

BEHREND WINTER CARNIVAL BOBSLEDDING TO SUCCESS

Lynda Saubel and Candy Shedd gave a preview of Winter Carnival events with their snow replica of a . . . (?). Snow sculpturing is one of the many activities planned for this year's carnival.

Dancing, Winter Sports Fatten Heavy Agenda

Judging from the snow, winter is here to stay, and Behrends SGA is doing something about it.

Saturday, February 2, is the date set for Behrend's annual Winter Carnival, this year to be held in conjunction with the Perry Sesquicentennial in Erie.

One thousand flyers advertising Behrend's Winter Carnival will be distributed in Erie inviting the public to the dance, "Winter Carnival '63."

Tickets for the dance are available in the SGA office at \$75 per person, advance, and \$1.00 at the door. Tickets also may be pur-

chased at the Sesquicentennial office, 723 State St. in Erie.

From 9 to 12 p.m. Carnival goers will dance to the music of Dom Fosco's "Dimensions." At 10 p.m. the King and Queen of Erie's Winter Carnival will arrive to hold court.

Various refreshments will be served during the day at Erie Hall and the Student Lounge for hungry and thirsty students. For during the Carnival day, activities such as skiing, sledding and tobogganing, tumbling and a sculpture contest have been planned.

SGA representatives responsible for this year's carnival are Robert Ropelewski, general chairman of the Winter Carnival; Mike Ropelewski, general chairman of the Winter Carnival dance; Gene Wood, physical plant and decorations chairman; Robert Williams, booth display and clean-up chairman; John Thompson, refreshments chairman; Dave Craley, publicity chairman; Don Barney, student co-ordinator; and Jim Runzo, chief supernumerary.

BEHREND CAMPUS—The Pennsylvania State University

Monday, January 21, 1963

State Ranks Thirteenth In Nation

Penn State now ranks 13 in the nation in full-time enrollment, it was reported recently. Current enrollment is 23,584-17,668 at University Park and 5,916 at the Commonwealth Campuses. The faculty itself numbers nearly 2,000.

University Graduates total 85,466-43,000 of whom live and work in Pennsylvania.

The University's budget for a single year is now approximately \$66,800,000—30 per cent of which comes from the State, 18 per cent from the Federal government, 23 per cent from tuition, 20 per cent from auxiliary earnings, and 9 per cent from miscellaneous sources.

The entire physical plant is currently valued at \$153,000,000. The University Park Campus is located on a tract of 4,436 acres of which 389 acres are used for classroom and office buildings, laboratories, and residence hall.

Research carried out during 1961-62 included more than 1,700 individual research projects which cost over \$14,277,619. Funds came from the Federal government (61 per cent), the State government (20 per cent), and industrial and private sources (19 per cent).

Degrees conferred by the University during 1962 numbered 2,951 baccalaureate, 930 advanced (doctors and masters), and 449 two year associate.

Gus Pulakos, Archeologist Shows Films

Films of his archaeological expeditions to the Holy Land, Rome and Greece highlighted a lecture given on January 7 by Mr. Gus Pulakos, prominent Erie businessman and recognized amateur archaeologist.

With the assistance of his as-

Seventy-Six Achieve Honors

Nineteen students scored Dean's List averages last term, while 57 others attained Honor Roll standings.

Dean's List students were: D. Anstrom, 4.00; E. Kelly, 4.00; G. Nagorski, 4.00; J. Thompson, 4.00; D. Barney, 3.92; R. Kiehl, 3.83; M. Krahe, 3.83; R. Sullivan, 3.70; K. Pierce, 3.69; C. Schaff, 3.67; R. Schearer, 3.67; T. Ralston, 3.64; R. Nevel, 3.64; F. Lyons, 3.58; M. Naculich, 3.58; M. Simmons, 3.58; W. Sample, 3.50; R. Shadle, 3.50; M. Shea, 3.50.

Those on the Honor Roll were: W. Beal, 3.42; L. Bennett, 3.00; R. Bilski, 3.40; F. Cady, 3.27; M. Canfield, 3.00; V. Cerroni, 3.36; R. Chaklos, 3.00; W. Conley, 3.25; D. Craley, 3.00; E. Doyle, 3.27; B. Duda, 3.25; R. Elder, 3.25; R. Elmendorf, 3.31; R. Feltenberger,

