### Bowling

Final roll-offs for the bowling championship are being held this week. Team 1 is in the lead with 32 wins and 11 losses. They have one more match, with a possible four more wins. Members of the team are William Bush, Ronald Greer, John Klingel, Allen Lindgren, Richard Perkins, James Wesner, and Paul Zock. Team 5 is in second place with 28 wins and 12 losses. They're bowling two more matches with a possible 8 more wins. The team consists of George Guriel, James Knes-trick (with high singles game), Edward Mandel, Mike Mulligan, and Jeanne Upperman.

### Basketball

It's still not too late to support our basketball team. There are two more home games to be played; one on February 12, the other on the following day.

Despite their record, the team has played hard, but has been handicapped by lack of height and experience. However, congratulations to the boys for the fine showing they have made, especially the three top scorers, Ken Staub, who hails from Buffalo, George Guriel from Girard, and Jack Fern, from Butler. Staub is the team's high scorer with a point average of 18, and is the top rebounder. Guriel has given fine support to the team with a 13 point average. Fern has consistently played heads-up

basketball and has recently developed into a scoring threat with an 11 point average.

A "well done" to one and all.

## Behrend Campus

Behrend Campus reminds me of: an 8:10 Botany lab with sleepy eyes peering down microscopes at bright colored blobs called cells; chatter around the pool on a bright fall afternoon; serious faces staring grimly at an ace in the middle of a card table in the smoky depths of the lounge; shrieks of laughter echoing thru the halls of Turnbull; the fire-place in the library; the click of ping-pong balls against the table; cars in haphazard rows in the parking lot; laughter resounding through an open upstairs window in the dorm; the serious expression on the librarian's face as she sits at her desk; the rhythmic tap-tapping of the typewriters in the office; coffee and mid-morning "gab sessions" in the cafeteria; Mr. Fryer's grimaces as he lectures the Psychology class; bright colored knee-socks and leotards on the legs of the coeds; the gurgling brook in front of Turnbull Hall; the girls' gym lockers crammed with gym suits, books, and lunches; a book lying on a window sill, seemingly forgotten; the long stream of cars moving slowly down the driveway at 5:20 after the three hour Chemistry class.

## All in a Semester

Bewildered freshmen getting acquainted—mass confusion on registration day—"Tke" makes a big hit (especially with the girls)—"Oh, wonderful tree where are you?"—Katie really goes out for Student Council campaign—classes begin—Doc Smith starts botany labs with leaf gathering sessions—history students plan never to miss a lecture—co-eds are glad to know Mr. Hover is a bachelor—Jim Higgins plans a car pool—homework produces many sobs and sighs to adjustment—Linda Steiner makes a stunning Homecoming Queen—"Put down that hammer or I'll smash your head in!"—raccoon

coats and leotards—from high school kids to college men and women—"Egor" emceeds the delightful Pumpkin Prance—lounge kibitzers become bridge experts that really live in trees—many join the Jazz Club after the first meeting—Inside Shelly Berman proves a hit with everyone—Mr. Lane meets Carl Sandburg—Larry Johnson scores high in mid-semester grades—dreams of Mr. Thurbon and a snow goose—sweethearts meet after Thanksgiving vacation—draining the pool means winter's on the way—basketball games highlight the sports scene—first snow turns the campus into a wonderland—

## Tale of Two Cities!

Among Western Hemisphere cities with the largest per capita enjoyment of Coca-Cola are, interestingly enough, sunny New Orleans and chilly Montreal. When we say, "Thirst Knows No Season," we've said a cheerful mouthful.

So don't take any lame excuses about its not being hot enough for Coca-Cola. Forget the temperature and drink up!

SIGN OF GOOD TASTE
