

Bowling

By Monahan

Item

Behrend Center's long awaited Bowling Banquet is being held May 11, 1949 at the South Shore Inn, which is located on Freepport Road between Route five and Route 20.

Heading the Physical arrangements committee will be John Korn, and Miss Janice Painter, women's physical education instructor. On the program committee will be Miss Ficker, Mr. Thurbon, and Jim Mullard. This committee will also make up prize arrangements for winners in the high-low doubles; the Behrend Center league champions; high individual series; high individual game, etc.

Transportation will be managed by Dorothy Holmstrom, Dick Collman, and George Hamilton. Everyone is asked to see one of these for room in his car.

Dinner will be served promptly at 7:00, and it will consist of roast beef or ham dinner, depending upon the choice of the students.

Immediately after the dinner there will be dancing to such orchestras as Benny Goodman, Stan Kenton, Carmen Cavallaro, via the juke box.

Everyone who has not as yet paid his dues in full is asked to see Harry Schiemer, president of the bowling league. The deadline for this will be May 1. Participation is encouraged.

See you there, gang!

ATHLETE Of The Week

By Carol McKrell

Mr. Raymond "Hiya Buster" Reed, or should I say "Ray," as he is better known by the faculty and students of Behrend Center, is well-known for his basketball ability, but few of us know of his baseball career.

During Ray's freshman year in high school, he played third base on the baseball team, and in the summer between his sophomore and junior year, he played third base with an industrial team (a team organized by a manufacturing plant) in competition with other plant teams.

After his junior year, when Ray's highest batting average was .412, he was offered a contract with a class D professional team, but because he wanted to continue participating in high school baseball in his senior year, he rejected the baseball contract.

Ray's baseball career was not discontinued because of his enlistment in the army after graduation from high school in June of '46. While being stationed at Camp Stoneman in California, Ray played third base with the camp team. There he met Tom Brownman who was playing short stop and now plays with the Brooklyn Dodgers. For four weeks in June of '47 Ray was stationed at Stewart Field, and while in New York he played a benefit game at the Yankee Stadium.

In July of '47 Ray was sent to Fort Monmouth. The Fort Monmouth team was entered in the championship games among the army camps in the first army area. The Fort Monmouth team won the championship with Ray playing his position at third base.

From Fort Monmouth, Ray was stationed at West Point when he started baseball practice, the first part of April of '48. He played ball for three weeks before he received an injury to his shoulder and was hospitalized for one month until he was discharged. Because of this injury to his shoulder he could no longer play infield, so last summer he pitched for an independent team over the week-ends.

This year, Ray will play in the city league, and also play with the New York Penna. League. He hopes to play third base or short stop and perhaps do some relief pitching.

Best of luck to you, Buster!

NOTICE

Be on the lookout for language film schedules to be posted from time to time. Several interesting shorts about South America have been and will be shown, either in the Physics Lab or the Library.

BEHREND BASKETBALL WIND-UP

According to a slight error in the McKeesport paper Behrend Center's floor team had a total of twenty-six victories and eight defeats over the fading seasons. How dare they say we lost any games! Our "packet-full" schedule ended with a string of four wins and no losses.

Jim Mullard was high scorer for the season with a total of fifty-nine points, almost fifteen points a game. Although not a point scorer, Ray Reed was one of the most valuable men on the squad. His work under both baskets was flawless and his shots timely.

Al Liebau also was excellent off the boards. Although an excellent shot Al had some trouble finding the range at times. Al really hit his stride in the first Dravosburg game when he sank twenty points.

Tom Pearce, a dead eye on long shots, played on the outside on both offense and defense. Tom was the main-spring in setting up the fast breaks. His excellent dribbling and clever ball-handling was a sore spot to all opponents.

Another all around performer was Bob Gallagher, who added snap to both offense and defense.

Behrend had little trouble taking the first two games which were played at Lawrence Park. The scores were 59-26 over Bradford and 56-36 topping Dravosburg.

At Bradford the team didn't have a "breeze." The final score was 38-28 after a very rough game, with Behrend on the long end. That night proved very eventful as Jim Mullard's car broke down outside of Corry and he and five other members of the team were stranded there all night. Ever-reliable Mr. Demp and Miss Ficker were there to pick them up at eight o'clock the next morning. It seems that Jim's car is sensitive to name calling.

