Aews of the Week.

November 30-December 7.

Home.-Congress met on Monday. The debt was reduced \$7,571,454 in November. The President has ordered Minister Curtin to intercede in behalf of the Russian Jews. We imported \$437. 309,868 worth last year. After New Year's Day, letter postage to England will be six cents per half ounce. Some twenty thousand Philadelphians, and the Legislature of South Carolina, ask Congress to recognize Cuba. The National Board of Trade is in session at Richmond -Fred. Fraley being re elected its President. The Republicans have carried Mississippi, defeating Gen. Dent. The Texas election is close and doubtful. Albert D. Richardson died on Thursday.

Foreign, -Manchester Free Traders are troubled over a proposal to impose protective duties on French dry goods. Guizot and Ollivier urge the Liberals to rally round the Empire. Schneider has been elected President of the Corps. All the Italian bishops but five have sworn fidelity to the Pope. The Habeas Corpus and other rights have been restored in Spain. The first French vessel that passed the new canal has been wrecked in the Red Sea.

-General Grant's second message to Congress is as out-spoken on our home and foreign policy as the friends of his administration could desire. He urges a law to authorize the Governor of Georgia to re-assemble the Legislature of Georgia as originally elected, in place of the body as reconstructed by the negrophobists. The admission of Virginia is recommended, as she has done what the nation demanded of her. In regard to Cuba, he firmly resists the enormous pressure brought to bear in favor of recognition, and declares for non-interference. He endorses the Senate's re jection of the Alabama Treaty, opposes reciprocity with Canada, and approves of the workings of a Protective Tariff. In regard to the Indians, he restates the wise and Christian policy already inaugurated.

P. Strykor Talmago.

—The Fifth U. P. Church, Philadelphia, Rev. A. Calhoun pastor, has paid off the debt that has long encumbered it, and bids fair to prosecute its great work with increased encouragement and success. At the last communion, Nov. 21st, eighteen persons were added to the membership.

-The Fourth U. P. church (Rev. W. Cunningham Jackson's) had thirty added to its membership, Nov. 14th. This congregation have purchased a site for a new edifice at the northeast corner of Fitzwater and Nineteenth streets, and will proceed to erect a new house of worship.

For Throat Diseases and Affections of the chest, "Brown's Bronchial Troches," or Cough Lozenges, are of great value. In Coughs, Irritation of the Throat caused by cold, or unusual exertion of the vocal organs, in speaking in public, or singing, they produce the most beneficial results. The Troches have proved their efficacy.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Conghs, Colds, Who ping Cough, Bronchitis, Asthma, and Consamption.

Probably never before in the whole history of medicine, has anything won so widely and so dreply upon the ronfidence of mankin', as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector a sinst them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought in-Probably never before in the whole history of med-

Although settled Consumption is thought in-Although Settled Consumption is thought in-curable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cher-ry Fectoral. So complete is its mastery over the disorders of the Lungs and throat, that the most ob-stinate of them yield to it. When nothing else could reach them, tuder the Cherry Pectoral they sub-side and disappear. Singers and Fublic Speakers find great pro-tetion from it.

Asthma is always relieved and often wholly cured Bronchitis is generally cured by taking the Cher ry Fectoral in small and frequent doses.
So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully main-

As its name implies, it does Cure, and does not fail. Containing beither Arse-ic, Quinine, Bismath, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are iterally beyond account, and we believe without a parallel in the listory of Agne medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons either resident in, or travelling through misamatic localities, will be protected by taking the AGUE OURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy artivity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines have failed.
