BEHREND CAMPUS—The Pennsylvania State University

Thursday, April 18, 1963

Sixty-five Achieve Honors

Seventeen students attained the Dean's List, five with straight "A" term averages, while 48 others

Enrollment Drops at PSU

At least 18,849 students have enrolled at Penn State for the Spring Term, registration figures indicate. This is a substantial drop below last year's Spring Term enrollment of 21,337 and also below this year's Winter Term registration of 19,733.

Of the total number of students who have registered, 15,766 are enrolled at the main campus and 3,083 are enrolled at the commonwealth campuses.

Behrend Campus' enrollment has also dropped considerably below its initial Fall Term registration of nearly 350. Present figures indicate that only 283 students have registered for the Spring Term at Behrend. Of these, 190 are in four-year programs while the remaining 93 are in associate degree programs.

Summer Reading Course Offered

Monday, June 17, will begin the six-week course in Reading and Study Improvements for college-bound high school seniors at the Behrend Campus.

The course consists of 80 minutes per day, five days per week, a total of 30 classes. There will be three sections — 8:15 a.m., 10:15 a.m., and 7:00 p.m.

Tuition for the course is \$60. Charges for workbooks or texts are additional but will not exceed \$10.

Emphasis is placed on analysis of problems in reading, study skills, and language habits. Special attention is given to: writing... outlining... note-taking... preparation for exams... and taking exams.

This course will also be offered at Oil City, beginning June 24, at 9:00 a.m., at the Oil City Senior High School and in Warren, Penna., beginning June 24, at 9:00 a.m., in the Warren Senior High School.

Industry Seeks Asst. Degree Students

Once again this year considerable interest has been shown by industry, both local and national, in seeking graduates of the Associate Degree program. Thus far the following companies have either interviewed the graduates or will do so in the near future: National Security Agency, Ft. Meade, Md.; Union Iron Works, Erie, Pa.; Hammermill Paper Company, Erie, Pa.; I.B.M., Inc., Endicott, N.Y.; Babcock & Wilcox Corporation, Barberton, Ohio; General Electric Company, Erie, Pa.; Bell Telephone Laboratories, Whippong, N.J.; Copes-Vulcan, Div. of Blaw-Knox, Erie, Pa.; Sandia Corporation, Albuquerque, N.M.; and Hayes Manufacturing Company, Erie, Pa.

Other companies have not as yet made final dates.

scored Honor Roll standings.

Dean's List students were:

Z. Campbell, 4.00; P. Brown, 4.00; C. Schaff, 4.00; M. Shea, 4.00; J. Totten, 4.00; D. Anstrom; A. Bachman; B. Duda; R. Elmen-dorf; F. Grabowski; R. Harrison; R. Howell; E. Kelly; M. Krahe; A. Law; R. Nevel; R. Sullivan.

Those on the Honor Roll were:

R. Agostini; D. Barney; W. Beal; R. Bilski; L. Breslow; P. Casinelli; V. Cerroni; D. Craley; Mrs. G. A. Davies; S. DeBello; E. Doyle; R. Elder; M. Glassman; J. Haupt; R. Herman; W. Hime-baugh; R. Hopkins; E. Horna-man; R. Kiehl; G. Klemushin; G. Loyer; F. Lyons; J. McCall; G. Mergler; S. Miller; M. Nacu-lich; M. Pattison; K. Pierce; T. Ralston; D. Ray; E. Reichard; M. Ross; J. Runzo; W. Sample; R. Samuelson; D. Scovel; R. Shadle; M. Simmons; A. Smith; N. Smith; R. Smith; W. Storer; P. Stossmeister; L. Tripp; J. Vogel; R. Wellington; R. Wil-liams; B. Winslow.

All of those who attained either Dean's List or Honor Roll standing deserve praise and congratulations for their admirable achievement.

Some week soon everyone who plays a role in the academic program of the Behrend Campus may be called together in a mass meeting to discuss a proposed Honor System for the Behrend Campus. Please try to consider what an Honor System would mean to you personally and to Behrend. Basically, a student would give his word and write a special pledge on all written work that he has in no way cheated on that exam, which would not be proctored, or in the preparation of that work. Stiff penalties up to expulsion would be rendered for violations. The system would be totally student operated except, of course, for the final enforcement of penalties. In the next few weeks try to think about such a system. What would it mean to you? What would it mean to Behrend? Can it work here? Is this the answer to the lack of student spirit? Would it make Behrend a real college at last? Think about it.

The Honor System
Committee

SGA ELECTIONS HELD TODAY

Thursday, April 18, elections will be held to elect four carry over members and seven Spring representatives to the Behrend Student Government Association.

