Dan Moore To Speak On "Spy Warfare" Today

"Spy Warfare Today" will be the topic discussed by Dan T. Moore at the common hour program, April 7.

Dan Moore has had an almost legendary career in the "cloak and dagger" profession. Dan was educated at Sheffield Scientific School of Yale, Stock Exchange Institute, New York University in Finance, George Washington University in Law, and was a graduate of the Fort Benning Parachute School.

During World War II he served as Executive Assistant to the Chief of X-2 Counter-Intelligence in Washington, and later as Chief Liaison Officer between X-2, OSS, FBI and State Department. He was then assigned to the Middle East, where from his office in Cairo, Egypt, he headed counter-intelligence operations. In his lec-

experiences in this dangerous profession. He traveled the countries and islands of this vast area in search of enemy agents. He has an amazing story to tell of these man-hunts and of Allied and Russian spy warfare and its importance in our present tense situation. In 1944 he headed a mission to King Ibn Saud of Saudi Arabia.

Regional Administrator of the Securities and Exchange Commission for Ohio, Michigan, and Kentucky, he headed the much-publicized clean-up of security and other frauds in that area from 1937 to 1943; jailed scores of racketeers; had his life threatened many times; and participated in many spectacular investigations and trials. It was undoubtedly his work in the field of frauds and confidence games which caused his appointment as chief of counter-intelligence in the Middle East.
