Annual Homecoming Held October 7

Educational Films Presented

By Film Arts Society

A series of exceptionally fine films will be shown this year at the Penn International Theatre in Wesleyville in cooperation with the Film Arts Society. The series of Film Arts movies, heretofore unavailable for showing to the smaller communities, include *Blue Murder at St. Trinian's*, *Nights of Cambria*, October 27-28, and *Grande Illusion*, November 3-4. All Film Arts showings will be presented at 7:30 and 9:30 p.m. on Fridays and Saturdays only.

The Film Arts Society is an or-

ganization originated through the efforts of a group who felt the need for an informed appreciation of the motion picture, as well as the opportunity to view films of distinction and cinematographic excellence. The society felt that many films of genuine artistic quality failed to reach the vast potential audience of this country. In order to meet the growing demand for such motion pictures, the Film Arts Society offers a varied program of the world's finest achievements and will present many films

Behrend Campus' annual homecoming was held on Saturday, October 7, with a soccer game with Grove City heading the list of the day's festivities. Although Behrend lost its opener, they did remarkably well under the overwhelming conditions, losing the game 4-0.

that are rarely seen in America.

The regular admission charge of all Film Arts showings is 99 cents per person. However, a membership coupon book can be purchased at the theatre for three dollars. This membership enables the member to view any of the films for half price. The Film Arts member will also receive a free subscription to "Film Notes" which is a weekly publication featuring a critical analysis of the week's film.

The squad went on the field after only nine days of practice and having only two experienced players on the squad, while Grove City used several experienced players. This soccer game marked the first inter-collegiate competition in Erie County, and was viewed by close to 200 spectators.

An hors d'oeuvre buffet was served to the visiting alumni of the day. The alumni made good use of the swimming pool and were shown Behrend Campus' new Science Building.

A dance, with the crowning of a new queen, was held in Erie Hall and was the highlight of the evening. Earl Yeager was in charge of the dance; Arden Kunkel was the head of the decorating committee; Dennis Conrath was the head of the queen selection committee.

Erie Hall was festively decorated with an Indian Summer theme. Corn shocks and pumpkins greeted the Behrend students and alumni in the lobby. In the gymnasium, a tulip tree, 30 feet high, with a wishing well under its boughs, dominated the center of the dance floor. Corn shocks and pumpkins separated the dance floor from the tables, which lined both sides of the gymnasium. Japanese lanterns gently swung over the tables. The queen's throne was set in a corner of Erie Hall.

The Gene Parlette orchestra provided the music for the dance. Later in the evening, Miss Carol Page, a freshman in Liberal Arts, became Behrend's 1961 Homecoming Queen. The throne was relinquished by Sophomore Leigh Kookin. The queen's court consisted of Miss Margaret Rief, a freshman in Home Economics, and Miss Sue Moorehead, a sophomore in Liberal Arts. Approximately 70 alumni and 150 students attended the dance.

Behrend Cubs Invade Fredonia

BEHREND CAMPUS' NITTANY CUB SOCCER ELEVEN invades the Empire State this afternoon, October 23, to take on the Fredonia State Teachers' Blue Devil junior varsity in what has to be the biggest soccer game the Cubs have ever played.

Just one week ago today, the Fredonia varsity, fast becoming one of the better soccer squads in all of New York State, clashed

with the Army "B" team at West Point after stopping such perennial powerhouses as Allegheny College and Buffalo State. The western New Yorkers, under the leadership of Coach Patrick Damore, are members of the New York State Intercollegiate Soccer Conference. They have tabulated a better than .500 won-lost percentage in just three short seasons of intercollegiate

soccer play.

Although the Nittany Cubs have to be rated the underdogs in this battle, they have been outstanding in practice as of late. If they are able to come up with that all-important first score, there could be no stopping them. Let's go all out for "Operation Upset" and what could prove to be the curtain raiser on a Behrend Campus association football upswing.

"Architecture Today"

First In Faculty

Artist Series

The first in a faculty artist series will be held November 2 at Erie Hall.

Dr. Winston Weisman, professor of architectural engineering at Penn State, will be the first speaker in a faculty series which will be held on Thursday, November 2, at 8 p.m. in Erie Hall. He will speak of "Architecture Today."

Other programs of the series will deal with painting, in which presentation there will be an actual demonstration by three artists.

Other programs will be based on music.

Dr. Weisman's talk will appeal to the entire student body. He has been enthusiastically received at associate and baccalaureate degree campuses. All students are urged to attend and to bring anyone who may be interested.

THEY WERE FIRST

Dr. Elizabeth Blackwell was the first woman to graduate in medicine in the United States and the first baby she delivered, Mary B. Hussey, grew up to become a doctor and the first life member of the Medical Women's International Association.

McAllister New

President Of SGA

At the first meeting of the Behrend Campus Student Government Association, held on Tuesday, Oct. 17, election of officers was held. Alan McAllister is the new president. Dale Black was elected vice-president, Jerry McMahon is treasurer, and Sally Woolworth is secretary. Helen Rovegno is corresponding secretary and Bob Williams is activities chairman. Traffic Court is composed of the president, vice-president, Helen Rovegno, Terry Copeland, and Henry Hess.