Voting will be by paper ballot in the lobby of the Otto F. Behrend Science Building. The issues up for consideration, besides SGA membership, are: constitutional amendments, the class gift fund and the election by the student body of a SGA President for the 1963-64 year.

OSGA Conference At Behrend

On Friday and Saturday, May 17 and 18, Behrend will be host to the regular Spring Business Session of the Organization of Student Government Associations. It will include, among other business, Spring elections for officers of OSGA.

Candidates will give their speeches in room 101 of the Otto F. Behrend Science Building at 9:30 a.m. Thursday and voting will commence immediately after, continuing until 5:00 p.m.

Applications for positions on the SGA will be accepted until 5:00 p.m. Tuesday, April 16.

Behrend SGA President Jim Runzo states that this should be one of the highlights of Behrend's 1962-63 academic year.

STUDENT UNAWARE OF WORLD EVENTS

State College students should be more aware of events outside of the "student world" of the university, Robert J. Trusk, visiting professor in economics, said recently.

There seems to be no desire to be informed about outside events except for developments such as the Cuban crisis, when a direct relationship exists, he pointed out.

The student's interest scope includes those events directly affecting him. Social life seems to be one of the most important interests of students, Trusk noted.

"But this situation exists on many campuses," he said. Students should be more informed since a development of public opinion is necessary with the close involvement of the United States in foreign affairs, Trusk said.

Little or no pressure is exerted on Congress to find out what happens to foreign-aid appropriations, Trusk said. Often representatives are concerned only with budgeting and fighting for more or less money rather than the actual use of the money, he added.

The tendency toward international integration necessitates good communications between the government and the people, Trusk explained.

"Isolationism is a thing of the past."

In discussing the University, Trusk said, the term system has more advantages than disadvantages and that discontent is not a result of the system itself.

"Many students complain pressure results from overloads or because they believe others who say it is bad and then expect it."

However, Trusk said, he is generally impressed with the caliber of students.

Summer Work In Europe

Additional American college students may now be eligible for European travel grants and cash scholarships offered by the American Student Information Service.

ASIS now plans to boost the number of these grants to be given from the original 1000 to 1500.

ASIS has more than 3,000 jobs available throughout Europe. Examples of jobs are life-guarding and waiting on tables at Swiss resorts, camp counseling at French children's camps (some of which are in the Paris area); construction work at international student work camps on the Spanish Costa Brava; farm work in England's 'Robin Hood' country and on Israeli Kibbutsim near the Sea of Galilee; teaching English to children of Finland's leading families; working at a Swedish seaside resort; farm work in Norway; and high-paying factory and construction jobs throughout West Germany. Wages range from \$190 a month for the highest paying positions in Germany to only room and board in Spain.

Although ASIS offers complete arrangements with a round-trip scheduled jet flight, students are free to make their own travel arrangements. ASIS expects that many students participating in college charter flights will also want summer jobs in Europe.

ASIS, the only organization offering summer jobs in Europe to American students on a large scale, has placed thousands of students in eleven European countries during the past five years.

For a complete 20-page Prospectus, a complete selection of summer jobs in Europe, and a job application form (enclose \$1 for Prospectus, handling and airmail reply) write: Dept. C, ASIS, 22 Avenue de la Liberte, Luxembourg City, Grand Duchy of Luxembourg.

chestra, lecture-demonstrations, performances in neighboring communities, television performances, plus the resident Ballet Company for Chautauqua Opera Season 1961, 1962, and 1963, fill this young Company's busy calendar.

This is Ballet!

Behrend students will have the opportunity to increase their cultural background when a lecture and demonstration on ballet is given tomorrow night at 8 in Erie Hall.

Students and the public are invited free of charge to attend "This Is Ballet," a program presented by the Erie Civic Ballet Company featuring The Pas de Quatre, four Tchaikowsky variations, and Tom Sawyer.

The first half of the program will consist of a lecture and demonstration by Mrs. Statia Sublette, Artistic Director of the Erie Civic Ballet and Erie Civic Ballet Corps, in which she will demonstrate the various dance steps used in ballet and trace the history of these steps and the ballet itself from its beginning to the present day.

The second half of the program will consist of three ballets by the Corps:

Tom Sawyer will represent contemporary-narrative ballet.

The Pas de Quatre will represent the romantic ballet.

The Tchaikowsky variations will represent the classic ballet.

The four variations are:

The Silver Fairy from the Sleeping Beauty Ballet; Red Riding Hood and the Wolf from the Sleeping Beauty Ballet; Puss in Boots from the Sleeping Beauty Ballet; and The Dance of the Mirlitons from the Nutcracker.

The Erie Civic Ballet Company was founded by Statia Sublette in 1957. The Company has a fall and spring season when it performs traditional and original works in ballet and modern dance. Special children's matinees, youth concerts with the Erie Philharmonic Or-
