are now in operation.

France.—The Cologne Gazette says that the influence exercised upon the Emperor Napoleon III, by Lord Clarendon, the English Minister for Foreign Affairs was the moving cause of the changes recently made in the constitution of France. M. Barbes, the Republican leader of 1848, who has been in exile for many years, has returned to Paris. Ledru Rollin refuses to return to Paris, but he has not withdrawn from the canvass as a candidate for the Corps Legisiatif. Louis Blanc, however, accepts the nomination to the Corps in his

-Emigrants in large numbers are now going from the South of Ireland to the French Colony of Algeria. Over a hundred men and women sailed recently from Cork in the steamer Bona, chartered by the French Government for the transportation of the emigrants, free of charge.

-The Saxon House of Deputies has unanimously resolved that the Government should endeavor to prevent the abolition of capital punishment throughout North Germany.

Neglected Cough, Cold, or Sore Throat, which might be checked by a simple remedy, like "Brown's Bronchial Troches," if allowed to progress, may terminate seriously. For Bronchitis, Asthma. Catarrh, and Consumptive Coughs, "The Troches" are used with advantage, giving oftentimes immediate relief. Singers and public speakers will find them also excellent to clear the voice and render articulation wonderfully

A WIDE-AWAKE YOUTH'S PAPER. - The Youth's Companion, of Boston, announces nearly a score of regular contributors for 1870. Many of them are among our best known and most brilliant writers.

PAIN KILLER.

Pain is supposed to be the lot of us poor mortals as inevitable as death, and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on any emergency, when we are made to feel the excruciating agonies of pain, or

the depressing influence of disease. Such a remedial agent exists in the "Pain Killer," the fame of which has extended over all the earth, Amid the eternal ices of the Polar region, or beneath the burning sun of the tropics, its virtues are known and appreciated. The effect of the Pain Killer upon the atient, when taken internally in cases of colds, cough bowel complaints, cholers, dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of burns, bruises, sores, sprains, cuts, sting of insects, and other causes of suffering, has secured for it the most prominent position

among the the medicines of the day. Beware of counterfeits and worthless imitations. Call for Perry Davis' Vegetable "Pain Killer," and take no other. Sold by all druggists and grocers.