J. Flanagan, 3.00; J. Golem-beski, 3.33; F. Grabowski, 3.17; L. Hall, 3.09; P. Harris, 3.27; R. Harrison, 3.08; J. Haupt, 3.09; S. Hazen, 3.00; C. Herbold, 3.17; R. Herman, 3.27; W. Himebaugh, 3.00; E. Hitch, 3.33; R. Hopkins, 3.00; E. Hornaman, 3.25; R. Howell, 3.30; P. Jueschke, 3.17; G. Klemushin, 3.27; G. Kuntz, 3.00; C. Luschwitz, 3.27; J. Luschwitz, 3.33; G. Mergler, 3.15; S. Miller, 3.00; J. Nathansohn, 3.09; E. Reichard, 3.36; N. Rogers, 3.00; M. Ropelewski, 3.00; M. Ross, 3.00; J. Runzo, 3.25; G. Rupert, 3.00; W. Sanko, 3.17; D. Scovel, 3.18; C. Shedd, 3.40; M. Shine, 3.20; N. Smith, 3.30; M. Smith, 3.45; L. Sybrandt, 3.23; J. Totten, 3.27; M. Wagner, 3.44; S. Whipple, 3.00; R. Williams, 3.33; B. Winslow, 3.33.

Considering the fact that this year's enrollment is higher than any in the past, the number of Dean's List enrollees is not up to par. Fullest Dean's List of recent years occurred last spring when 31 students won this distinction. At that time, total enrollment was less than 275. Second highest list was reached in spring of 1960, with a total of 20. Enrollment then was less than 270.

Last term's Honor Roll, however, must be applauded. With a list of 57, it was Behrend's largest. Closest competitor — again—was last spring's, with 52.

All of those, however, who attained either Dean's List or Honor Roll standing deserve praise and congratulations for their admirable achievement.

sociate, Professor Paul Peterson of Gannon College. Mr. Pulakos narrated thoroughly each film while commenting on his own personal impressions and experiences.

In the Holy Land were seen such religious monuments as the stone slab on which the body of Jesus Christ was believed to have been laid after being removed from the cross, the rock which closed his tomb, the path of his death march, and the tomb of the Blessed Virgin Mary.

A film tour of Rome showed the famous St. Peter's Cathedral, the Arch of Constantine, and the Coliseum, each shown and studied to a greater extent than is usually done on film.

Being himself a native of Greece, Mr. Pulakos' films of Greece were quite impressive, showing many of the archaeological excavations being conducted in that country. Interesting to note is the fact that most excavations being carried out in Greece are financed and supervised by outside countries and universities, including many American universities.

Also included were shots of the locations of the filming of such movies as Gun of Navarone and Boy On A Dolphin.

Mute evidence still remains of the tremendous snow storm that buried the Behrend Campus under several feet of drifted snow during the Christmas vacation. Has anyone seen the swimming pool lately?

4 Members Appointed by S.G.A.

Four new student government representatives were appointed at last week's SGA meeting to fill vacancies created earlier this term.

The four were: Alice Ann Bachman (3rd, A and L), Paul Brown (5th, L.A.), Patricia Casinelli (2nd, A and L), and Patricia Coggeshall (2nd, H. Ec.).

Other candidates for the four openings were: William Bethune (2nd, D.D.T.), Ivan Coene (5th, D.D.T.), Raymond Elder (2nd, E.E.T.), Mary Jean Ferguson (5th, H. Ec.), Paula Harris (2nd, A and L), and Gary Mead (2nd, E.E.T.).

Because the SGA felt that all the candidates offered excellent qualifications, it was necessary to take two ballots in order to select the four finalists.

The new members will serve on the council until the third week of the spring term when regular elections will be held to choose four carry-over members for next year's SGA.

At that time, four additional members will be selected to fill the four temporarily filled vacancies with permanent members until the end of the spring term.

Scripts Sought For Lit Annual

The Behrend Campus Literary Club recently established a deadline for the submitting of manuscripts for publication in its annual creative writing magazine—*Icarus*. Although the Club has not released the exact date of the deadline, the word is—"soon." Any student who wishes to contribute creative writing of any sort—poetry, short stories, articles, essays, humor—should start working now toward that end. In the case of the Literary Club the word "soon" is nearly synonymous with "a number of weeks." Students realize by now that weeks pass fleetingly at college. Thus they are urged to prepare now to avoid the disappointment of finding themselves with no time remaining and their good intentions come to naught.

Students interested in leafing through a copy of last year's colorful *Icarus* can find copies of the magazine on display in the west wing of the library. The content of this most recent issue is primarily poetry. But for the new year the Literary Club is hoping to receive a variety of works. Those manuscripts to be published by the Club will be selected and edited by a special board of its members.

The title *Icarus* was bestowed upon the creative writing magazine when Dean B.A. Lane was advisor to the Literary Club. If one remembers from his instruction in Greek mythology, *Icarus* was the son of Daedalus, the personification of all handicrafts and of art. Using a pair of wax and feather wings made for him by his father, *Icarus*, though repeatedly warned, flew too close to the sun and as a result fell into the sea and drowned when the heat melted the adhesive in his feathered limbs. It is hoped, however, that Behrend's *Icarus* meets with a fate more distinguishable.

All manuscripts may be submitted to John R. Thompson, President of the Literary Club, or to Mr. Gordon Wilcox, advisor.
