

Duane Meade, Art Thornton and Marty Pennington get in shape for the physical fitness program to begin at Behrend during the Spring Term.

## Behrend to Take Part In Physical Fitness Program

In keeping with President Kennedy's physical fitness program and his recent challenge to Teddy Roosevelt's "50 miles in 20 hours," Behrend has come forward to meet the challenge. Considering the size of the campus, 50 miles is certainly out of the question: as is 50 feet, 25 feet, etc. Instead several startling changes will take place at the beginning of Spring Term.

1. No more entering the Otto F. Behrend Science Building from the front and side entrances. Instead, students will be required to climb an anchor chain to the roof, at which time they will enter a weighted trap door.

2. The corridors will have a barbed wire obstacle course complete with audible cadence count, and the only clear area will be around the Faculty Offices.

3. Vertical spears will be imbedded in the stair-well to the Library, and students will have to swing up and down on inclined parallel bars.

4. The lounge will be changed into a gymnasium, and a vigorous physical program will be initiated, (co-ed wrestling, chandelier swinging, and Santa Claus-type chimney sliding).

Of course the faculty will be there to make this experiment a big success:

Mr. Bedford will design the

floor-plan layout for the gym. Mr. Brown and Mr. Baker will design and construct the intricate mechanisms which will complete the gym equipment. Mr. Hover will supply ultra-high-fidelity back-ground music which will be mainly Lawrence Welk and the Bach Choir. Mr. Patterson will give instructions in Advanced Chandelier Swinging.

After the program is in full swing, Mr. Fryer will take a time study of each man and will also be concealed in a booth with one-way, unbreakable glass taking notes for his book to be entitled, "I Haven't Laughed So Hard Since My Dog Died."

Mr. Balmer will be in charge of gym posters such as: Ignorance Is Strength, Two and Two Make Five, No Smoking, Men's Room, etc.

Mrs. Lilliman will stand-by with stretchers, resuscitator, a portable operating table, wheel chairs and bandages.

Mr. Wilcox will work together with the secretarial staff in gathering data, and Dean Lane will compile a concise 15,000 word report complete with an index, an appendix and footnotes.

**ASK NOT WHAT YOU CAN DO FOR YOUR BODY, BUT RATHER WHAT THE UNDERTAKER WILL DO WITH IT!**

## Beauty and The Ugly Man

Once upon a time there was an Ugly Man who turned out to be Ray Elder. He made his appearance at the Alpha Phi Omega's dance, Heart's Content, February 15.

According to Marty Pennington, each year the Alpha Phi Omega hopes to pick a "new" Ugly Man. "The ugly guys need

recognition, too!" he said.

The Queen of this year's Heart's Content was Linda Hall. And Marty Pennington reports that as soon as Alpha Phi Omega's charter is approved that the winner of the Ugly Man Contest will receive a gift for his contribution to Behrend.

## FACULTY 'FANATICS' IN FINE FORM

Several weeks ago the Faculty Fanatics trounced the student body in a questionable game of basketball just prior to the same sort of contest that saw the camouflaged Dorm Girls and the encumbered Varsity race to a screeching tie. Following these many happy times on the gymnasium floor, nearly everyone migrated to the new student lounge and feasted on pizza and appropriate beverages while twisting to the sounds coming from Gary Mead's stereo set. (The Faculty just sat around looking terribly pleased with themselves.) Several days later, still overwrought with their upset victory, the Faculty challenged the students to a bowling match. Naturally the students accepted: but with final exams quickly approaching, the Faculty appears to be in the driver's seat with this one, too. Wednesday night, March 6, the Students and the Faculty battled one another to a bowling draw. The students won two games while the Faculty took a game and total pins.

Five Faculty Fanatics got their names in the scorebook in their win over the students, but this was not the entire story. First of all, the coach of the students was ejected from the game in the final minutes whereupon the student team completely collapsed and all but gave the game away. Secondly, the spectacular and unorthodox defense of the Faculty had the students fearing for their lives as Peightal and Fryer dived for the

ball time and again. Gallagher, a rookie with a lot of promise, led the offensive attack with twenty-nine points. Mosso and Edwards divided twelve, Kochel added a goal, and Fryer dropped in a free-throw. Forty-four to forty was the final score. For the students Willi Schickhaus ripped the nets for fourteen followed by Dave Cikoski's nine. Joe Holmwood added six with Miller, Clark, Sorenson, and Lyle accounting for two each. Other students who played were John Carlow, Dale Anderson, Duane Mead, and Ed Hitch.

In the Dorm-Varsity contest, only a last second basket by the Varsity prevented the Dorm from claiming an embarrassing upset. The game was an uncouth affair with many penalties throughout which caused it to end up in a tie—much to the surprise of everyone. Twenty-four to twenty-four was the final score. Strangely enough, the scorebook shows that everyone involved scored one point apiece. Those who took part were Candy Shedd, Eileen Boyer, Linda Breslow, Pat Coggeshall, Sally Davidson, Ellen Friedenberg, Lana Harding, Sandy Zierdt, Surellee Tosher, Kathy Brinsfield, Mary Nucciarone, and Vicky Rubino. Fellows were Sam Heller, Joe Haser, Larry Loftus, Terry Kennedy, Mcl Ross, Bob Ropelewski, Ray Morin, Rocco Agostini, Bill Sanko, Doug Prozan, Tom Apke, and Bob Vicander. Various SGA members co-ordinated.

## Transportation Committee Organized on Campus

The S.G.A. has formed a transportation committee to provide rides to Wesleyville or Erie for the dorm girls. This pertains particularly to rides into Erie on Friday night and transportation to town on Saturday. It is up to the girls to set the time of departure and to contact one of the members of the committee, so that arrangements can be made about who will take the girls in, where they want to go, and what time and where they would like to be picked up.

The members of the committee are: Pat Coggeshall, chairman; Alice Bachman, Pat Cassinelli, Elaine Doyle, Barb Hahn, Bill Bethune, Chris Cone, and Ray Elder.

Chuck Shaff is driving the

school car to and from Erie, on Saturdays. This is to provide a ride for those dorm girls who have shopping to do and need a way into Erie.

On Monday, February 25, the Red Cross, under the chairmanship of Mary Shine, took a group of students to the Zem Zem Children's Hospital to entertain. The transportation committee and Alpha Phi Omega made sure that everyone had a ride.

Pat Coggeshall said she hoped she spoke for all the dorm girls when she voiced the comment, "It's nice to know that now we will be able to get a ride into Erie without having to wait and worry about who's going in. We certainly hope this will continue in the future."
