

Strike! What, Again?

Rita Anderson is enjoying another one of her strikes as Judy Theobald marks it up. Compy's informing Jan Warren of her girls' improvement, while Kathy Shreve pays no attention at all and continues with her picture drawing.

The Sputnik 9 Of Behrend Center

By Wes Carter

I was seated at one of the casimere-covered tables in the elaborate ballroom (the basement) of Erie Hall. At 10:07 I was approached by a cute little cupcake clad in muskrat fur. After the usual greetings and salutations, she stated her name and occupation. She was Miss Evelyn Bernhard, editor of the Nittany Cub Newspaper. Following this exquisite introduction, she stated her business. "Wes, how would you like to do a personality sketch on the Sputnik 9?"

Excited and slightly perplexed, I asked her what she wanted me to do. Her reply, "Get the facts, Wes, just the facts." At the termination of our long, dragged out conversation she arose, tipped her sky piece and left. With my enormously, well-informed mind, I dawned my cap, and Mickey Spillaine coat; then I proceeded to get the facts. The facts which have been received by the sixth zone of my cerebrum are presented here.

George Place is 5 ft. 11 in. tall and weighs 145 lbs. His curriculum is civil engineering and he graduated from Draper High in Schenectady, New York. His pet peeve is chemistry, likes all kinds of music and sports, and when asked about our game schedule said, "If the remaining teams are of the caliber as McKeesport, we should have a winning season. His philosophy is to live each day as it comes and don't worry about the next.

Bill Ames weighs in at 150 lbs. and is 5 ft. 8 in. tall. He's in E. Tech and was graduated from McDowell high school here in Erie.

His pet peeve is speech class, and he enjoys piano music. Basketball and baseball rate high in his list of sports. His opinion of the basketball schedule is that he wishes that there would be more games. Bill has a philosophy on life that more people should follow, "Be happy!"

Height—5 ft. 10 in., weight—165 lbs., curriculum—business administration, high school—Prep, best describes Dick Januleski. Dick's pet peeve is girls that talk too much, and you may find him listening to Perry Como or Frank Sinatra. His philosophy on life is, "Don't ever worry yourself. Take the bad with the good."

Gary Rupert is a 5 ft., 150 lb. player who is in business administration. As his pet peeve he lists "the bench." His philosophy on life is shared by many college students. "Drink and be merry for tomorrow may never come."

Bud Seiffert reaches a gigantic 4 ft. 2 in. height, and weighs 85 lbs. (when soaking wet.) He likes women, all kinds of music and basketball. Opinion of game schedule? Ugh! His philosophy is, "Stay away from the girls."

Burt Hackenburg is our 6 ft., 190 lb. chemical engineering major from Harborcreek High. Burt is all for jazz, football, and the present basketball schedule. He is also a man who tries to "live and let live."

Cochran, Pa. sent us 6 ft. 1 in., 180 lb. Mike Nagel. Mike claims that he has no pet peeves,

likes hillbilly music, women and booze. Mike is also optimistic and says that we'll win them all."

Another Harborcreek grad is 6 ft. 1 1/2 in., Paul McQueeny. Paul's favorites include jazz and basketball; his pet peeve is women. "Have fun while you are living," sums up Paul's philosophy.

From Buffalo, N. Y., hails 6 ft., 1 in., 170 lb. Wes Carter. Wes's pet peeves are Carl Torelli, Bob Sokoloff, and Tom Zielinski. His opinion of our game schedule? "We'll slaughter the slob." Of all people, Wes admits no philosophy on life.

This folks, is the Sputnik 9 basketball team of Behrend. Support them!

BOWLING

In the past few weeks there have been a number of records established. The high game last year was 214. This record was broken by Dick Covatto with 225 in the first week of action. The latest challenge came from Bob Sokoloff's 199. Bob had a very good game going until the seventh frame when he couldn't hit the 1-3 pocket for the remainder of the game. We salute Bob's valiant try.

Last week your editor rolled a 655 series. The games were 167, and 233 which broke the old mark. This new mark lasted until the third game with nine out of eleven strikes to compile a 255 score. The series and high game set a new record.

Another record was established by Jerry (Can't find-the-pocket) Mitchell. Jerry had six out of ten splits. So all we can say, is that we hope Jerry finds the headpin soon.

Judy Theobald and Eddie Tinsman converted the 6-7 split. Fred Faulk and Dave Rundquist were both complaining about alleys one and two. They seem to have better luck on the other alleys.

Our good coach Hank Goodwin, arranged a match game with Alliance College for January 9. Our team will consist of the bowlers with the highest averages in the league. The Behrend five are: Dick Covatto, Tom Zielinski, Bob Burns, Bob Sokoloff and Sid Wallace.

Compy's Cuties

By Edith Tinsman

The cold, snowy Homecoming Day found the Behrend girl's basketball team, consisting of Lea Moses, Edie Tinsman, Sue Patterson, Ardell Johnson, and Compy—not really all Behrend girls, in case you're wondering—defeating the alumnae, 12-6. (Who made the first touchdown?) Lea can inform anyone who asks, "Why such a narrow margin?" that we were just too pooped from a forty-five minute pre-game warm-up.

Now that Blocks has been demolished, some hidden talent is appearing. It has been observed that Tudy and Kathy are regular pool sharks.

We understand that a certain sophomore girl might be interested in a doorbell for the locker room, especially since a recent minor incident concerning a certain sophomore boy and a scale.

Doris has a new hobby. If you're curious, just pop into the lounge, sometime, and you can find out what it is—if the snoring doesn't drive you out.

Warning to all pinochle players! Watch closely! A certain frosh girl deals from the bottom of the deck. How about that, J. W?? Not that that it in itself is so bad, but during one game, she and her partner had forty-three meld—including a run in trump for each of them (single deck, too). And guess who dealt?

Traveler's Aid

At last count, Coca-Cola was delighting palates in more than 100 countries around the world. This news may not rock you right now. But if you ever get thirsty in Mozambique, you may appreciate the change from goat's milk.
