Thirty-One Complete Two Year Program

Have you noticed the happy expressions on the faces of the associate degree second year students? The reason for this expression is the fact that it is graduating time for them. They have completed their second year of college and fulfilled the requirements for an associate degree in engineering, drafting and design technology, or electrical technology.

During the last semester the graduates have been interviewed by many of the leading companies in this area who are seeking college graduates. Many of the graduating students have already accepted jobs with these companies.

Diplomas will be awarded these graduates at the commencement exercises held on the main campus. Most of Behrend's graduates will be going down to the main campus to receive their diplomas in person. Those who are unable to attend these exercises on the campus will receive their diplomas by mail.

Those students receiving diplomas are: J. Benson, P. Blum, H. Burlingame, R. Caruana, C. D'Angelo, G. Deutschlander, D. Dickinson, T. Duda, R. Gaz, T. Gregoroff, L. Hamilton, D. Hawkins, J. Kane, E. Kocsis, R. Makufka, E. McAdoo, J. McCarter, J. McKenzie, I. McMaster, J. Manelick, V. Pastor, W. Perry, J. Reed, J. Rolling, G. Rose, J. Roth, S. Simchick, R. Truex, D. Unger, R. McClintock, and R. Striker.

Behrend Center will miss all of these boys who have been so helpful in making campus activities successful. Best of luck to all of you.
