SPORTS REVIEW

By Ray Chop

Earlier this month the Behrend Center basketball team brought their season to a close at Alliance College with a sad note by losing 71 to 50. The team finished with a record of three wins and six losses. Although the record showed below 500%, Hank Goodwin did a very good job of coaching the boys and working them into shape.

Of the boys that were on the squad, only three, Buzza, Seiffert, and Melzer, had had previous experience playing on organized teams. In addition to this drawback, Behrend Center was usually much shorter than the opposing team.

The scores of the games were: Allegheny, 69—Behrend Center 51; Gannon, 82—Behrend Center, 59; McKeesport, 62—Behrend Center 58.

Behrend Center, 74—Alliance, 68; Behrend Center, 81—Jamestown, 73.

Gannon, 79—Behrend Center, 58; Behrend Center, 79—Jamestown, 56.

Alliance, 71—Behrend Center, 50.

Up to now the intramural sports program has produced champions in table tennis and touch football.

COED CHOIR

(Continued from Page 1)

as shown by the number of programs in which the choir has already participated. During the Christmas season the Choir sang for the Hanging of the Greens ceremony, the Christmas Tea given by the Faculty Wives' and Women's Association, the Christmas play, and the annual Christmas dance.

Bob McKufka defeated his opponent, Dave Barnett during the finals of the singles to make him ping-pong champ. Bob and Ross Caruana were the winners in the doubles competition.

In the intramural touch football race the Clowns finished first with a record of three wins and no losses. Bud Seiffert, Dusty Pote, Chuck Simons, Ray Chop, Dennis Luce, and Tom Doran were members of the winning team.

Trophies will be given to all winners in the intramural sports program.

There have been rumors circulating around the campus that the faculty will get together and form a team for a student-faculty basketball game. Why not?

All the snow and cold weather we've had this winter has given the students an opportunity to do a bit of tobogganing and skiing. The campus is well supplied with lone hills which are ideal for this type of sport. There are also many places in the Erie area where a person can ice skate if he's interested.

Well, that's about all for now. Ray

Nancy Campbell, Jane McClain, Carole Lazarus, and "Dusty" Rope were voted to serve on the Student Council in the write-in elections held Feb. 22. This filling the vacancies which were created last semester.

Tech Graduates To Be Interviewed

Starting on Feb. 18, representatives from 26 companies will come to interview the 39 graduating associate degree students. Last year there was an average of three jobs offered to each boy. The following is a list of the companies, and the days their representatives will visit.

March:

1—North Electric Co.; 4—Biley Electric Co.; 5—Erie Strayer; 6—Bucyrus Erie; 7—Babcock and Wilcox; 8—Proctor and Gamble; 11—E. I. Dupont Co.; 12—Hammermill; 14—Erie Meter System; 18—Cooper Bessemer Co.; 19—Fenestra Inc.; 20—Bell Telephone Labs Inc.; 21—Taccone Pneumatic Foundry Equip. Co.; 29—Lovell Mfg. Co.

April:

2—Perm Union Electric; 4—A. C. F. Industries; 8—Westinghouse Electric Corp.; 12—General Motors Corp.

CONWAY

(Continued from Page 1) study the many varieties which land here. Mrs. Conway expects to tell the ladies the specific characteristics of different birds, how to identify them, the pleasures of having a bird feeding station to bring them close for observation, and suggestions for planting in their gardens trees and shrubs which will attract birds. The bird calls will also be demonstrated by recordings.

Mrs. Conway is quite apt on speaking on this subject for she graduated from Allegheny College and taught science, one of which was biology, in high school. She is also in demand as the main speaker in other women's clubs including the Woman's Club of Erie.

The officers and unit chairmen for this year's Faculty Wives and Women's Club are: Mrs. Donald Beal, president; Dr. Elizabeth Smith, vice-president; Mrs. Louis Balmer, secretary; Mrs. Ernest Fryer, treasurer; Mrs. W. Lester Richards, program chairman; Mrs. Arthur Falkenhagen, publicity; Mrs. Gretchen Linder, sunshine (which is sending to members greeting cards, flowers, or baby gifts when the occasion occurs); and Mrs. Benjamin Lane, in charge of arranging for hostesses, meeting places, and refreshments.

STRIKES and SPARES

By Marion Rynd

We have just finished one semester of participating in one of Behrend Center's most enjoyable sports—bowling.

Our individual high scorer in league competition, Jim McKenzie, had a high score of 203. Helene Longo smashed 146, earning the title of women's champ. No. 6, the winning team, consisted of Mark Bevevino, Ross Caruana, Chuck Dangelo, Jim McKenzie, and Sylvester Simchick. The team polished off 19 out of its 24 matches, giving them a 79% average.

The second place team, No. 7, took 17 out of their 24, so we really had a couple of teams that were "on the ball."

Some of the averages, for the whole semester, that happened to be uncovered are:

Tom Gregeroff, 152 average in 15 games; Dennis Luce, 152 average in 6 games; Jim McKenzie, 151 average in 24 games; Helene Longo, 116; Jackie Evanoff, 105; Jill Nardi, 104.

Say, have you noticed that neat rack for the bowling balls? Our maintenance men erected that little "gem" while we were on vacation. There's not a bowler around who doesn't appreciate it. Thanks men!

Now for coming events. This

semester the league nights will be Tuesday, Wednesday, and Thursday, leaving the other nights free for open bowling. Four teams have been signed, but more teams are needed to balance out the schedule.

Flash! from the office of Mr. Goodwin, "The alleys are still as crooked as ever."

"Have you noticed anything different? Those bowling balls are going to be polished once a week. The alleys are also on the list for a weekly scouring. For this we can thank our manager, Chuck Simons, and his assistant, Bill Wilkinson. They're doing a top notch job.

Girls! The teams so far this semester are mixed. That is quite a welcome change, and it evens up the matches too.

The new team members are: Jerry Mitchell, Leah Wade, Tom Clark, Helene Longo, Don Sargent, Judy Adler, Ross Caruana, Chuck Dangelo, Sylvester Simchick, Jim McCarter, Jim McKenzie, Tudy Russell, Kathy Schreve, Gill Nardi, Jackie Evanoff, Mike Anderson, Dennis Luce, Ray Chop, Judy Theobald, Tom Gregeroff, Dick Sprankle, Ange Pasquino, Jim McCarthy, Bill Hodges, Jane McClain, Marge Heffner.

With these prospects, we should be in for a lot of "strikes and spares."

Sociology

Spin a platter... have some chatter... and sip that real great taste of Coke. Sure, you can have a party without Coca-Cola—but who wants to!
