

### Klub Corner

Under the leadership of many groups with the reading of Dylan Behrend instructors the various Thomas' "Under Milkwood" as the organizations and clubs have been first attempt.

The Photography Club, under the direction of Mr. Patterson, and the Astronomy Club, under Mr. Baker, have had meetings but nothing has been definitely planned.

The Chess Club, under Mr. Baker, had a get-together meeting during the first week of classes. The possibility of chess-by-mail with the other campuses was discussed. Anyone interested should contact Don Cameron or Mr. Baker.

Some of the clubs are just getting started, others are very active. They all need the support of the student body in order to be successful.

A Music Club is being formulated under the direction of Mr. Hover. The group will include all those interested in listening to and discussing classical music. It will meet unless there is a program scheduled for Common Hour.

The Literary Club met October 19. The main purpose of the club is the publication of Icarus. They are also sponsoring the sale of Circa, the Penn State Literary magazine, which is on sale at the desk for 35 cents.

The Dramatics Club plans a production of Maria Stewart and possibly the musical, The Boyfriend. There will also be script-in-hand

### From Dean's Desk

By M. J. F.  
McGraw-Hill Book Company publishes each month a magazine entitled Technical Education News which is distributed to colleges throughout the United States and Canada. Behrend Campus officials have been advised that they plan to use a photograph of the model

### Chenne

In this first issue, my friends on THE NITTANY CUB have asked me to introduce myself. My name is "Chenne," which is supposed to mean "dog" in French. My name is also a Behrend tradition, and for many years I've written this column for the CUB. Since I am a dog, I'm often snooping around where you least expect me, and I especially like to go for walks late at night to see what people are doing with whom. As a matter of fact, I noticed that Lyn Fink would

of our new Classroom-Laboratory Building on the cover of the November issue.

Students are reminded that according to University regulations any student may sit in or audit any class for which he is not enrolled if it is agreeable to the Professor teaching that particular class.

Mid-term grades will be due Monday, October 30.

Mr. Kochel was appointed by President Walker to represent the University and the American Association of Land Grant Colleges and Universities at the inauguration of Dr. Chauncey Bly as President of Thiel College on the 30th of September.

Mr. T. E. Campbell is serving two weeks Naval Reserve training duty in Washington, D. C. He will return to Behrend on the 30th of this month.

definitely be in favor of Bob Williams' speech concerning mattresses on the ping pong tables so that she could sleep while waiting for Tom Irish to return from soccer practice. Then there was all that screaming in the girls' dorm the other night when the windows kept going up and down with no reasonable explanation other than an attempted pantie raid. I wonder just how disappointed the girls were when they discovered that some of the girls were up in the attic pulling on the weights that were connected to the windows.

That was quite a party the kids had at Cole's Beach Saturday night. Congratulations to Sally Woolworth for being the champion "chug-a-lugger" and our sincere regrets to Judy Wilcox, who didn't quite make it. Our best wishes to Jerry McMahon and Flossie Galley on going steady. It's too bad for you, Flossie, that Tracy Freeman still has Jerry's ring.

From behind the bushes I have discovered that Maggie Rief is slowly but surely falling for Earl Yeager, even though she claims she only has room in her heart for her "Jimmy." After all, a kiss is just the start of things.

During my afternoon stroll near the Chem Lab., I was startled as I looked in the window and discovered Tom MacAllister beating on his burning sleeve. Somehow or another he leaned over a Bunsen burner. Well, you know the rest... My master just called, so I had better "make the scene."

CHENNE

### Fall 1961 Enrollment Figures

The Fall enrollment figures for the Behrend Campus are greater than last year's and are as follows:

Drafting & Design Technology—Freshmen	33		
Sophomores	28		
Part-time	6	67	
Production Technology			1
Electrical Technology			
Freshmen	21		
Sophomores	16		
Part-time	4	41	109
Baccalaureate Degree (Men)	Freshmen	88	
(Women)	Freshmen	48	
(Women)	Special	1	137
(Men)	Sophomores	31	
(Women)	Sophomores	10	
(Women)	Part-time	2	43
			180
			289

Graduate Class Enrollments			
E. Mch. 407—Numerical Methods of Analysis		11