In the second Dravosburg game played at the McKeesport "Y" near Pittsburgh, the opponents gave a better account of themselves for the first half. However, with the leaving of their 6 ft. 5 in. center at the sixteen minute mark, Behrend started rolling once again. The final outcome was 50-29 with Behrend on top.

Reports have it that everyone had a wonderful time at Pittsburgh the week-end of the Dravosburg game. They really got around Pittsburgh, and one car even had a flat tire on the Boulevard of the Allies. Note that, "Pappy!"

Behrend's basketball season was a great success due mainly to the efforts of Coach Marvin Demp. His untiring work was appreciated by all.

Following are the results and line-up of the final game with Dravosburg:

Behrend		FG	F	PTS
Reed	3	1	7	
Beniard	2	0	4	
Gallagher	5	0	10	
Gourley	0	0	0	
Mullard	6	3	15	
Liebau	2	3	7	
Pearce	3	1	7	
Chesley	0	0	0

Candidates Are Reporting for Behrend Golf

An 18 hole qualifying round was held on Wednesday, April 20th, on the Lawrence Park Golf Club layout to determine team members for Behrend Center's first college golf squad.

With the local college planning to carry a six man team, there promises to be a stiff battle for positions on the regular lineup.

Some dozen or so candidates have registered thus far with Coach Marvin L. Demp. Among them are the 1947 Scholastic Champ Jim Mullard of Strong Vincent and Donald Blair, former number one man on East's divot digging squad. Others include: Ray Reed, Al Liebau, Donald Beal, Vincent Mays, John Spierling, Ed Kittka, Bob Monahan, Bob Miller, Benny Beniard, Tom Pearce and Joe Ryniewicz.

Mr. Thurbon

Continued from Page Two
State's newest branch, Behrend.

There is little need to reiterate on our English Dean's life at Behrend, for we all realize the debt owed to him. Besides doing a bang up job as English Composition 1 and 5 instructor, Mr. Thurbon organized our school paper, the Cub, brought a bowling league into being, spurred our golf team into shape, and handled several projects such as the trip to the Penn. State—Pitt football game. (Hard as this is to mention.) As for hobbies, ornathology (bird study for you laymen) ranks first with golf crowding the rail. All sports seem to fascinate "our boy." He also likes to read autobiographies and good novels. Among his favorites are: "The Robe" or "The Big Fisherman." Last, but not least, is his love of midnight snacks at which he excells.

So with this, probably our last "Cub" edition of 1949, it is only fitting that we salute our founder and "Chief", David G. Thurbon.

Lois Braden is a popular gal in Behrend's "dorm". If it wasn't for her many cute habits and jokes, I don't know what the girls would do to get topics for their themes! (Hope you don't mind, Mr. Thurbon.)

SPORTS GLANCE

By Ottaway and Beniard

With the coming of spring the sports at Behrend Center have increased. Horseshoes, baseball, volleyball, archery, golf, and outdoor basketball are in full swing.

Construction of the tennis court and cleaning of the swimming pool are now in progress, and will be ready after Easter vacation. Everyone is eagerly awaiting the beginning of these two activities.

The horseshoe pits, made by the boys of the Physical Education class under the supervision of Mr. Marvin Demp, Athletic Director. Participation in this is not limited to boys alone for the girls are also showing skill at throwing shoes. We have noticed the sunburns sported by Shirley Linder and Ray Reed as a result of this.

On the campus the girls seem to be exhibiting a lot more prowess at baseball than the fellows—could be because Miss Painter makes them practice more.

A volleyball league has been organized for Wednesday nights in the Lawrence Park High School gym. As soon as the weather permits it will be moved to the outdoor court on the campus.

Our school is now boasting several "William Tells" in the persons of Tom Pearce, Joan Baudino, Gene Sundberg, Lee Delle Donne, and Lloyd McGough. These "Robin Hoods" practice daily in back of the main house.

The fellows you see running for the parking lot are not in a hurry to get home, they are going to the golf course. The hill behind the chem lab has been adapted for a driving range between classes. Among the fellows showing prowess at the old Scotch game are Jim Mullard, Al Liebau, Ray Reed, Don Blair, and Ken McDannell. The first two men on campus to get the gold bug were our own Mr. Gottlund and Mr. Thurbon.

About the only sport left is our old perennial standby, ping pong. As this issue went to press the boys and girls were still fighting for possession of the table with the fellows still out in the lead.
