

Hey, Look! More Men!

New faces seen around campus are above, left to right, Jim Pendleton, Don Heidt, Tom Guelcher, Walt Parker, and Earl Yeager.

New Men Around Campus

By Lea Moses

The Behrend Center students welcome six new students to the Behrend Campus.

Earl Yeager comes from Erie and is a graduate of Cathedral Prep. His curriculum is mechanical engineering. Boat racing, hunting, and cars are among his interests.

Walt Parker is from Wesleyville and a graduate of Wesleyville High School. His interests include sports and popular music. He is entering the College of Business.

Tom Guelcher hails from Erie and also graduated from Cathedral Prep. He is studying architectural engineering and his interests are sports and cars.

Another Erieite, Don Heidt, was graduated from Academy. He is in the College of Arts and Letters. His interests include sports, language, and classical music.

Jim Pendleton, another from Erie, graduated from Erie Tech. He enjoys golfing and swimming and is enrolled in mechanical engineering.

Not included in the picture is Hugo Francis.

The Cub wishes you an enjoyable year at the center. We hope that you make yourself feel at home; and, if you need help, do not be afraid to ask questions.

Tech Talks

By Dave Thelin

Many members of the Behrend Center Engineers Club are applying for associate membership in the I. R. E. (Institute of Radio Engineers). This will enable them to see accounts of the latest scientific developments immediately after their discovery. The I.R.E. scope includes industrial electronics, radio transmitting, medical electronics, and many other related fields.

In discussing future trends, the Behrend Engineers entertained the possibility of holding a science demonstration in Erie Hall. This would portray the science and engineering facts of the organization.

New Members in the club are Bob Taylor and Max Cobb. Both are E. T. students.

The Erie Hall sound system has been completed by the Hi-Fi contingent, and they are now moving on to new projects.

A number of the Model Control enthusiasts have completed transmitters with which they can dictate the maneuvers of their favorite models.

The Code Instruction table is nearing completion. Soon the Radio Operators group will be using it for Morse code training.

Graphically speaking, Prof. Bair is opening up a new horizon in the mathematical solution of electrical problems. Some of his students say that this horizon has snowed ever since its opening.

The first Trip To The Moon may not be far away. It is reported that Mr. Gallagher did a splendid job of repairing the Behrend Center station wagon.

Around the Campus

(Continued from Page 2)

leagues . . . We predict that BILL CURTIS will really collect his Dean's List reward . . . Nights are warmer in June anyhow, BILL . . . HARVEY BAIN still prefers the dark-haired woman . . . GEORGE BRECOSKY will certainly make the Olympics since he's making like a track man whenever he meets a Behrend coed . . . Best suggested reading list for young adults—"You, Too, Can Overcome Shyness" by Dick Covatto; "Women I Have Known" (Fiction) by David Lord; "How to Stay Fit" by Robert Pawlak . . . Behrend girls' Valentine for the month—MIKE NAGEL . . . RIGGS and MILLER were seen carrying a strange package through the cafeteria last week. Further investigation disclosed that the bottle contained Clorox and not what the Dorm boys hoped . . . ED ROBERTS seen wearing the lining of his old Army coat. True patriotic spirit . . . GEORGE BURKE, a lover of time, spends most of his time day-dreaming and pacing the floor. Please BURKE, who is she? . . . HARVEY BAIN has shocked the male populace of the dorm with his silky, stripped, sexy underwear . . . There is still some controversy over the methods RUNDQUIST and ROBERTS use to get home from their rendezvous at a certain hotel on weekends . . . Behrendites are talking about Vanguard . . . Lydia Dean . . . Malthusian belts . . . Peyton Place (the book) . . . Why the capitalistic system will fail . . . stables . . . Mr. Burns . . . the mouse in the library . . . How to succeed without a college education . . . and romping . . . MARSH FISK heads home for week-ends and always returns to the waiting arms of one of our Freshmen girls . . . The bowling champions have taken up a new hobby this semester—collecting photos of fair young beau-

ties from Mad, Playboy, Puck, and Escapade . . . FORREY CAMPBELL enjoys his extra-long week-ends . . . DAVE BROOKS scored many points in Speech Class when he referred to MRS. FALKENHAGEN as MRS. FALKENBERG . . . TUDY RUSSELL'S sneezing could be an allergy to 8:20 classes . . . WES doesn't seem to appreciate COACH GOODWIN'S passion for tumbling . . . TECH BOYS are shook-up by the presence of a female in their Math classes . . . FEENEY and COTE were having a ball this winter by "wracking up" their cars at JILL'S party . . . Our beloved "Sherman Tank" of business administration is grumbling about his three consecutive classes on Friday morning . . . Soliciting prizes for the MARDI GRAS seems to have given GARY RAIMY a frustration complex . . . CONGRATULATIONS to GALLAGHER, who has finally received his driver's license . . . MISS FILER is doing her work at home instead of at the library—wonder why? . . . GORDON BAKER has volunteered his weight to the Navy's missile program. P. S. He plans to go pretty high with the "Vanguard" . . . PRE-GUNTAS—DICK CULVER attacked by four girls in shorty pajamas the morning after JILL'S party? . . . SARA LEWIS, Stull Hall or the Dorm? . . . Where is the ski-tow on the Behrend Campus that is described in the Penn State Behrend Center brochure? . . . What do pages 10, 180, and 235 mean to RON RAYMOND? . . . Corvette, hey JOHNNY BOY? That's it for now, gang!
